**United States Patent and Trademark Office (USPTO)  
Office Action (Official Letter) About Applicant's Trademark Application**

**U.S. Application Serial No.** 97120551

**Mark:** FORWARD PROGRESS LOGISTICS LLC

**Correspondence Address:**

SHORTER, ERIC  
699 MARTIN LAKES DR E  
JACKSONVILLE FL 32220 UNITED STATES

**Applicant:** SHORTER, ERIC

**Reference/Docket No.** N/A

**Correspondence Email Address:** [152244PPYN5xcJC5@relay.trademarkengine.com](mailto:152244PPYN5xcJC5@relay.trademarkengine.com)

**NONFINAL OFFICE ACTION**

**The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned.** Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

**Issue date:** August 24, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R.

§§2.62(a), 2.65(a); TMEP §§711, 718.03.

## **SEARCH OF USPTO DATABASE OF MARKS**

The trademark examining attorney searched the USPTO database of registered and pending marks and found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

## **SUMMARY OF ISSUES:**

- Identification of Services
- Disclaimer Required

## **IDENTIFICATION OF SERVICES**

The identification of services is indefinite and must be clarified because the nature of the services is unclear. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01.

The wording “conslutig” in the identification of goods and/or services appears to be misspelled and is thus indefinite; the spelling must be corrected or the wording further clarified. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01(a). Applicant may substitute the following wording for the incorrect spelling, if accurate: “consulting.”

Applicant must correct the punctuation in the identification to clarify the individual items in the list of goods and/or services. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01(a). Proper punctuation in identifications is necessary to delineate explicitly each product or service within a list and to avoid ambiguity. Commas, semicolons, and apostrophes are the only punctuation that should be used in an identification of goods and/or services. TMEP §1402.01(a). An applicant should *not* use colons, periods, exclamation points, and question marks in an identification. *Id.* In addition, applicants should not use symbols in the identification such as asterisks (\*), at symbols (@), or carets. *Id.*

In general, **commas** should be used in an identification (1) to separate a series of related items identified within a particular category of goods or services, (2) before and after “namely,” and (3) between each item in a list of goods or services following “namely” (e.g., personal care products, namely, body lotion, bar soap, shampoo). *Id.* **Semicolons** generally should be used to separate a series of distinct categories of goods or services within an international class (e.g., personal care products, namely, body lotion; deodorizers for pets; glass cleaners). *Id.*

Thus, applicant should replace commas between the distinct categories of services with semicolons in the identification of services.

Applicant may adopt the following identification, if accurate:

**Class 39:** Cargo Transportation; dispatch services, **namely, brokerage and coordination of freight and transportation services for goods; consulting services in the field of \_\_\_\_** {specify Class 39 field, e.g., cargo transportation, freight brokerage, shipping of goods, etc.}

Applicant may amend the identification to clarify or limit the goods and/or services, but not to broaden or expand the goods and/or services beyond those in the original application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted goods and/or services may not later

be reinserted. *See* TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). *See* TMEP §1402.04.

### **DISCLAIMER REQUIRED**

Applicant must disclaim the wording “LOGISTICS LLC” because it is merely descriptive of a characteristic of applicant's services and the legal structure of applicant's business. *See* 15 U.S.C. §1052(e)(1); *DuoProSS Meditech Corp. v. Inviro Med. Devices, Ltd.*, 695 F.3d 1247, 1251, 103 USPQ2d 1753, 1755 (Fed. Cir. 2012); TMEP §§1213, 1213.03(a).

First, the attached evidence from Lexico shows that the wording LOGISTICS means the commercial activity of transporting goods to customers. *See* attached definition. The attached evidence from Cargo Logistics International, Ryder and Worldwide Logistics Group establishes that third-parties commonly use this wording in connection with service similar to those provided by applicant. *See* attached website screen captures. Thus, the wording LOGISTICS merely describes applicant's services because a characteristic of the services is that they involve the commercial transportation of goods.

Applicant must also disclaim the abbreviation “LLC” because it merely designates the legal character or family business structure of an entity and does not indicate the source of applicant's services. *See* 15 U.S.C. §§1051-1053, 1127; *In re Piano Factory Grp., Inc.*, 85 USPQ2d 1522, 1526 (TTAB 2006); *In re Patent & Trademark Servs., Inc.*, 49 USPQ2d 1537, 1539-40 (TTAB 1998); TMEP §1213.03(d).

Business type designations and abbreviations such as “Corporation,” “Inc.,” “Company,” “LLC,” and “Ltd.” or family business designations such as “& Sons” or “Bros.” must be disclaimed, because they merely indicate applicant's business type or structure and generally have no source-indicating capacity. TMEP §1213.03(d); *see, e.g., Goodyear's India Rubber Glove Mfg. Co. v. Goodyear Rubber Co.*, 128 U.S. 598, 602-03 (1888); *In re Piano Factory Grp., Inc.*, 85 USPQ2d at 1526; *In re Patent & Trademark Servs., Inc.*, 49 USPQ2d at 1539-40.

The wording LLC appears in the applied-for mark. Therefore, LLC must be disclaimed because it merely indicates that applicant's business structure is a limited liability company and does not indicate the source of applicant's services.

Applicant may respond to this issue by submitting a disclaimer in the following format:

**No claim is made to the exclusive right to use “LOGISTICS LLC” apart from the mark as shown.**

For an overview of disclaimers and instructions on how to provide one using the Trademark Electronic Application System (TEAS), see the [Disclaimer webpage](#).

### **RESPONSE GUIDELINES**

**Response guidelines.** For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action. For a refusal, applicant may provide written arguments and evidence against the refusal, and may have other response options if specified above. For a

requirement, applicant should set forth the changes or statements. Please see “[Responding to Office Actions](#)” and the informational [video “Response to Office Action”](#) for more information and tips on responding.

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.
