NONFINAL OFFICE ACTION

Issue date: August 28, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SEARCH OF USPTO DATABASE OF MARKS

The trademark examining attorney has searched the USPTO database of registered and pending marks and has found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

SUMMARY OF ISSUES:

- A. Section 2(e)(4) Refusal -- Primarily Merely a Surname
- B. Specimen Refusal -- Specimens Do Not Show Use in Classes 8, 9, and 10
- C. Amended Identification of Goods and Services Required
- D. Multiple-Class Application Requirements

A. SECTION 2(e)(4) REFUSAL -- PRIMARILY MERELY A SURNAME

Registration is refused because the applied-for mark is primarily merely a surname. Trademark Act Section 2(e)(4), 15 U.S.C. §1052(e)(4); *see* TMEP §1211.

An applicant's mark is primarily merely a surname if the surname, when viewed in connection with the applicant's recited goods and/or services, "is the primary significance of the mark as a whole to the purchasing public." *Earnhardt v. Kerry Earnhardt, Inc.*, 864 F.3d 1374, 1377, 123 USPQ2d 1411, 1413 (Fed. Cir. 2017) (quoting *In re Hutchinson Tech. Inc.*, 852 F.2d 552, 554, 7 USPQ2d 1490, 1492 (Fed. Cir. 1988)); TMEP §1211.01.

The following five inquiries are often used to determine the public's perception of a term's primary significance:

- (1) Whether the surname is rare;
- (2) Whether anyone connected with applicant uses the term as a surname;
- (3) Whether the term has any recognized meaning other than as a surname;
- (4) Whether the term has the structure and pronunciation of a surname; and
- (5) Whether the term is sufficiently stylized to remove its primary significance from that of a surname.

In re Colors in Optics, Ltd., 2020 USPQ2d 53784, at *1-2 (TTAB 2020) (citing *In re Benthin Mgmt. GmbH*, 37 USPQ2d 1332, 1333-34 (TTAB 1995) for the *Benthin* inquiries/factors); TMEP §1211.01; *see also In re Etablissements Darty et Fils*, 759 F.2d 15, 16-18, 225 USPQ 652, 653 (Fed. Cir. 1985).

These inquiries or factors are not exclusive, and any of these circumstances – singly or in combination

– and any other relevant circumstances may be considered when making this determination. *In re tapio GmbH*, 2020 USPQ2d 11387, at *9 (TTAB 2020) (citing *In re Eximius Coffee, LLC*, 120 USPQ2d 1276, 1277-78 (TTAB 2016)); TMEP §1211.01. For example, when the applied-for mark is not stylized, it is unnecessary to consider the fifth inquiry. *In re Yeley*, 85 USPQ2d 1150, 1151 (TTAB 2007); TMEP §1211.01.

Applicant has applied to register the mark PFGINST in standard characters for use in connection with "tools for use in the field of metalworking by hobbyists" in International Class 8; "tools for use in the field of jewelry" in International Class 9; "tools for use in the fields of dentistry, podiatry, and pedicure" in International Class 10; and "distributorship services in the fields of jeweler tools and equipment; dental tools and equipment; podiatry tools and equipment; pedicure tools and equipment; and hobbyist tools and equipment" in International Class 35.

See the attached evidence from LEXISNEXIS®, establishing the surname significance of "PFINGST." This evidence shows the applied-for mark appearing 158 times as a surname in the LEXISNEXIS® surname database, which is a weekly updated directory of cell phone and other phone numbers (such as voice over IP) from various data providers.

With respect to the first *Benthin* factor, although "PFINGST" appears to be a relatively rare surname, the statute makes no distinction between rare and commonplace surnames and even a rare surname may be unregistrable under Trademark Act Section 2(e)(4) if its primary significance to purchasers is that of a surname. *See In re Etablissements Darty et Fils*, 759 F.2d 15, 16-18, 225 USPQ 652, 653 (Fed. Cir. 1985); *In re Beds & Bars Ltd.*, 122 USPQ2d 1546, 1551 (TTAB 2017); *In re Eximius Coffee, LLC*, 120 USPQ2d 1276, 1281 (TTAB 2016) (citing *In re E. Martinoni Co.*, 189 USPQ 589, 590-91 (TTAB 1975)); TMEP §1211.01(a)(v). There is no minimum amount of evidence needed to establish that a mark is primarily merely a surname. *See In re Etablissements Darty et Fils*, 759 F.2d at 17, 225 USPQ at 653; *In re Beds & Bars Ltd.*, 122 USPQ2d at 1548; TMEP §1211.02(b)(i).

Significantly, with regard to the second *Benthin* factor, the evidence shows that applicant's founder's surname was "PFGINST." As the attached excerpt from applicant's website shows, applicant was founded in 1905 by Adolph Pfingst, and members of Mr. Pfingst's family continue to run the business. A term that is the surname of an individual applicant or that of an officer, founder, owner, or principal of applicant's business is probative evidence of the term's surname significance. TMEP §1211.02(b)(iv); *see, e.g., In re Etablissements Darty et Fils*, 759 F.2d 15, 16, 225 USPQ 652, 653 (Fed. Cir. 1985) (holding DARTY primarily merely a surname where "Darty" was the surname of applicant's corporate president); *In re Eximius Coffee, LLC*, 120 USPQ2d 1276, 1278-80 (TTAB 2016) (holding ALDECOA primarily merely a surname where ALDECOA was the surname of the founder and individuals continuously involved in the business); *In re Integrated Embedded*, 120 USPQ2d 1504, 1507 (TTAB 2016) (holding BARR GROUP primarily merely a surname where BARR was the surname of the co-founder and applicant's corporate officer and GROUP was found "incapable of lending source-identifying significance to the mark"); *Miller v. Miller*, 105 USPQ2d 1615, 1620, 1622-23 (TTAB 2013) (holding MILLER LAW GROUP primarily merely a surname where "Miller" was the surname of the applicant and the term "law group" was found generic).

Furthermore, the word "PFINGST" also appears to have no meaning other than as a surname. Evidence that a term has no recognized meaning or significance other than as a surname is relevant to determining whether the term would be perceived as primarily merely a surname. *See In re tapio GmbH*, 2020 USPQ2d 11387, at *11 (TTAB 2020); *In re Weiss Watch Co.*, 123 USPQ2d 1200, 1203 (TTAB 2017); TMEP §1211.02(b)(vi). The attached evidence from American Heritage Dictionary,

Collins Dictionary, and Merriam-Webster shows that "PFINGST" does not appear in the dictionary. Thus, this term appears to have no recognized meaning or significance other than as a surname.

With respect to the fourth *Benthin* factor, the word "PFINGST" also appears to have the structure and pronunciation of a surname. The attached evidence from LEXISNEXIS® shows that the phonetically similar word "Finks" appears 1,119 times in the LEXISNEXIS® surname database.

Finally, with regard to the fifth *Benthin* factor, the applied-for mark is in standard characters. Thus, the mark does not contain any stylization or design elements that might detract from its significance as primarily merely a surname.

Therefore, the mark is primarily merely a surname and registration is refused pursuant to Section 2(e)(4) of the Trademark Act.

ADVISORY -- APPLICANT'S OPTIONS IN RESPONSE TO SECTION 2(e)(4) REFUSAL

A mark deemed primarily merely a surname may be registered on the Principal Register under Trademark Act Section 2(f) based on a claim of acquired distinctiveness. *See* 15 U.S.C. §1052(f); 37 C.F.R. §2.41(a); TMEP §§1211, 1212. Applicant may respond by asserting a claim of acquired distinctiveness based on one or more of the following:

(1) **Prior Registrations:** Applicant may claim ownership of one or more active prior registrations on the Principal Register of the same mark for goods and/or services that are sufficiently similar to those named in the pending application. 37 C.F.R. §2.41; TMEP §§1212, 1212.04. Applicant may do so by submitting the following statement, if accurate: **“The mark has become distinctive of the goods and/or services as evidenced by the ownership of active U.S. Registration No(s). <insert registration number(s)> on the Principal Register for the same mark for sufficiently similar goods and/or services.”** TMEP §1212.04(e).

(2) **Five Years’ Use:** Applicant may submit the following statement, verified with an affidavit or signed declaration under 37 C.F.R. §2.20: **“The mark has become distinctive of the goods and/or services through the applicant’s substantially exclusive and continuous use of the mark in commerce that the U.S. Congress may lawfully regulate for at least the five years immediately before the date of this statement.”** 37 C.F.R. §2.41; TMEP §1212.05(d); *see* 37 C.F.R. §2.193(e)(1).

(3) **Other Evidence:** Applicant may submit other evidence of acquired distinctiveness (such as verified statements of long term use, advertising and sales expenditures, examples of advertising, affidavits and declarations of consumers, customer surveys), with the following statement, if accurate: **“The evidence shows that the mark has become distinctive of the goods and/or services.”** *See* 37 C.F.R. §2.41; TMEP §§1212.06 *et seq.* When determining whether the evidence shows the mark has acquired distinctiveness, the trademark examining attorney will consider the following six factors: (1) association of the mark with a particular source by actual purchasers (typically measured by customer surveys linking the name to the source); (2) length, degree, and exclusivity of use; (3) amount and manner of advertising; (4) amount of sales and number of customers; (5) intentional copying; and (6) unsolicited media coverage. *See Converse, Inc. v. ITC*, 909 F.3d 1110, 1120, 128 USPQ2d 1538, 1546 (Fed. Cir. 2018) (“the *Converse*

factors”). “[N]o single factor is determinative.” *In re Steelbuilding.com*, 415 F.3d at 1300, 75 USPQ2d at 1424; *see* TMEP §§1212.06 *et seq.* Rather, all factors are weighed together in light of all the circumstances to determine whether the mark has acquired distinctiveness. *In re Steelbuilding.com*, 415 F.3d at 1300, 75 USPQ2d at 1424.

If applicant cannot satisfy one of the above, applicant may respond by amending the application to seek registration on the Supplemental Register. *See* 15 U.S.C. §1091(c); 37 C.F.R. §§2.47, 2.75(a).

Applicant should note the following additional ground for refusal.

B. SPECIMEN REFUSAL -- SPECIMENS DO NOT SHOW USE IN CLASSES 8, 9, AND 10

This refusal applies to Classes 8, 9 and 10, and does not bar registration of the mark in the other class.

Specimen does not show use of the mark in commerce. Registration is refused because the specimens do not show the applied-for mark as actually used in commerce in International Classes 8, 9, and 10. Trademark Act Sections 1 and 45, 15 U.S.C. §§1051, 1127; 37 C.F.R. §§2.34(a)(1)(iv), 2.56(a); TMEP §§904, 904.07(a). An application based on Trademark Act Section 1(a) must include a specimen showing the applied-for mark as actually used in commerce for each international class of goods identified in the application or amendment to allege use. 15 U.S.C. §1051(a)(1); 37 C.F.R. §§2.34(a)(1)(iv), 2.56(a); TMEP §§904, 904.07(a).

Specifically, the submitted specimens depict the applied-for mark on empty packaging. The name of the product is not listed on the packages; rather, only part numbers are provided. Because the nature and proper classification of the goods cannot be discerned from the submitted packaging, the specimens are not acceptable to show use of the mark in commerce in International Classes 8, 9, and 10.

Examples of specimens. Specimens for goods include a photograph of (1) the actual goods bearing the mark; (2) an actual container, packaging, tag or label for the goods bearing the mark; or (3) a point-of-sale display showing the mark directly associated with the goods. *See* 37 C.F.R. §2.56(b)(1), (c); TMEP §904.03(a)-(m). A webpage specimen submitted as a display associated with the goods must show the mark in association with a picture or textual description of the goods and include information necessary for ordering the goods. TMEP §904.03(i); *see* 37 C.F.R. §2.56(b)(1), (c). Any webpage printout or screenshot submitted as a specimen must include the webpage’s URL and the date it was accessed or printed on the specimen itself, within the TEAS form that submits the specimen, or in a verified statement under 37 C.F.R. §2.20 or 28 U.S.C. §1746 in a later-filed response. *See* 37 C.F.R. §2.56(c); TMEP §§904.03(i), 1301.04(a).

Response options. Applicant may respond to this refusal by satisfying one of the following for each applicable international class:

- (1) Submit a different specimen (a verified “[substitute](#)” specimen) that (a) was in actual use in commerce at least as early as the filing date of the application or prior to the filing of an amendment to allege use and (b) shows the mark in actual use in commerce for the goods identified in the application or amendment to allege use. A “verified substitute specimen” is a specimen that is accompanied by the following statement made in a signed affidavit or supported by a declaration under 37 C.F.R. §2.20: “The substitute (or new, or originally submitted, if appropriate) specimen(s) was/were in use in commerce at

least as early as the filing date of the application or prior to the filing of the amendment to allege use.” The substitute specimen cannot be accepted without this statement.

(2) Amend the filing basis to [intent to use under Section 1\(b\)](#) (which includes withdrawing an amendment to allege use, if one was filed), as no specimen is required before publication. This option will later necessitate additional fee(s) and filing requirements, including a specimen.

For an overview of the response options referenced above and instructions on how to satisfy these options using the online Trademark Electronic Application System (TEAS) form, see the [Specimen webpage](#).

ADVISORY -- APPLICANT'S OPTIONS WHEN REFUSAL APPLIES TO SPECIFIC CLASSES

The stated refusal applies to Classes 8, 9, and 10 and does not bar registration in the other class.

Applicant may respond to the stated refusal by submitting evidence and arguments against the refusal. In addition, applicant may respond by doing one of the following:

- (1) Deleting the classes to which the refusal pertains;
- (2) Filing a [Request to Divide Application form](#) (form #3) to divide out the services that have not been refused registration, so that the mark may proceed toward publication for opposition in the class to which the refusal does not pertain. *See* 37 C.F.R. §2.87. *See generally* TMEP §§1110 *et seq.* (regarding the requirements for filing a request to divide). If applicant files a request to divide, then to avoid abandonment, applicant must also file a timely response to all outstanding issues in this Office action, including the refusal. 37 C.F.R. §2.87(e).; or
- (3) Amending the basis for such classes, if appropriate. TMEP §806.03(h). (The basis cannot be changed for applications filed under Trademark Act Section 66(a). TMEP §1904.01(a).)

If applicant responds to the refusal(s), applicant must also respond to the requirement(s) set forth below.

C. AMENDED IDENTIFICATION OF GOODS AND SERVICES REQUIRED

A written application must specify the particular goods and/or services on or in connection with which the applicant uses, or has a bona fide intention to use, the mark in commerce. 15 U.S.C. §§1051(a)(2), 1051(b)(2); 37 C.F.R. §2.32(a)(6). To “specify” means to name in an explicit manner. TMEP §1402.01. An identification that fails to identify the goods and services with specificity is indefinite, either because the nature of the goods or services is not clear or because the wording is so broad that it may include goods or services in more than one class. *Id.* The applicant must identify the goods and services specifically to provide public notice and to enable the USPTO to classify the goods and services properly and to reach informed judgments concerning likelihood of confusion under 15 U.S.C. §1052(d). *Id.*

International Class 8

In this case, the entry for "tools for use in the field of metalworking by hobbyists" in International Class

8 is indefinite and too broad. This wording is indefinite because it does not clearly describe applicant's goods. In addition, this wording could identify goods in more than one international class. Class 8 includes hand-operated tools and implements. Motor-driven tools, such as power tools, are usually in Class 7. Thus, because a "tool for use in the field of metalworking by hobbyists" may be motor-driven or hand-operated, this wording by itself is not sufficient to ensure proper classification. Applicant must identify the particular tools using their common commercial or generic name. If the tool has no common commercial or generic name, applicant must describe the tool(s), its main purpose, and its intended uses.

International Class 9

The entry for "tools for use in the field of jewelry" in International Class 9 is also indefinite. Applicant must specify the particular tools in Class 9 that it provides, using their common commercial or generic name. If the tool has no common commercial or generic name, applicant must describe the tool(s), its main purpose, and its intended uses.

International Class 10

Similarly, the entry for "tools for use in the fields of dentistry, podiatry, and pedicure" is also indefinite. Applicant must specify the particular tools in Class 10 that it provides, using their common commercial or generic name. If the tool has no common commercial or generic name, applicant must describe the tool(s), its main purpose, and its intended uses.

International Class 35

The entries for "distributorship services in the fields of jeweler tools and equipment; dental tools and equipment; podiatry tools and equipment; pedicure tools and equipment; and hobbyist tools and equipment" are indefinite because it appears that applicant has incorrectly used semicolons instead of commas to separate the various fields of its distributorship services.

Applicant must correct the punctuation in the identification to clarify the individual items in the list of services. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01(a). Proper punctuation in identifications is necessary to delineate explicitly each product or service within a list and to avoid ambiguity. In general, **commas** should be used in an identification (1) to separate a series of related items identified within a particular category of goods or services, (2) before and after "namely," and (3) between each item in a list of goods or services following "namely" (e.g., personal care products, namely, body lotion, bar soap, shampoo). *Id.* **Semicolons** generally should be used to separate a series of distinct categories of goods or services within an international class (e.g., personal care products, namely, body lotion; deodorizers for pets; glass cleaners). *Id.*

Thus, applicant should replace the semicolons in this entry with commas, if appropriate.

For each instance requiring additional clarification, the examining attorney has provided an example of an acceptable amendment (or the format therefor) below. If the suggestions below are not accurate, applicant is encouraged to use the USPTO's online Identification Manual (see ID Manual link below) to search for acceptable wording to properly identify the intended goods and services.

EXAMPLE IDENTIFICATION OF GOODS AND SERVICES: The following is an example of an acceptable identification of goods and services that applicant may adopt, if accurate (additions in **bold**).

Class 7

Power-operated tools for use in the field of metalworking by hobbyists, **namely**, *{specify the particular power tools in Class 7, e.g., bits for power drills}*

Class 8

Hand-operated tools for use in the field of metalworking by hobbyists, **namely**, *{specify the particular hand-operated tools in Class 8, e.g., files being hand-operated tools for smoothing surfaces of metal}*

Class 9

Tools for use in the field of jewelry, **namely**, *{specify the particular tools in Class 9, e.g., jewelers loupes}*

Class 10

Tools for use in the fields of dentistry, podiatry, and pedicure, **namely**, *{specify the particular tools in Class 10, e.g., dental burs}*

Class 35

Distributorship services in the fields of jeweler tools and equipment, dental tools and equipment, podiatry tools and equipment, pedicure tools and equipment, and hobbyist tools and equipment

NOTE: Where brackets and bracketed guidance appear in the above example, input from applicant is required. Any amendments proposed by applicant in response to the requirement for an acceptable identification of goods and/or services must **not** contain brackets.

SCOPE ADVISORY: Applicant may amend the identification to clarify or limit the goods and/or services, but not to broaden or expand the goods and/or services beyond those in the original application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted goods and/or services may not later be reinserted. *See* TMEP §1402.07(e).

ONLINE ID MANUAL: For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). *See* TMEP §1402.04.

For information on how to identify the goods and services in an application, applicant is encouraged to view the [USPTO's Trademark Information Network Video](#) Number 6, "Goods and Services."

D. MULTIPLE-CLASS APPLICATION REQUIREMENTS

The application references goods and/or services based on use in commerce in more than one international class; therefore, applicant must satisfy all the requirements below for each international class:

(1) **List the goods and/or services by their international class number** in consecutive numerical order, starting with the lowest numbered class (for example, International Class 3: perfume; International Class 18: cosmetic bags sold empty).

(2) **Submit a filing fee for each international class** not covered by the fees already paid (view the [USPTO's current fee schedule](#)). Specifically, the application identifies goods and services based on use in commerce that are classified in at least **five** classes; however, applicant submitted fees sufficient for only **four** classes. Applicant must either (a) submit the filing fees for the classes not covered by the submitted fees or (b) restrict the application to the number of classes covered by the fees already paid.

(3) **Submit verified dates of first use of the mark** anywhere and in commerce for each international class. [See more information about verified dates of use.](#)

(4) **Submit a specimen for each international class.** The current specimen is acceptable for Class 35; and applicant needs a specimen for Classes 7, 8, 9, and 10. [See more information about specimens.](#)

Examples of specimens. Specimens for goods include a photograph of (1) the actual goods bearing the mark; (2) an actual container, packaging, tag or label for the goods bearing the mark; or (3) a point-of-sale display showing the mark directly associated with the goods. *See* 37 C.F.R. §2.56(b)(1), (c); TMEP §904.03(a)-(m). A webpage specimen submitted as a display associated with the goods must show the mark in association with a picture or textual description of the goods and include information necessary for ordering the goods. TMEP §904.03(i); *see* 37 C.F.R. §2.56(b)(1), (c).

Specimens for services must show a direct association between the mark and the services and include: (1) copies of advertising and marketing material, (2) a photograph of business signage or billboards, or (3) materials showing the mark in the sale, rendering, or advertising of the services. *See* 37 C.F.R. §2.56(b)(2), (c); TMEP §1301.04(a), (h)(iv)(C).

Any webpage printout or screenshot submitted as a specimen must include the webpage's URL and the date it was accessed or printed on the specimen itself, within the TEAS form that submits the specimen, or in a verified statement under 37 C.F.R. §2.20 or 28 U.S.C. §1746 in a later-filed response. *See* 37 C.F.R. §2.56(c); TMEP §§904.03(i), 1301.04(a).

(5) **Submit a verified statement** that “**The specimen was in use in commerce on or in connection with the goods and/or services listed in the application at least as early as the filing date of the application.**” [See more information about verification.](#)

See 37 C.F.R. §2.86(a); TMEP §§1403.01, 1403.02(c).

For an overview of the requirements for a Section 1(a) multiple-class application and how to satisfy the requirements online using the Trademark Electronic Application System (TEAS) form, see the [Multiple-class Application webpage](#).

**About Pfingst & Company, Inc.**

As sole North American Distributor for Busch™ burs, Pfingst & Company's reputation for quality products and service has grown steadily over the years.

Founded in 1905 by Adolph Pfingst and continued by members of his family, the New Jersey-based company remains a primary supplier of dental and dental lab instruments, tools, and equipment, as well as jewelry manufacturing and finishing products. Although the firm was originally established to meet a growing demand for dental burs, the company has grown and expanded to also supply advanced tools and instruments for jewelers, toolmakers, woodcarvers, artists, and hobbyists.

Throughout the years, Pfingst & Company has produced a series of product catalogs that have become collectors' items in their own right. However, in recent years, with the development of the Internet, the company has developed this website as a more convenient, online repository of its product offerings.

Pfingst & Company currently has more than 400 dealers throughout North America, Europe, and the Far East. In addition to being the sole North American distributor for Busch™ burs, Pfingst is also a distributor for Horico Diamond Instruments and Edenta Rotary Instruments.

HOW TO USE THE DICTIONARY

To look up an entry in *The American Heritage Dictionary of the English Language*, use the search window above. For best results, after typing in the word, click on the "Search" button instead of using the "enter" key.

Some compound words (like *bus rapid transit*, *dog whistle*, or *identity theft*) don't appear on the drop-down list when you type them in the search bar. For best results with compound words, place a quotation mark before the compound word in the search window.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 28, 2022 for
U.S. Trademark Application Serial No. 97118693

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be **[abandoned](#)**. See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO **[website](#)**, the application process, the status of your application, and whether there are outstanding deadlines to the **[Trademark Assistance Center \(TAC\)](#)**.

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status](#) of your application periodically** in the **[Trademark Status & Document Retrieval \(TSDR\)](#)** database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, **[TSDR](#)**, to confirm that it appears under the “Documents” tab, or contact the **[Trademark Assistance Center](#)**.

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
