NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be [abandoned](#). Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 24, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SEARCH OF USPTO DATABASE OF MARKS

The trademark examining attorney has searched the USPTO database of registered and pending marks and has found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

SUMMARY OF ISSUES:

- Identification and Classification of Services
- Multiple-Class Application Requirements - Advisory

IDENTIFICATION AND CLASSIFICATION OF SERVICES

The identification of services is indefinite and must be clarified because the language is vague and possibly describes services in more than one international class. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. Applicant must amend the identification to specify the common commercial or generic name of the services. *See* TMEP §1402.01. If the services have no common commercial or generic name, applicant must describe or explain the nature of the services using clear and succinct language. *See id.*

Generally, a trademark examining attorney will recommend acceptable substitute wording for unacceptable identifications of goods and/or services. In this case, however, because the nature of the goods and/or services is unclear from the application record, the trademark examining attorney is unable to suggest any alternative wording. *See* TMEP §1402.01(e).

Applicant may amend the identification to clarify or limit the goods and/or services, but not to broaden or expand the goods and/or services beyond those in the original application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted goods and/or services may not later be reinserted. *See* TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable [U.S. Acceptable Identification of Goods and Services Manual](#). *See* TMEP §1402.04.

MULTIPLE-CLASS APPLICATION REQUIREMENTS - ADVISORY

The application identifies goods and/or services in more than one international class; therefore, applicant must satisfy all the requirements below for each international class based on Trademark Act Section 1(b):

- (1) **List the goods and/or services by their international class number** in consecutive numerical order, starting with the lowest numbered class.
- (2) **Submit a filing fee for each international class** not covered by the fee(s) already paid (view the [USPTO's current fee schedule](#)). The application identifies goods and/or services that are classified in at least 2 classes; however, applicant submitted a fee(s) sufficient for only 1 class(es). Applicant must either submit the filing fees for the classes not covered by the submitted fees or restrict the application to the number of classes covered by the fees already paid.

See 37 C.F.R. §2.86(a); TMEP §§1403.01, 1403.02(c).

For an overview of the requirements for a Section 1(b) multiple-class application and how to satisfy the requirements online using the Trademark Electronic Application System (TEAS) form, see the [Multiple-class Application webpage](#).
