**Issue date:** August 25, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

## **SEARCH OF USPTO DATABASE OF MARKS**

The trademark examining attorney searched the USPTO database of registered and pending marks and found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

- Prior-Pending Application
- Specimen Refusal-International Class 42
- Disclaimer Requirement

### **Section 2(d) Refusal-Likelihood of Confusion**

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration No. 5213592 and 6732324. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see*

TMEP §§1207.01 *et seq.* See the attached registrations.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

The overriding concern is not only to prevent buyer confusion as to the source of the goods and/or services, but to protect the registrant from adverse commercial impact due to use of a similar mark by a newcomer. *See In re Shell Oil Co.*, 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1690 (Fed. Cir. 1993). Therefore, any doubt regarding a likelihood of confusion determination is resolved in favor of the registrant. TMEP §1207.01(d)(i); *see Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1265, 62 USPQ2d 1001, 1003 (Fed. Cir. 2002); *In re Hyper Shoppes (Ohio), Inc.*, 837 F.2d 463, 464-65, 6 USPQ2d 1025, 1026 (Fed. Cir. 1988).

In the present case, the applicant's mark is HUMAN NATURE DESIGNS, in standard characters, for "On-line retail and wholesale store services in the field of camping mugs, travel mugs, patches, pins, keychains, stickers, hats, calendars, pins, souvenirs and computerized on-line ordering featuring general consumer merchandise" in International Class 35 and "Artwork design services, graphic arts design, graphic design, and illustration in the field of marketing for others" in International Class 42.

The registered marks are:

HUMAN NATURE (Registration No. 5213592) with design, used in connection with "Baby lotion; Baby oil; Blush; Body butter; Body scrub; Body wash; Cleansing milk; Essential oils; Eyeshadow; Face oils; Foot deodorant spray; Foundation; Foundation make-up; Hair masks; Hair wax; Hair conditioner; Hair oils; Hair shampoo; Hand creams; Hand soaps; Lip balm; Lip gloss; Lipstick; Loose face powder; Massage oil; Night cream; Baby shampoo; Bar soap; Body lotion; Dishwasher detergents; Essential oils for household use; Face powder; Facial cleansers; Facial masks; Facial cream; Facial washes; Laundry detergent; Non-medicated feminine hygiene wash; Non-medicated hair serums; Non-medicated herbal body care products, namely, body oils, salves, and lip balms; Pet shampoo; Skin moisturizer; Skin toners" in International Class 003 and "Spray sanitizer for personal use" in International Class 005.

HUMANATURE (Registration No. 6732324) in standard characters, used in connection with "Retail store services featuring outerwear, clothing, apparel, headwear, footwear and fashion accessories; online retail store services featuring outerwear, clothing, apparel, headwear, footwear and fashion accessories." in International Class 35.

In this case, the following factors are the most relevant: similarity of the marks, similarity of the goods and services, and similarity of trade channels of the goods and services. *See In re Opus One, Inc.*, 60 USPQ2d 1812 (TTAB 2001); *In re Dakin's Miniatures Inc.*, 59 USPQ2d 1593 (TTAB 1999); *In re Azteca Rest. Enters., Inc.*, 50 USPQ2d 1209 (TTAB 1999); TMEP §§1207.01 *et seq.*

### Similarity of the Marks

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). "Similarity in any one of these elements may be sufficient to find the marks confusingly similar." *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff'd per curiam*, 777 F. App'x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

The applicant's mark is similar to the registered marks because they all contain the identical dominant first terms, HUMAN and NATURE, making the marks similar in sound, appearance, and commercial impression. Consumers are generally more inclined to focus on the first word, prefix, or syllable in any trademark or service mark. *See Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1372, 73 USPQ2d 1689, 1692 (Fed. Cir. 2005) (finding similarity between VEUVE ROYALE and two VEUVE CLICQUOT marks in part because "VEUVE . . . remains a 'prominent feature' as the first word in the mark and the first word to appear on the label"); *Century 21 Real Estate Corp. v. Century Life of Am.*, 970 F.2d 874, 876, 23 USPQ2d 1698, 1700 (Fed Cir. 1992) (finding similarity between CENTURY 21 and CENTURY LIFE OF AMERICA in part because "consumers must first notice th[e] identical lead word"); *see also In re Detroit Athletic Co.*, 903 F.3d 1297, 1303, 128 USPQ2d 1047, 1049 (Fed. Cir. 2018) (finding "the identity of the marks' two initial words is particularly significant because consumers typically notice those words first").

Although the applicant's mark contains the additional term DESIGNS, this term is descriptive of the applicant's design services. Thus, consumers encountering the marks in relation to the goods and services would reasonably believe that the goods and services emanate from the same common source. Although marks are compared in their entireties, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii). Matter that is descriptive of or generic for a party's goods and/or services is typically less significant or less dominant in relation to other wording in a mark. *See Anheuser-Busch, LLC v. Invopak Sys. Pty Ltd.*, 115 USPQ2d 1816, 1824-25 (TTAB 2015) (citing *In re Chatam Int'l Inc.*, 380 F.3d 1340, 1342-43, 71 USPQ2d 1944, 1946 (Fed. Cir. 2004)).

In the present case, the applicant's services include design services, thus, DESIGNS merely describes a key feature of applicant's services. Thus, this wording is less significant in terms of affecting the mark's commercial impression, and renders the wording HUMAN NATURE the more dominant element of

the mark.

Although Registration No. 5213592 (HUMAN NATURE) contains stylized lettering and a design element, namely a tilted heart in between the stylized terms HUMAN and NATURE, the registrant's use of stylized lettering and a heart design in between the terms does not alter the overall similar commercial impressions between the marks because the wording HUMAN NATURE appears in bold letters prominently in the registrant's mark and is the dominant element in both marks. Although marks are compared in their entireties, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii). Greater weight is often given to this dominant feature when determining whether marks are confusingly similar. *See In re Detroit Athletic Co.*, 903 F.3d at 1305, 128 USPQ2d at 1050 (citing *In re Dixie Rests.*, 105 F.3d at 1407, 41 USPQ2d at 1533-34). Accordingly, the word portions of the applicant's and registrant's marks are similar in appearance, sound, and commercial impression and the stylization and design in the registrant's mark does not obviate the similarity of the marks.

In addition, the dominant terms in applicant's mark and the only terms in Registration No. 6732324 are HUMAN NATURE. Although registrant's mark appears as a compound word with no space separating the words and only one letter "N", that is, HUMANATURE; and the dominant elements in applicant's mark appears as multiple words with space separating the words, that is, HUMAN NATURE, this does not obviate the similarity between the marks because the marks are similar in sound and appearance and are thus confusingly similar for the purposes of determining likelihood of confusion. *See, e.g., Seaguard Corp. v. Seaward Int'l, Inc.*, 223 USPQ 48, 51 (TTAB 1984) ("[T]he marks 'SEAGUARD' and 'SEA GUARD' are, in contemplation of law, identical [internal citation omitted]."); *In re Best W. Family Steak House, Inc.*, 222 USPQ 827, 827 (TTAB 1984) ("There can be little doubt that the marks [BEEFMASTER and BEEF MASTER] are practically identical"); *Stock Pot, Inc., v. Stockpot Rest., Inc.*, 220 USPQ 52, 52 (TTAB 1983), aff'd 737 F.2d 1576, 222 USPQ 665 (Fed. Cir. 1984) ("There is no question that the marks of the parties [STOCKPOT and STOCK POT] are confusingly similar. The word marks are phonetically identical and visually almost identical.").

For the reasons discussed above, the applicant's mark is confusingly similar to the registered mark.

#### Relatedness of the Goods/Services

The goods and/or services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. *See Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Hercko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

The compared goods and/or services need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be "related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

The applicant's services are "On-line retail and wholesale store services in the field of camping mugs, travel mugs, patches, pins, keychains, stickers, hats, calendars, pins, souvenirs and computerized on-line ordering featuring general consumer merchandise" in International Class 35 and "Artwork design services, graphic arts design, graphic design, and illustration in the field of marketing for others" in International Class 42.

The goods in Registration No. 5213592 are "Baby lotion; Baby oil; Blush; Body butter; Body scrub; Body wash; Cleansing milk; Essential oils; Eyeshadow; Face oils; Foot deodorant spray; Foundation; Foundation make-up; Hair masks; Hair wax; Hair conditioner; Hair oils; Hair shampoo; Hand creams; Hand soaps; Lip balm; Lip gloss; Lipstick; Loose face powder; Massage oil; Night cream; Baby shampoo; Bar soap; Body lotion; Dishwasher detergents; Essential oils for household use; Face powder; Facial cleansers; Facial masks; Facial cream; Facial washes; Laundry detergent; Non-medicated feminine hygiene wash; Non-medicated hair serums; Non-medicated herbal body care products, namely, body oils, salves, and lip balms; Pet shampoo; Skin moisturizer; Skin toners" in International Class 003 and "Spray sanitizer for personal use" in International Class 005.

The goods in Registration No. 6732324 are "Retail store services featuring outerwear, clothing, apparel, headwear, footwear and fashion accessories; online retail store services featuring outerwear, clothing, apparel, headwear, footwear and fashion accessories" in International Class 35.

The applicant's retail services include general consumer merchandise which includes the goods in the registered marks. The use of similar marks on or in connection with both products and retail-store services has been held likely to cause confusion where the evidence showed that the retail-store services featured the same type of products. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1307, 128 USPQ2d 1047, 1051 (Fed. Cir. 2018) (holding the use of similar marks for various clothing items, including athletic uniforms, and for retail shops featuring sports team related clothing and apparel likely to cause confusion); *In re Country Oven, Inc.*, 2019 USPQ2d 443903, at \*12 (TTAB 2019) (holding the use of identical marks for bread buns and retail bakery stores and shops likely to cause confusion); *In re House Beer, LLC*, 114 USPQ2d 1073, 1078 (TTAB 2015) (holding the use of identical marks for beer and for retail store services featuring beer likely to cause confusion); TMEP §1207.01(a)(ii).

In addition, the attached Internet evidence, consisting of third-party websites, establishes that the same entity commonly manufactures, produces, and provides the relevant goods and services and markets the goods and services under the same mark. Applicant's and registrants' goods and services are likely to be encountered together in the marketplace by consumers and consumers would mistakenly believe that the goods and services originate from a common source. Thus, the goods and services are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

As discussed above, the applicant's mark is similar to the registered marks, and the goods and services are related. Accordingly, there would be a likelihood of confusion as to the source of the goods and services. Registration of the mark is therefore refused under Trademark Act Section 2(d).

Although applicant's mark has been refused registration, applicant may respond to the refusals by submitting evidence and arguments in support of registration. However, if applicant responds to the refusal, applicant must also respond to the requirements set forth below.

## **Prior-Pending Application**

The filing date of pending U.S. Application Serial No. 90810032 precedes applicant's filing date. See attached referenced application. If the mark in the referenced application registers, applicant's mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion between the two marks. See 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 et seq. Therefore, upon receipt of applicant's response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced application.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant's mark and the mark in the referenced application. Applicant's election not to submit arguments at this time in no way limits applicant's right to address this issue later if a refusal under Section 2(d) issues.

While no response is required for the above issue at this time, the applicant must respond to the following:

### **Specimen Refusal- International Class 42**

**Specimen does not show use of the mark in commerce.** Registration is refused because the specimen does not show the applied-for mark as actually used in commerce in International Class 42. Trademark Act Sections 1 and 45, 15 U.S.C. §§1051, 1127; 37 C.F.R. §§2.34(a)(1)(iv), 2.56(a); TMEP §§904, 904.07(a), 1301.04(g)(i). An application based on Trademark Act Section 1(a) must include a specimen showing the applied-for mark as actually used in commerce for each international class of services identified in the application or amendment to allege use. 15 U.S.C. §1051(a)(1); 37 C.F.R. §§2.34(a)(1)(iv), 2.56(a); TMEP §§904, 904.07(a).

Specifically, the submitted specimen pages show options to purchase goods on the applicant's website, but the specimen pages do not reference, advertise, or show the rendering of the applicant's design services in International Class 42. Therefore, the specimens are unacceptable because they do not show the applied-for mark used in commerce in connection with any of the applicant's services in International Class 42.

**Examples of specimens.** Specimens for services must show a direct association between the mark and the services and include: (1) copies of advertising and marketing material, (2) a photograph of business signage or billboards, or (3) materials showing the mark in the sale, rendering, or advertising of the services. *See* 37 C.F.R. §2.56(b)(2), (c); TMEP §1301.04(a), (h)(iv)(C). Any webpage printout or screenshot submitted as a specimen must include the webpage's URL and the date it was accessed or printed on the specimen itself, within the TEAS form that submits the specimen, or in a verified statement under 37 C.F.R. §2.20 or 28 U.S.C. §1746 in a later-filed response. *See* 37 C.F.R. §2.56(c); TMEP §§904.03(i), 1301.04(a).

**Response options.** Applicant may respond to this refusal by satisfying one of the following for each applicable international class:

- (1) Submit a different specimen (a verified “**substitute**” specimen) that (a) was in actual use in commerce at least as early as the filing date of the application or prior to the filing of an amendment to allege use and (b) shows the mark in actual use in commerce for the services identified in the application or amendment to allege use. A “verified substitute

specimen” is a specimen that is accompanied by the following statement made in a signed affidavit or supported by a declaration under 37 C.F.R. §2.20: “The substitute (or new, or originally submitted, if appropriate) specimen(s) was/were in use in commerce at least as early as the filing date of the application or prior to the filing of the amendment to allege use.” The substitute specimen cannot be accepted without this statement.

- (2) Amend the filing basis to [intent to use under Section 1\(b\)](#) (which includes withdrawing an amendment to allege use, if one was filed), as no specimen is required before publication. This option will later necessitate additional fee(s) and filing requirements, including a specimen.

For an overview of the response options referenced above and instructions on how to satisfy these options using the online Trademark Electronic Application System (TEAS) form, see the [Specimen webpage](#).

### **Disclaimer Requirement**

Applicant has disclaimed the entire applied-for mark; however, an entire mark may not be disclaimed. TMEP §1213.06; *see 15 U.S.C. §1056(a); In re Dena Corp. v. Belvedere Int'l Inc.*, 950 F.2d 1555, 1560, 21 USPQ2d 1047, 1051 (Fed. Cir. 1991); *In re JT Tobacconists*, 59 USPQ2d 1080, 1081 n.1 (TTAB 2001). Accordingly, the disclaimer is not accepted and will not be entered into the USPTO's database. *See* TMEP §714.05(a).

However, applicant must disclaim the wording “DESIGNS” because it is merely descriptive of a function, feature, purpose, or use of applicant's services. *See 15 U.S.C. §1052(e)(1); DuoProSS Meditech Corp. v. Inviro Med. Devices, Ltd.*, 695 F.3d 1247, 1251, 103 USPQ2d 1753, 1755 (Fed. Cir. 2012); TMEP §§1213, 1213.03(a).

Applicant's services are "Artwork design services, graphic arts design, graphic design, and illustration in the field of marketing for others", thus, DESIGNS merely describes the key function, feature, purpose or use of applicant's services and must be disclaimed.

Applicant may respond to this issue by submitting a disclaimer in the following format:

**No claim is made to the exclusive right to use “DESIGNS” apart from the mark as shown.**

For an overview of disclaimers and instructions on how to provide one using the Trademark Electronic Application System (TEAS), see the [Disclaimer webpage](#).

**Response guidelines.** For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action. #### Personalized Calendars Create Cost Effective Brand Impressions

Customized calendars ensure a simple and smart way to check the day and dates, monthly events, holidays and a yearly overview - all in a glance! In addition, most people also use calendars to write down appointments, daily reminders and more. Custom calendars thus make popular giveaways that will be displayed in homes and offices all year round.

Promotional Calendars are one of the smartest and the most budget friendly way to make your message prominently displayed all year in multiple locations. Studies show that 74% of people can recall the advertiser on their promotional calendar while 85% of people do business with the company that supplied their promotional calendar.

Apart from your business name and contact details, you can imprint safety tips, emergency numbers and any such information to enhance the popularity and retention of these logo calendars.

Logo imprinted calendars not just dress up the bland wall spaces but will infuse specks of color and liveliness to the interiors. Choose from a range of promotional calendars in various interesting themes including American armed forces, scenic churches, wild life portraits, puppies and kittens and baby farm animals among others. Attractive calendars are often retained as decorative pieces even after the year gets over which means that your brand imprinted on these will never stop working!

We at ProImprint have a range of calendars for both homes and offices that range from cute desk calendars to the classic wall calendars and more just in time for New Year! Choose from an impressive lineup of calendars that will add a festive flavor to your brand promotion. Call us at 844-776-4677 or email us at [info@proimprint.com](mailto:info@proimprint.com) and we will help you find the perfect choice that matches your brand theme.

#### Custom Hoodies from Zazzle

How many reasons do you need to wear hoodies? It doesn't really matter, since we all love to wear them all year round! It's great to grab one on the way to the couch with a tub of ice cream to ponder the trials and trivia of life, especially when it's cold, you want to cover up, or you miss someone. We all adore them, but now it's time to cherish them even more by personalizing them!

How do I create my own custom hoodie?

Create a gift for yourself, a friend or even show some appreciation to your staff with a custom-designed hoodie.

- **Step 1: Choose a template:** You can start by creating your own design at the top with a blank sample, or scroll down more to choose from one of our premade designs.
- **Step 2: Pick a size:** For adults, the sizes range from S to 3XL, and for kids, the sizes range from Youth XS to Youth XL.
- **Step 3: Select a base color:** There are two options here: you can choose a white or light gray base for classic printing, or you can go with a black, gray or navy blue base with a white underlayer that will make your design more vibrant.
- **Step 4: Personalize:** Click on the 'Add Image' or 'Add Text' icon, where you'll be brought to our customization tool. From here, you can upload family photos, add fancy fonts or icons. If you decide to add a background color or pattern, keep in mind the base color of your sweater, since they might clash.
- **Step 5: Check out:** If you're happy with your creation, click on the 'Done' icon in the top-right corner and your creation will automatically save and transition onto the template. Then add it to your shopping cart or browse other products - it's up to you! As we are a print-on-demand company, if you order multiple products there may be differences in shipping.

times. That information will be provided at the time of checkout.

#### What types of hoodies are available on Zazzle?

Our adult Basic Hooded Sweaters and our kids' Pullover Hoodies are made from a blend of cotton and polyester materials. Both of these products have a front pouch pocket, but only the adult range has a drawstring for safety. Adult zip-up hoodies are also available, and they're made from a blend of polyester, cotton and fleece. The zipped sweaters can only be customized on the right side of the front, so keep that in mind when designing. You can machine-wash them at a cool/cold temperature and tumble dry them at a low temperature.

#### What related products can I customize using Zazzle's design tool?

Develop your own sense of style with our apparel items. Create a whole outfit with t-shirts and leggings. We haven't forgotten about your feet, so discover our socks and shoes. Get creative and dress yourself in head-to-toe custom clothing. You can even design your own accessories to complete your look. Start updating your wardrobe today!

##### ★★★★★ "Best Custom Gift Ever!"

*I absolutely loved these custom sweatshirts. I originally purchased 6 of them and the relatives I gave them to loved them so much. I had to buy 3 more for other relatives ;). Zazzle is an amazing website that allows you to create the most unique custom gifts for your loved ones. I definitely recommend you check them out and make a purchase. You will not be disappointed. Thank me later! I'll be making more purchases in the near future for sure. Thank you, Zazzle!!! The printing turned out perfect and looked just as it did on the website after I created it. My package even came sooner than expected.*

Which frame is better: Standard Framing or Custom Framing?

Standard Frames are a great and affordable way to complement any poster at a great price. Custom Frames are professionally hand-crafted from the best materials and printed using the most advanced technologies for a look that is beyond compare.

All standard and custom frames use acrylic glazing. Standard frames come with standard clear glazing, while custom frames are available with standard, non-glare, and UV-filtering options. Acrylic glazing with UV-protection keeps your image from fading, yellowing, and brittling.

#### Standard Framing

Available for posters only, standard frames come ready-made in a range of standard sizes (available for 8" x 10" and 8.5" x 11" sizes). Made of matte black wood, standard frames are an affordable finishing touch for any piece of art.

#### Custom Framing

Made of premium wood and metal, custom frames are hand-fitted to your artwork by our team of professional framers. Available in standard and non-standard sizes up to 40" x 60" (depending on the mat selection), custom frames are made to fit the unique dimensions of your artwork.

## **United States Patent and Trademark Office (USPTO)**

### **USPTO OFFICIAL NOTICE**

Office Action (Official Letter) has issued

on August 25, 2022 for

**U.S. Trademark Application Serial No. 97118728**

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

(1) [\*\*Read the Office action\*\*](#). This email is NOT the Office action.

(2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.

(3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

## **GENERAL GUIDANCE**

- [\*\*Check the status\*\*](#) of your application periodically in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [\*\*Update your correspondence email address\*\*](#) to ensure you receive important USPTO notices about your application.
- [\*\*Beware of trademark-related scams\*\*](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
