**United States Patent and Trademark Office (USPTO)
Office Action (Official Letter) About Applicant's Trademark Application**

U.S. Application Serial No. 97120668

Mark: SPLASHBRANDS

Correspondence Address:

PETE BENENATI
BENENATI LAW FIRM, P.C.
2816 BEDFORD ROAD
BEDFORD TX 76021 UNITED STATES

Applicant: SplashBrands, LLC

Reference/Docket No. N/A

Correspondence Email Address: pbenenati@benenatilaw.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 23, 2022

INTRODUCTION

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SUMMARY OF ISSUES:

- Section 2(d) Refusal – Likelihood of Confusion
- Prior-filed Pending Application
- Amendment of Identification of Services Requirement

SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration No. 6649099 (SPLASH), and 6230967 (SPLASH) and 6224713 (SPLASH), both owned by the same registrant. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

The Applicant's mark is **SPLASHBRANDS** for "Embroidering of textiles; Imprinting of decorative designs on goods and apparel.; Laser engraving of metals" and "Software as a service (SAAS) services featuring software for the creation of corporate storefronts for purchase of wearable apparel and custom goods with corporate branding".

The registered marks are as follows:

- **SPLASH (+design)** for "Athletic apparel, namely, uniforms printed with consumer designed or customized graphics and textures formed in a sublimation printing process" and "Internet-based sublimation consumer-selected graphic design and printing services for athletic uniforms with consumer-customized graphics and textures";
- **SPLASH** for, in relevant part, "Web site hosting services, namely, hosting multimedia entertainment content for others; Providing a website featuring technology that enables users to manage, upload and edit their entertainment content; Hosting of digital content on the internet; graphic design of advertising materials for others in the field of branding, advertising, marketing for brand awareness and brand recognition; graphic design consultancy in the field of advertising materials for branding, advertising, marketing for brand awareness and brand recognition; media asset management, namely, electronic storage services for archiving and storing electronic data in the form of marketing and entertainment digital content; Software as a Service (SaaS) featuring software for creating and editing promotional materials in the field of branding, advertising, marketing for brand awareness and brand recognition; Industrial analysis and research services in the field of branding, advertising, marketing for brand awareness and brand recognition;

Computer services for the analysis of data, namely, computer programming services of software for data processing in the field of buying trends; graphic design of audio-visual creative works, namely, multimedia content for branding, advertising and marketing; Development of software for creation, processing and distribution of multimedia content; Development of software for programmatic marketing, buying and advertising"; and

- **SPLASH (+styl.)** for, in relevant part, "Web site hosting services, namely, hosting multimedia entertainment content for others; Providing a website featuring technology that enables users to manage, upload and edit their entertainment content; Hosting of digital content on the internet; graphic design of advertising materials for others in the field of branding, advertising, marketing for brand awareness and brand recognition; graphic design consultancy in the field of advertising materials for branding, advertising, marketing for brand awareness and brand recognition; media asset management, namely, electronic storage services for archiving and storing electronic data in the form of marketing and entertainment digital content; Software as a Service (SaaS) featuring software for creating and editing promotional materials in the field of branding, advertising, marketing for brand awareness and brand recognition; Industrial analysis and research services in the field of branding, advertising, marketing for brand awareness and brand recognition; Computer services for the analysis of data, namely, computer programming services of software for data processing in the field of buying trends; graphic design of audio-visual creative works, namely, multimedia content for branding, advertising and marketing; Development of software for creation, processing and distribution of multimedia content; Development of software for programmatic marketing, buying and advertising".

Trademark Act Section 2(d) bars registration of an applied-for mark that so resembles a registered mark that it is likely a potential consumer would be confused, mistaken, or deceived as to the source of the services of the applicant and registrant. *See* 15 U.S.C. §1052(d). A determination of likelihood of confusion under Section 2(d) is made on a case-by-case basis and the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) aid in this determination. *Citigroup Inc. v. Capital City Bank Grp., Inc.*, 637 F.3d 1344, 1349, 98 USPQ2d 1253, 1256 (Fed. Cir. 2011) (citing *On-Line Careline, Inc. v. Am. Online, Inc.*, 229 F.3d 1080, 1085, 56 USPQ2d 1471, 1474 (Fed. Cir. 2000)). Not all the *du Pont* factors, however, are necessarily relevant or of equal weight, and any one of the factors may control in a given case, depending upon the evidence of record. *Citigroup Inc. v. Capital City Bank Grp., Inc.*, 637 F.3d at 1355, 98 USPQ2d at 1260; *In re Majestic Distilling Co.*, 315 F.3d 1311, 1315, 65 USPQ2d 1201, 1204 (Fed. Cir. 2003); *see In re E. I. du Pont de Nemours & Co.*, 476 F.2d at 1361-62, 177 USPQ at 567.

In this case, the following factors are the most relevant: similarity of the marks, similarity and nature of the services, and similarity of the trade channels of the services. *See In re Viterra Inc.*, 671 F.3d 1358, 1361-62, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Dakin's Miniatures Inc.*, 59 USPQ2d 1593, 1595-96 (TTAB 1999); TMEP §§1207.01 *et seq.*

COMPARISON OF THE MARKS

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). "Similarity in any one of these elements may be sufficient to find the marks confusingly similar." *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff'd per curiam*, 777 F. App'x 516, 2019 BL 343921

(Fed. Cir. 2019); TMEP §1207.01(b).

Applicant's mark is **SPLASHBRANDS**.

The registered marks are **SPLASH (+design)**, **SPLASH (styl.)**, and **SPLASH**.

Here, each mark features the stylized wording "SPLASH". Marks may be confusingly similar in appearance where similar terms or phrases or similar parts of terms or phrases appear in the compared marks and create a similar overall commercial impression. *See Crocker Nat'l Bank v. Canadian Imperial Bank of Commerce*, 228 USPQ 689, 690-91 (TTAB 1986), *aff'd sub nom. Canadian Imperial Bank of Commerce v. Wells Fargo Bank, Nat'l Ass'n*, 811 F.2d 1490, 1495, 1 USPQ2d 1813, 1817 (Fed. Cir. 1987) (holding COMMCAH and COMMUNICASH confusingly similar); *In re Corning Glass Works*, 229 USPQ 65, 66 (TTAB 1985) (holding CONFIRM and CONFIRMCELLS confusingly similar); *In re Pellerin Milnor Corp.*, 221 USPQ 558, 560 (TTAB 1983) (holding MILTRON and MILLTRONICS confusingly similar); TMEP §1207.01(b)(ii)-(iii).

As the first or only term in each mark, the common wording "SPLASH" is the dominant term in each mark. Consumers are generally more inclined to focus on the first word, prefix, or syllable in any trademark or service mark. *See Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1372, 73 USPQ2d 1689, 1692 (Fed. Cir. 2005) (finding similarity between VEUVE ROYALE and two VEUVE CLICQUOT marks in part because "VEUVE . . . remains a 'prominent feature' as the first word in the mark and the first word to appear on the label"); *Century 21 Real Estate Corp. v. Century Life of Am.*, 970 F.2d 874, 876, 23 USPQ2d 1698, 1700 (Fed Cir. 1992) (finding similarity between CENTURY 21 and CENTURY LIFE OF AMERICA in part because "consumers must first notice th[e] identical lead word"); *see also In re Detroit Athletic Co.*, 903 F.3d 1297, 1303, 128 USPQ2d 1047, 1049 (Fed. Cir. 2018) (finding "the identity of the marks' two initial words is particularly significant because consumers typically notice those words first").

Applicant's addition of the wording "BRANDS" to the registered marks will not avoid a likelihood of confusion. Adding a term to a registered mark generally does not obviate the similarity between the compared marks, as in the present case, nor does it overcome a likelihood of confusion under Section 2(d). *See Coca-Cola Bottling Co. v. Jos. E. Seagram & Sons, Inc.*, 526 F.2d 556, 557, 188 USPQ 105, 106 (C.C.P.A. 1975) (holding BENGAL and BENGAL LANCER and design confusingly similar); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1269 (TTAB 2009) (holding TITAN and VANTAGE TITAN confusingly similar); *In re El Torito Rests., Inc.*, 9 USPQ2d 2002, 2004 (TTAB 1988) (holding MACHO and MACHO COMBOS confusingly similar); TMEP §1207.01(b)(iii). In the present case, the marks are identical in part.

Moreover, the additional wording "BRANDS" is merely descriptive of, if not generic for, the services. Although marks are compared in their entirety, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii). Matter that is descriptive of or generic for a party's services is typically less significant or less dominant in relation to other wording in a mark. *See Anheuser-Busch, LLC v. Innopak Sys. Pty Ltd.*, 115 USPQ2d 1816, 1824-25 (TTAB 2015) (citing *In re Chatam Int'l Inc.*, 380 F.3d 1340, 1342-43, 71 USPQ2d 1944, 1946 (Fed. Cir. 2004)). Therefore, the common wording "SPLASH" is the dominant feature of the applicant's mark.

Furthermore, generally, the greater the degree of similarity between the applied-for mark and the

registered mark, the lesser the degree of similarity between the services of the parties is required to support a finding of likelihood of confusion. *In re C.H. Hanson Co.*, 116 USPQ2d 1351, 1353 (TTAB 2015) (citing *In re Opus One Inc.*, 60 USPQ2d 1812, 1815 (TTAB 2001)); *In re House Beer, LLC*, 114 USPQ2d 1073, 1077 (TTAB 2015) (citing *In re Shell Oil Co.*, 992 F.2d 1204, 1206, 26 USPQ2d 1687, 1688 (Fed. Cir. 1993); *Time Warner Ent. Co. v. Jones*, 65 USPQ2d 1650, 1661 (TTAB 2002); *In re Opus One Inc.*, 60 USPQ2d at 1815); TMEP §1207.01(a).

COMPARISON OF THE SERVICES

The services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. See *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi). The compared services need not be identical or even competitive to find a likelihood of confusion. See *On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be “related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the services] emanate from the same source.” *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

Determining likelihood of confusion is based on the description of the services stated in the application and registration at issue, not on extrinsic evidence of actual use. See *In re Detroit Athletic Co.*, 903 F.3d 1297, 1307, 128 USPQ2d 1047, 1052 (Fed. Cir. 2018) (citing *In re i.am.symbolic, llc*, 866 F.3d 1315, 1325, 123 USPQ2d 1744, 1749 (Fed. Cir. 2017)).

In this case, the application uses broad wording to describe its imprinting services of goods and apparel, which presumably encompasses all services of the type described, including registrant’s narrower imprinting services for athletic apparel. See, e.g., *In re Solid State Design Inc.*, 125 USPQ2d 1409, 1412-15 (TTAB 2018); *Sw. Mgmt., Inc. v. Ocinomled, Ltd.*, 115 USPQ2d 1007, 1025 (TTAB 2015). Thus, applicant’s and registrant’s services are legally identical. See, e.g., *In re i.am.symbolic, llc*, 127 USPQ2d 1627, 1629 (TTAB 2018) (citing *Tuxedo Monopoly, Inc. v. Gen. Mills Fun Grp., Inc.*, 648 F.2d 1335, 1336, 209 USPQ 986, 988 (C.C.P.A. 1981); *Inter IKEA Sys. B.V. v. Akea, LLC*, 110 USPQ2d 1734, 1745 (TTAB 2014); *Baseball Am. Inc. v. Powerplay Sports Ltd.*, 71 USPQ2d 1844, 1847 n.9 (TTAB 2004)).

Additionally, the services of the parties have no restrictions as to nature, type, channels of trade, or classes of purchasers and are “presumed to travel in the same channels of trade to the same class of purchasers.” *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Thus, applicant’s and registrant’s goods and services are related.

The attached Internet evidence, consisting of entities that provide imprinting, embroidery, and/or laser engraving services, as well as clothing goods, software for graphic design and editing in the fields of advertising, marketing, and brand awareness, and/or providing webpages and other storefronts for branded apparel and goods, all under the same mark, establishes that the same entity commonly produces or provides the relevant goods and services and markets the goods and services under the same mark (See attached evidence from customink.com, dfwcustomimprint.com, instantimprints.com, custom-imprints.com, customimprint.com, powersaleskc.com, imprint.com, uprinting.com,

firespring.com, vistaprint.com, anthembranding.com, printful.com, and moo.com). Thus, applicant's and registrant's goods and services are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

The overriding concern is not only to prevent buyer confusion as to the source of the services, but to protect the registrant from adverse commercial impact due to use of a similar mark by a newcomer. *See In re Shell Oil Co.*, 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1690 (Fed. Cir. 1993). Therefore, any doubt regarding a likelihood of confusion determination is resolved in favor of the registrant. TMEP §1207.01(d)(i); *see Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1265, 62 USPQ2d 1001, 1003 (Fed. Cir. 2002); *In re Hyper Shoppes (Ohio), Inc.*, 837 F.2d 463, 464-65, 6 USPQ2d 1025, 1026 (Fed. Cir. 1988).

In light of the similarities between the marks and the relatedness of the services, it is likely that consumers who encounter the parties' services will falsely conclude that they originate from the same source.

Although applicant's mark has been refused registration, applicant may respond to the refusal by submitting evidence and arguments in support of registration.

If applicant responds to the refusal, applicant must also respond to the requirement set forth below.

PRIOR-FILED PENDING APPLICATION

The filing date of pending U.S. Application Serial No. 90687191 (THE SPLASH BRAND) precedes applicant's filing date. See attached referenced application. If the mark in the referenced application registers, applicant's mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion between the two marks. *See* 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 *et seq.* Therefore, upon receipt of applicant's response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced application.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant's mark and the mark in the referenced application. Applicant's election not to submit arguments at this time in no way limits applicant's right to address this issue later if a refusal under Section 2(d) issues.

AMENDMENT OF IDENTIFICATION OF SERVICES REQUIRED

The identification of services is unacceptable because it contains indefinite wording and must be clarified. See 37 C.F.R. §2.32(a)(6); TMEP §1402.01. The wording "imprinting of decorative designs on goods and apparel" in the identification of services is indefinite and must be clarified because it does not identify particular services. *See* 37 C.F.R. §2.32(a)(6); TMEP §1402.01. Applicant must amend this wording to specify the common commercial or generic name of the services. *See* TMEP §1402.01. If the services have no common commercial or generic name, applicant must describe or explain the nature of the services using clear and succinct language. *See id.*

Applicant may adopt the following identification, if accurate:

International Class 040: "Embroidering of textiles; Imprinting of decorative designs on [specify goods and apparel within this International Class, e.g., promotional merchandise, clothing, tote bags, signs] goods and apparel; Laser engraving of metals"

International Class 042: "Software as a service (SAAS) services featuring software for the creation of corporate storefronts for purchase of wearable apparel and custom goods with corporate branding"

Applicant may amend the identification to clarify or limit the services, but not to broaden or expand the services beyond those in the original application or as acceptably amended. *See* 37 C.F.R. §2.71(a); TMEP §1402.06. Generally, any deleted services may not later be reinserted. *See* TMEP §1402.07(e).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable *U.S. Acceptable Identification of Goods and Services Manual*. *See* TMEP §1402.04.

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06. The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

RESPONSE GUIDANCE

- **Missing the response deadline to this letter will cause the application to abandon.** The response must be received by the USPTO before midnight **Eastern Time** of the last day of the response period. TEAS maintenance or [unforeseen circumstances](#) could affect an applicant's ability to timely respond.

- **Responses signed by an unauthorized party** are not accepted and can **cause the application to abandon**. If applicant does not have an attorney, the response must be signed by the individual applicant, all joint applicants, or someone with legal authority to bind a juristic applicant. If applicant has an attorney, the response must be signed by the attorney.
- If needed, find contact information for the supervisor of the office or unit listed in the signature block.

How Do We Achieve This Mission?

- We are in the business of printing and marketing. However, we feel that our company produces something much larger than ink on paper thread on garments. We help craft your ideas, hopes, and dreams.
- We take pride in the fact that the items we create help tell your story and make your business more successful.
- We make every effort to be successful, but we recognize that we can only accomplish this if we can help you be successful.

OUR MISSION, VISION AND VALUES

Mission

We deliver creative Print & Marketing Solutions that make our clients successful. We keep our promises, provide creative solutions, and achieve our client's goals.

Vision

To become North Texas most recognized and trusted Print & Marketing Solutions provider.

We will use our God given talents to become widely recognized for our innovation, client loyalty and unwavering integrity. We build our business by challenging the traditional norms of print and marketing media. We will provide fresh ideas and creative solutions for our clients, earning the privilege to be their trusted advisor.

Values

Putting people first... Operating with Integrity... Giving Back.

DFW Custom Imprints philosophy of treating others as we desire to be treated is our Golden Rule of Operations

People First. We value all people treating them fairly, respectfully and in accordance with the Golden Rule.

Client Focus. We seek to make customers successful by understanding their needs and challenges, treating them as our business partners.

Embracing Change. We understand that we must continually adapt to the ever-changing needs of the marketplace.

Instant Imprints offers everything you need in a business and want in a lifestyle, combining multiple franchises into one: **custom t-shirt franchise**, **sign franchise**, **print services franchise**, **promotional products franchise** and **embroidery franchise**.

Custom T-Shirts, Embroidery, Signs, Banners and More!

Instant Imprints® can bring your business to the next level with high-quality custom t-shirts, embroidery, signs, banners and promotional products. Top of the line printing services combined with customization options that are tailored to suit your needs provide you with everything you need to promote your brand. Our brick-and-mortar locations give you a level of service that online-only companies simply cannot match.

How you represent your brand matters. By visiting an Instant Imprints center, you're taking a big step toward having increased brand visibility and connection with potential customers. You want your brand to stand out, and our [Promotional Services](#) will help you do just that.

Why Choose Instant Imprints?

Instant Imprints offers many competitive advantages that make us your best choice for custom t-shirts, promotional materials and printing services. By visiting an Instant Imprints center, you'll have a one-on-one connection with one of our representatives that will help to understand your promotional needs and make your goals a reality. Your job will be done right and on-time—or early.

Whatever promotional products you're looking for, whether they're banners, custom t-shirts or other forms of apparel, you can be confident that you're receiving the highest quality embroidery and imprint services in the industry. With our [Branded Apparel Service](#), virtually any type of garment can be embroidered with your custom logo design. This is a long-lasting and professional way to make your brand stand out.

Imprints Done Right

Our centers are a one-stop-shop to revolutionize your brand through the wide variety of services we offer. Having your [custom t-shirts](#), [branded apparel](#), [signs and banners](#), [promotional products](#) and [printing services](#) done in one place means not only more convenience for you, but also increased consistency across your product line. We work to get your products done right and provide timely answers to any questions you may have. You get the peace-of-mind of knowing that your logo can appear consistently wherever you choose to put it. This helps your brand be more recognizable, and the increased consistency gives consumers a sense of reliability in your business.

The Personal Difference with Custom T-Shirts from Instant Imprints

The personal touch of working with a local business means that you can make your ideas come to life in a way that just can't happen via online-only services. At one of our centers you'll be able to ask questions and provide specific details that can help make your brand stand out in a unique way. If you need some feedback on your designs, our Image Experts are happy to help you make the best promotional products possible.

When you walk into one of our showrooms, you'll be able to get a better idea of your finished product than you could from the Internet alone. By seeing some examples in person, you'll get tactile feedback about which products are right for your business. For example, you may find that the type of fabric you'd like to use for your custom t-shirts changes after seeing it in person. Your branded products will be interacted with in a direct way by the customer, so it's only natural that you design your branded goods with this immediate feedback in mind. You'll be able to experience your design ideas in a way that is more in line with what the customer will experience.

The Expertise to Succeed

If you are unsure of which imprint process is best for you, one of our Image Experts can help set you on the right path. You may choose the professional and durable embroidery process, or opt for the finer resolution of one of our other printing techniques. When it comes to [custom t-shirts](#), if you're unsure about the differences between Direct-to-Garment, Screen Printing and CAD Cut Vinyl, you can rest assured that one of our Image Experts will help you find what is right for your project.

With multiple locations in North America, Instant Imprints provides you with the expertise, convenience and consistency that can take your business to new levels of success. Your brand deserves to be seen in a professional and eye-catching way. Let Instant Imprints help you make your impact by stopping in at a [location near you](#).

OUR SERVICES

Let Us Help You Become More Visible

Our services touch every industry and we have the experience to turn your idea or vision into a reality. Rather than offering a one-size fits all service, our approach creates programs that cater to your particular industry and audience. This means that you can stand out in your own unique way and get your brand the exposure it deserves. Whether it's with [custom t-shirts](#), [branded apparel](#), [custom banners](#) or one of our other offerings, you'll know you're getting the best service around.

- ✓ Embroidery
- ✓ Custom T-Shirts / Screen Printing
- ✓ Promotional Products
- ✓ Signs & Banners
- ✓ Team Uniforms & Heat Transfers
- ✓ Print Services
- ✓ Personalized Gifts
- ✓ And More...

Personal Service

We have the expertise to help you create and select the best promotional solutions for your business, school, team, club, organization or non-profit. Our Image Experts can provide you with the best options available to make your custom t-shirts come to life or make your custom banners represent your brand in the best possible way. We're dedicated to providing you with an unparalleled level of service by answering any questions you may have in a thorough and timely

manner. The personal touch that you will find at one of our centers gives the process of developing your promotional products a level of consistency and reliability that online-only services simply cannot contend with.

On-Site Production

All under one roof, on-time and within your budget. With Instant Imprints, you'll have the peace-of-mind of knowing exactly what you are getting, without the surprises that opening a shipping container may bring. Your final printing services or custom embroidery processes occur under the same roof that your initial consultation did.

Buy Local: Local Convenient Showroom

For all your needs at one convenient retail location, complete with showroom samples. See and touch our selection of apparel, hats, bags and all manner of personalized promotional products, signs, banners and more! Our showrooms are filled with samples and examples of products for you to browse through. This lets you understand the perspective that a potential customer may have when viewing or wearing your custom apparel. The tactile feedback you can get by seeing and feeling the types of fabric in person can help you decide on what materials are right for your custom t-shirts or other promotional products.

While you browse our selection of showroom samples, you'll be able to visualize your brand logo appearing on the various products. This can help you decide on which promotional products are right for your brand vision. Although custom t-shirts are the most popular product to brand, many businesses find that having additional types of custom apparel, as well as custom banners and signs, helps them to reach a wider audience. By [visiting a local showroom](#), you'll be taking the first big step toward a new level of visibility for your brand.

Bringing it back to basics... Our promise to you!

Our focus is not on lofty promises, but rather on our commitment to meet all of the basics of the customer service process that will create the experience that will keep you coming back:

Ready on time

We pride ourselves in delivering your products on time or early. We know that timing is important when it comes to promotional products, especially when a product is promoting an event with a certain date. This is why we strive to make sure your promotional products are ready on time, with no questionable shipping times like you may find online.

Job done right

Your custom branded apparel and promotional products should be of the highest quality available so that you can stay ahead of the competition. We recognize that your specifications are important to your brand image, so we strive to meet them properly. We get the job done right so that your business can flourish.

Products when you need them

The convenience of a brick-and-mortar location means that you can come by an Instant Imprints center during any business hour to get the services that you need.

Quality imprints

The clarity and quality of our printing services and custom embroidery will really help to make your logo "pop," so your brand can get the attention it deserves.

Timely communication

If you have questions, our Image Experts are here to help. We aim to provide answers in a timely manner, in a way that is clear and concise and helps you get your project moving forward.

Competitive prices

Our [custom t-shirts](#), [branded apparel](#), [signs and banners](#), [promotional products](#) and [printing services](#) are not only of the highest quality but are also priced competitively. You can rely on Instant Imprints to give you the best combination of service and value on the market.

INSTANT IMPRINTS © 2022

ABOUT US

Everything You Need To Promote

II TRANSATLANTIC, INC. is the worldwide franchisor of independently owned and operated Instant Imprints® centers located in the U.S. and Canada. The US corporate entity operates under No Frill Franchising, Inc., and in Canada, under II CA, Inc.

Instant Imprints transformed the apparel, sign and promotional products industries by combining multiple businesses into one efficient business model. Instant Imprints' customers come to them when they want their businesses, schools, organizations or groups, to be more visible to their customers, students, users or members. Our centers create that visibility **five different ways:** branded apparel, signs & banners, custom t-shirts, promotional items and print services.

Instant Imprints began franchising in 2002. CEO Ralph Askar and a group of shareholders first purchased the master license for Instant Imprints Canada, then purchased the balance of Instant Imprints in May of 2011. CEO Ralph Askar, with more than 28 years of hands-on accomplishments as one of Mail Boxes Etc. and The UPS Store's most successful multiple area franchisees and multiple international master licensees.

Embroidery

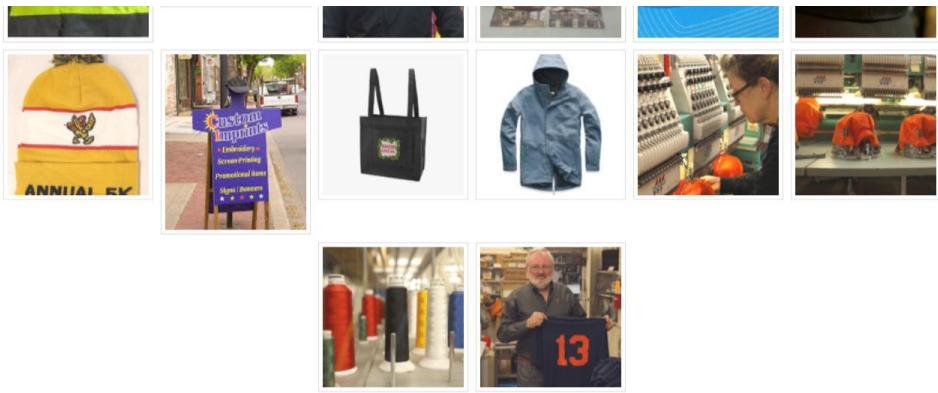

When you have a piece of clothing embroidered, you want to know that both the article of clothing and the embroidery itself will stand the test of time. At Custom Imprints, we began in 1997 with a single embroidery machine, and a dedication to quality work and outstanding customer service.

We offer a wide variety of styles, fabrics and colors to create your desired look and feel. We also offer a full range of products, from indoor and outdoor corporate apparel to sports team uniforms and spiritwear.

Make your company or team look professional with custom decorated apparel such as polo shirts, hats, visors or bags! In addition, why not thank your customers by giving them something to remember you by, and in the process advertise your business!

We can work with your logo, design a logo for you, or choose from our pre-designed logos. Stop in our showroom to look through our catalogs or browse some designs below. Our guidelines for custom embroidery are below the sample designs.

Guidelines – How To Order Embroidery From Custom Imprints:

Set-up Charges:

There will be a one time setup charge to digitize your logo for embroidery. Digitizing fees vary. Included in the setup is an embroidered sample proof of your logo before the start production, to insure accuracy. Embroidery charges are based on quantity. The set up fee is a one time charge and your logo is kept on file allowing for quick turnaround on future orders.

Other catalogs are available. Please call our customer service representatives.

Request for Quote:

To receive a quote, submit your logo via email or fax. Preferred file formats for artwork include: .ai, .eps, .cdr, .pdf, .jpeg, .bmp, .tif and .gif. Vectored art is accepted when available. Please do not embed the logo in the email. MAC users please send .pdf files.

Need help uploading artwork that exceeds your email provider's limits?

Please include as much information as possible such as quantity, sizing, apparel type (see the online catalog) colors, deadline, and contact information

Information

Most quote requests are processed within 24 hours

Payment Information:

We require a deposit of half the amount specified in the quote before production will begin, with the balance due upon receipt. Standard turnaround time is 7-10 business days from artwork approval. We are willing to work with you on any deadlines you might have. Rush fees may apply. We accept cash, checks, and most major credit cards.

Printing & Creative

Screen-printed T-shirts

Advertise your business or a special event with screen-printed T-shirts! They're also great for give-a-ways and promotions.

If you're involved with a team, screen-printed T-shirts are an excellent way to show your team or school pride. Call us today and let our knowledgeable customer service representatives help you through the process, from your artwork to your finished product.

Need help creating a logo or artwork? Our creative staff can help make your vision a reality (see samples below).

We also offer direct printing

Direct printing is a new technology that allows us to print fewer shirts with more colors at a lower cost than screen printing. This process is great for business or personal applications, such as family reunions, birthdays, fund-raising teams, or corporate or church retreats.

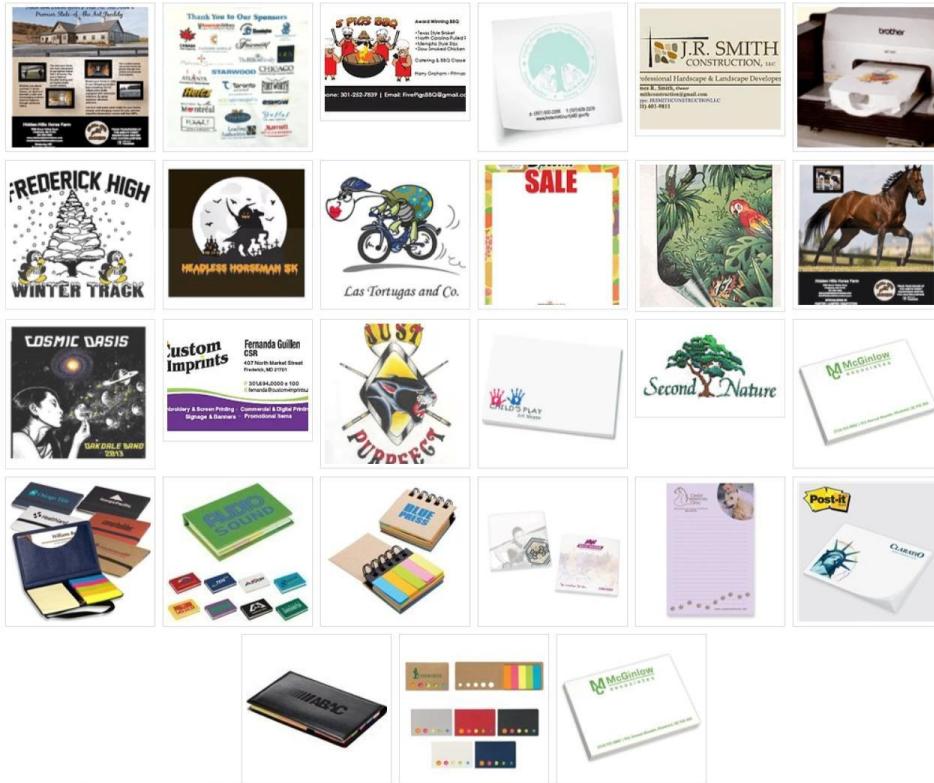

It's also a great solution for contractors concerned about price for shirts that will get dirty or damaged from physical labor.

Whatever the application, there are many benefits for direct printing over other methods:

- Ink is embedded in the fabric, so there are no transfer lines or cracking over time.
- It's very durable – even after many washes – so company logos stay sharp.
- There are no minimums quantity, no setups, and no extra charge for multiple color prints.
- Give this new Direct Printing solution a try!

Please browse through some examples of our work below, and review the ordering guidelines.

Please browse through some examples of our work below, and review the ordering guidelines.

Guidelines – How To order direct printing:

Set-up charges:

With direct printing, the better the artwork that's submitted, the better the final product will be. In some cases we are able to resize a design if

necessary.

As noted above, we can also create a logo or artwork for you for a reasonable cost.

To request a quote:

About Us

While working as a chef at the Comus Inn at Sugarloaf Mountain, in Dickerson, Maryland, Jean-Louis Lepage met with an acquaintance who had done some screen printing for him. The idea of getting into embroidery caught Jean-Louis' attention. That's when he met Marsha Young, who, ironically, was also a friend of the screen printing contact, and also had a background in food service.

Starting small with one embroidery machine

Together they started their business with one embroidery machine in a warehouse on Third Street. After expanding at another location, they opened in their current building at 407 N. Market St. in 2000. Their staff now includes seven people at that location and several in the screen printing facility across the street. He and Marsha both enjoy sharing their culinary talents with their staff. Arrive at their office around 1 p.m., and you're sure to encounter the smells of a savory lunch!

The business has been through some tough times, such as the recession that hit in 2008. "Thank God I owned the building here – it was a great help to be the owner – we weren't hit as hard as some businesses," remembers Jean-Louis.

Married to Gena, with two adult children, Emilie and Marcus, Jean-Louis has been the smiling face of the business out in the community, whereas Marsha is typically the behind-the-scenes operations partner. Jean-Louis is involved in numerous projects of the Carroll Creek Rotary Club, including

Oktoberfest, Bikes for the World and Color on the Creek. Additionally, he and Marsha have provided T-shirts for the Way Station's Turkey Trot, volunteer at the Tour de Frederick, and lend their cooking talents to Blessings in a Backpack and Mission of Mercy.

Jean-Louis and Marsha Young cooking for volunteers at Blessings in a Backpack – one of many nonprofit activities where they utilize their chef skills!

"I love Frederick, so it's great to raise money and put it back into the community," Jean-Louis says with a smile.

"Over the years we have learned that excellent customer service is the key to growing our company. As a result, we are proud of our customer service reps and the service they provide to you, our valued customers. After all, our customers are the reason we are in business and we thank you for your patronage," say Jean-Louis and Marsha.

About Us

Custom Imprint was started in 1995, with a single machine, offering Hot Stamp Foil imprinting services for plastic components produced by local Injection Molding and Plastic Extrusion Companies. Some early parts printed include electronic housings, promotional advertising products, nameplates, restroom signs, lawn care products, wire markers, and containers.

Utilizing extensive previous design experience with Plastic Injection Mold Tooling, Part and Special Machine Design, Custom Imprint often consults with customers developing new products to assist in the creation of the most effective part geometry and imprint area location prior to Mold Tooling construction. As the imprint is normally the last operation to complete a plastic part, frequently, little thought is given to the actual execution of the imprint. Even though the imprint area looks to be available, thought must be given to the ability to easily fixture the part for efficient, cost effective imprinting. Often, handling of a part can be more costly than the actual imprint itself.

Shortly after startup, Pad Printing capabilities were added to provide the ability to print on uneven, or non-flat surfaces, which are most often necessary for effective Hot Stamp printing. Further, many more materials can be Pad Printed and in unlimited colors, or multi-color. Unlike Hot Stamping, most misprints can be wiped clean with solvent and reprinted.

Custom Imprint added numerous in house, capability support functions, including fixture design and build, printing plate construction, artwork creation, film processing and PMS™ color matching.

As an imprinting contractor, more printing processes were added to complement existing capabilities and to accommodate new applications and requirements. In addition to Hot Stamping and Pad Printing, Custom Imprint expanded to offer Screen Printing, Heat Transfer Printing, 4 Color Digital Printing and Laser Engraving utilizing more than 30 State of the Art Imprinting Machines .

The original Company vision to provide high quality printing, with dependable delivery and competitive pricing, coupled with Excellent Customer Service remains to this day.

Excellent Customer Service includes NO VOICE MAIL - when you telephone, a technically qualified person will answer!
"No obligation" Quotation Requests are encouraged.

Pad Printing

Pad printing is a printing process that transfers a 2-D image onto a 3-D object. The printing art/image is etched into a plate, a silicone pad then picks up the ink and transfers it onto the object being printed on. The silicone pad allows for a great variety of surface material and irregular shapes to be printable.

Hot Stamping

Hot stamping is a single color, dry print process, in which a hot die presses a foil of dry ink into an object, leaving the ink fused into the object. The print can be depressed into the object this way. Typically used on plastic items with a flat imprint area, or if a depression is desired in the print.

Full Color Digital Printing

Full color digital printing is used for more complex and multicolored prints. Specialized, UV drying ink is used. Sequential numbering and changeable text, such as serial numbers, can be done this way.

Laser Engraving

Laser Engraving is a versatile "printing" process. It uses a concentrated beam of light to mark the surface of an object. This can be used for simple designs as well as serial numbers, sequential numbers, and other part unique information. It can also be used to cut out custom shapes in certain materials.

Services include: Pad Printing, Hot Stamping, Foil Stamping, Screen Printing, Heat Transfers, Digital Printing, & Laser Engraving. Printing Contractor.

DECALS

We have both pad printing and UV printing capabilities. Pad printing is our most versatile print method and is the default for a wide range of products.

We also laser engrave. We can directly laser a number of our goods, and we can decorate and apply laser engraved plates as well.

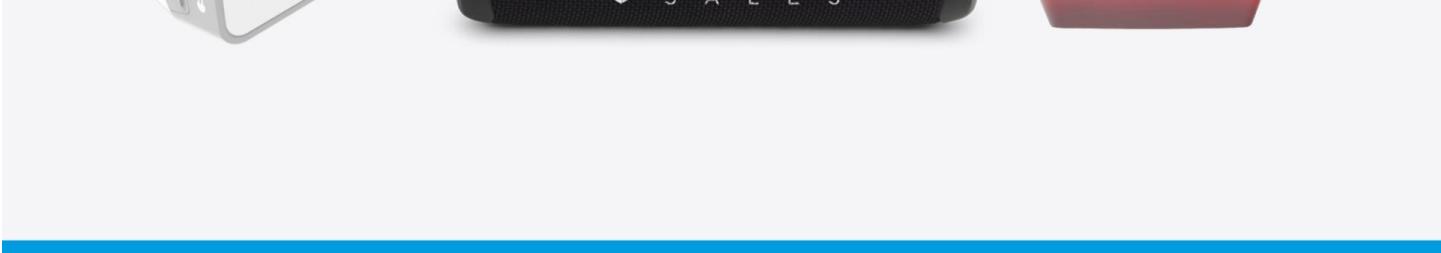

In addition to our standard methods mentioned, we have decal and full color plate methods that require custom quoting.

HOW WE WORK

We have a warehouse stocked with over 7,500 products and have the ability to customize a high percentage of those products. We have a team devoted to providing these services to you.

Real Uncensored Customer Reviews

Here's what real customers say about their Imprint Experience

“

Was able to find a multitude of products I can personalize for my upcoming wedding all in one place. The site had MANY templates to choose from and I found the perfect design to match my theme. The koozies and stadium cups are going to be an excellent addition to our open bar. Definitely recommend using them for your next big event.

Sheriden Ema

”

I ordered a variety of marketing materials for my small start up ranging from pens and lanyards to usb flash drives. I was provided with proofs of the products with the logo I uploaded and the design team was very attentive regarding any changes I needed to make. Very easy to work with. I will definitely be ordering again.

Cassie Ellis

”

Highly Recommend purchasing water-resistant paper wristbands for your next event. I was able to do a full color design and the bands lasted all weekend. Great cost-effective alternative to vinyl bands.

CREATE NEW OPPORTUNITIES WITH CUSTOM MARKETING MATERIALS

Can print marketing materials still have an impact in the age of social media and smartphones? The answer is, yes. In fact, print marketing stands out against all the digital noise more than ever. According to [Scientific American](#), digital screens interfere with text navigation, which results in a mental drain rather than enabling you to completely process the information. A [Temple University study](#) shows that paper advertisements activate the brain part associated with reinforcement and reward.

Spread Your Message Through Printed Promotional Items

Printed promotional items make great giveaways and are a nice way to kick off new marketing campaigns, events, and company milestones. These items allow you to create a uniform look and holistic brand for any organization. Clients gain a strong impression of your brand with custom promotional giveaways at major trade shows and conferences.

Create practical giveaways that provide easy access to company information and strengthen your brand as part of a suite of marketing tools. Customers are more likely to seek these functional promotional items:

- **Stickers** printed in your chosen shape and size.
- **Magnets** that distinguish mobile marketing efforts.
- **Buttons** staff members can wear and give away at your booth.
- **Keychains** with foil or engraved decorations to emphasize your logo.

They're perfect for any sized business looking for long-term and attractive ways to advertise. There are also high-end and economy options available for every budget, from cotton t-shirts to athletic apparel. Order a set of work wear shirts for your employees who work on the field or customize a set of athletic shirts they can wear at a fundraiser

Answers a few of the most common questions you may have about promotional products.

You can also customize notebooks, notepads, calendars, and flash drives your staff can use inside and outside the office. Order in bulk for your staff to use and refill as needed. Give them away to clients and customers to reinforce recall of your brand, especially at events or as gifts during the holidays.

Create and Upload Your Design in Minutes

After choosing your desired product, upload your design file and our print experts will give it a thorough review.

If you don't have an existing design, you can use our powerful yet easy-to-use online design tool to create printed promotional items from scratch. Select from a set of templates, then add your logo, company name, and other product information.

During your free file check, our print specialists will notify you if anything is amiss so adjustments can be made before you start printing. The 30-point human and automated review is complimentary with every order.

Do you have specs in mind for your printed promotional items? You can get a [custom quote](#) here. Just select your preferred printing method then fill out the form with your information.

Custom Promotional Products FAQs

Q: How is my logo printed on a jacket or shirt?

-

A: You can choose from two decoration options for jackets and shirts:

- **Embroidered** is a hand-made, three-dimensionally stitched design.
- **Digital print** processes and prints your artwork using a computer. The ink is directly placed on the custom promotional item, bringing out the details on light-colored designs.
- **Screen printing** applies layers of ink (the stencil or "screen") on the product's surface. Recommended for bright colors on dark fabrics.

Q: What type of bags are available for custom printing?

Custom Brand Identity Packages

[Start Your Brand Identity Project Today](#)

Live in harmony. Create consistent, quality design across all your printed materials.

If your name is on it, it needs to look good—that's why we create custom brand identity packages to unify your marketing materials. Our design and print perfectionists put your corporate identity on the path to success by integrating your logo and typography onto professional, custom-printed materials.

From stationery and booklets to manuals and business forms, every printed item is a chance to reinforce your brand.

When a prospect, customer or even an employee sees your business cards and later your proposal and finally your annual report, it's a representation of your brand. The right identity package can connect you to your audience on a meaningful level.

The screenshot shows a mobile messaging interface. On the left, there's a thumbnail of a product design for "PURE NATURE BOTANICAL". The design features a woman's face, the text "All Natural", and a small flower icon. A blue callout bubble from "Alaa" asks, "Can we add another plant to the design?". The user replies with a blue button that says "Sure!". Below the message is a timestamp "Alaa · Just now". At the bottom of the screen, there's a navigation bar with a white circle containing a blue triangle pointing down.

The screenshot shows the 99designs website. At the top, the 99designs logo is displayed with the tagline "by vista". To the right, there's a grid of 12 small images. The top row contains profile pictures of a man with a red beanie, a woman with long dark hair, a woman with long blonde hair, and a man with a beard. The middle row contains a graphic design for a "WEDDING INVITATION", a graphic design for a "POSTER", a graphic design for a "BOOK COVER", and a portrait of a man. The bottom row contains a portrait of a man and a portrait of a smiling man.

Frequently asked questions

How do I build a website?

There are two main ways to build a website. If you are technically proficient and have the time to invest, you can learn HTML, CSS and other web development technologies to build a custom website from scratch. This method will give you complete flexibility and control over your website, but will also require a significant time investment. The more popular method is to use an online website builder tool to help you build a professional-looking website in a fraction of the time. With these online tools, you can start by choosing one of hundreds of pre-built templates, then customize the look with your business logo, colors, fonts and images. You can then add your content, pages and other items like forms, social media connectors and shopping baskets. With an online website builder, you can get a highly-personalized business website with minimal effort using easy-to-use tools.

Screen printing is a popular technique to create a range of promotional products, including [custom screen printed t-shirts](#), [custom screen printed sweatshirts](#), tank tops, and hats.

Screen printing in Denver

Screen printing or silk-screen printing is a technique that prints your designs using a mesh of fabric to transfer the ink onto the garment. This method of screen print transfer is an effective and long-lasting option for brands looking to achieve good-quality designs for promotional products.

Why is screen printing used?

There are reasons why a printing company uses screen printing techniques. The most prominent feature is custom transfers can be

designed and printed using a myriad of colors and is even effective on dark fabrics.

Screen printing can also accommodate intricate designs, and the process enables custom designed templates to be used many times before it needs to be reproduced again.

Other ways to complete screen printing, including using heat transfer. When a heat press is applied to the transfer paper, and the ink below reacts and sticks to the fabric. This can be a suitable method for smaller batch orders and more detailed images.

Branding Agency Services

A striking design and strong communication are at the heart of any effective branding and marketing strategy. At Anthem Branding, our branding agency services are not the traditional or run of the mill techniques that you expect from a branding and design agency. We understand in order to speak to your customers on a deeper level, you need a thought-provoking brand identity that resonates directly with your audience and their needs.

Our full-service branding and design agency offers a range of brand development services to help you establish a connection with your customers. We specialize in several aspects of areas, including:

Branding strategy and brand development services

Branding sits at the core of your business message and communication funnels. Our branding agency services help to develop a marketing plan that enables you to identify and target your desired audience. Branding your business should translate to people caring about your brand and what it stands for. Creating an unforgettable story inspires loyalty and ensures people remember your name. We then go on to amplify these branding foundations with tech and social media to establish your brand in your niche.

Custom merchandise and apparel for your promotional activities

While the ethos behind good branding sits in the customer's thoughts, you can also create tangible experiences to complement it. At Anthem Branding, our branding agency services also include the creation of custom merchandise to bring your company to life. Partnering with us enables you to build a tactile connection with your customers. Our branding agency services include design and production teams who specialize in creating premium merchandise, including promotional products, cut-and-sew bags, headwear, and apparel.

Retail packaging services for standout branding

If you are looking for branding agency services to take your retail business to the next level, we can help. The power of a thoughtful and compelling brand message alongside high quality and engaging design is centric to creating packaging that makes customers want to buy your product. We help turn your story into an intelligent design.

Promotional Products

Custom promotional products can elevate your brand, allowing you to stand out among your competition. There are lots of cool and unique ways to use branded products within your marketing strategy without them looking too gimmicky. Customized promotional products also enable you to keep branding consistent throughout your company, which ensure you have positive brand recognition at all times.

Types of promotional items available

There are hundreds of promotional products available for different marketing uses. Some suit corporate requirements while others are ideal for giving away as a promotional product at trade shows. Each has benefits to your company and will provide an engaging and impactful addition to your marketing efforts. Some of the top promotional products include:

- Water bottles
- Clothing
- Tote bags
- Face masks
- Hand sanitizers

Whether you're a small business looking for more exposure or an established company creating trade show materials, there are cost-effective branded items for all budgets.

Gain visibility with high-quality promotional products

At Anthem Branding in Boulder, Colorado, we have extensive experience in bringing promotional and branded products to life. We take care of the details of each design and ensure they translate well on your chosen promotional products. Our team is available to partner with you from initial design ideas and marketing strategy through to the finished product. We also have experience in recognizing market trends and will ensure you get the right products and brand awareness suited to the campaign and consumer.

Eco-friendly promotional products

We share the same values and ethos as our customers when it comes to providing plant and people-friendly alternatives when it comes to delivering promotional products. Among the popular options for bags, hats, and clothing, materials such as organic cotton and jute are suitable fabrics for your requirements.

Corporate promotional products

Promotional products aren't just suitable for promotional activities; they also provide a consistent look and vibe within your business. Whether you're in a corporate setting or an informal work environment, company branding is vital to show you are a team.

Promotional products are available for a wide range of uses including uniforms, corporate gifts for clients, and keepsakes such as keychains for employees.

Custom Apparel

Custom apparel is the perfect way to elevate your brand and the message you want to portray. This type of merchandise is ideal for promoting your business with tactile products that provoke thoughts and feelings about your company and its ethos. Exploring apparel clothing options is also an affordable way to market your business. At Anthem Branding, we provide a full-service branding and design agency to help you create the ideal promotional clothing that hits all the right notes.

Our brand development services, and design team are specialists in bringing your ideas to life. Some of the types of apparel services we provide include:

Custom Clothing

If you're looking for a range of custom clothing options, including polo shirts, dress shirts, tank tops, and day t-shirts, we can create the ideal branding for multiple styles of clothing. Our team doesn't just provide garment printing or run of the mill customized t-shirts; we

Focus on getting your core branding message communicated through high-quality custom clothing that represents your brand.

Screen printed or embroidered options

Custom clothing is available in a variety of design options, including printing and embroidery finishes. Each design is suitable for everything from a simple company logo or trade show promotional garments. Styles such as shirts and hoodies also look great with either design finish, so this can be tailored to your requirements and budget.

Promotional clothing and merchandise

If you're looking to promote your business at events, custom clothing is the perfect way to create a memorable takeaway. This is a tried and tested method of gaining exposure for your business and developing customer loyalty. It also opens up a conversation during events and is an easy way to capture interest during and after trade shows. Custom apparel and merchandise products for this type of market activity often use screen printing methods as an affordable and high-quality way to promote your business.

Some examples of the customized items we provide include:

- Bags
- Hats
- T-shirts
- Hoodies
- Sweatshirts
- Water bottles
- Face masks .

Packaging Design

Brand identity is more important than ever. In today's highly competitive business landscape, that brand identity means that you stand out and creates a lasting impression in the minds of your target audience. If your customers need you in the future, your branding will be what they remember. Custom packaging that's branded to match your website, your stores, and your products are one of the most important resources for strategic branding impact. When your shipping boxes and products are delivered, your customers know what they're getting. At Anthem Branding, we deliver product packaging design that is tailored to your brand culture and your target audience.

The Leading Packaging Design Agency

Known across the U.S. for our custom packaging solutions, we can give you control of your product packaging design from conception to delivery. Custom packaging is more than just shipping boxes and envelopes. Your products need to be protected from the elements, and that means the exteriors of them need to be robust while also putting your logo design and brand identity customer-facing. From drinks that need the perfect bottle or can to products that need to be kept in place inside a container, your custom packaging can be more than just a means for keeping your product protected. It can also be part of your brand storytelling and a critical component of your strategy. There are many packaging design companies in Colorado and across the U.S., but at Anthem Branding, we do more than simply deliver folding cartons with your logo slapped across the exterior. 

Graphic Design and Branding Package Design

We have worked with some of the biggest brand names in Denver and Colorado because we offer a complete custom packaging service. Our team of graphic design experts will offer options for bespoke logo design and web design integration, or incorporate your existing graphic designs and business logos into your custom packaging. When it comes to product packaging design, a variety of factors have to be taken into account. The size of the product, how fragile it is, and its components will all need to be considered so that your custom packaging is perfectly suited.

The target audience also needs to be thought-about because gendered products can be targeted to appeal to specific people. We'll even find out more about the age of your target audience because if you sell something to a largely elderly demographic, then larger fonts will work a lot better on your custom packaging than smaller fonts. There's a lot to consider in strategic branding, and your product packaging design needs to be perfectly suited to the target audience who are going to buy what you sell in Colorado, Denver, and Boulder.

The Marketing Company That Works With You

The type of business you are will affect the types of custom packaging that you'll need. Retailers with a physical store will often need very different brand strategies than a business that is eCommerce only. If your product is sold in physical stores that sell multiple products, including those from your competitors, then you will want your custom packaging to stand out, be seen, be remembered, and be bought more often than your rivals. The right logo and the perfect product packaging design will go a long way to making sure that you sell more units and make greater profits. If you sell your product online-only, then sturdiness is a vital factor to consider, with space-optimized to keep your product safe and rattle-free.

What Is Packaging Design?

The right packaging is all about organization. The outside of your product will be made of many parts, from the choice of material to the colors, fonts, and logo design that you use. People use containers to make everything more practical, and it is often considered as a tool. However, custom packaging isn't just about practicality; it's also about the consumer experience. How your product is packaged will affect that consumer engagement, and your custom packaging can become part of your storytelling. Any marketing company will stress the importance of brand storytelling, and touch, sight, sound, and sometimes even smell and taste will all be a part of that consumer experience. Your custom packaging will tell your target audience exactly what your product is. More importantly, it can even tell those consumers why they should buy what you're selling.

How Do Customers Most Benefit From Packaging Design?

When you pay more attention to your product packaging design, you aren't just creating an advert for your brand. You're also making it easier for your customers to choose what to buy. Simple factors like the colors used in custom packaging can be very beneficial for those

companies selling a product aimed at children, while health-focused companies can often benefit from softer, more pastel, and 'adult' color schemes. Our graphic design team will use the textures and color schemes that will most impact your target audience, making it easier for that audience to make a buying choice. The packaging will also be designed so that it is easier to display while also keeping the product itself safe. That means your customers are far less likely to buy damaged goods that will negatively impact your brand reputation.

What Is Sustainable Packaging Design?

Everyone is thinking more about their environmental impact, and brands are no different. When your custom packaging is designed to be more sustainable, it means that you are thinking of ways to help reduce the environmental harm that can be caused by product packaging. At Anthem Branding, we make sure that your custom packaging will have the least amount of environmental impact as possible, often by considering what your packaging can be used for once the product has been opened or used. In many cases, we will design your packaging so that it can serve another purpose, either immediately or when recycled. The ecological footprint of your company will then be reduced, a fact that can be used as part of your marketing strategy. When consumers are aligning with greener brands, your custom packaging can be the foundation of all of your marketing strategies.

Why Is Packaging Design Important?

As the packaging design agency of choice for some of the most recognizable brands in America, we make sure that you understand all of the reasons behind every design decision made for your custom packaging. From keeping your product safe and secure to improve the way that it stands out from your competitors, your product packaging design can be the key to more sales and more reliable brand growth.

Premium print is just the start

For \$99/year this plan also gives you the extra services, tools and discounts your business needs. Here are just a few of the benefits.

Design support

Our in-house design team is your team's secret weapon. From helping to create your unique template, to answering any burning artwork queries, they'll protect your brand at every stage.

Savings and discounts

You get business-level preferential pricing and discounts. All through the year. Because, while we know you love premium print, we're pretty sure you like saving money too.

Convenient platform

Quality control is made simple with our intuitive platform. It's easy to use, makes (re)ordering a breeze and keeps you in control of the brand you lovingly created. No more stretched logos, or typos - mistakes are stopped before they happen.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 23, 2022 for
U.S. Trademark Application Serial No. 97120668

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) [**Read the Office action.**](#) This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status of your application periodically**](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
