United States Patent and Trademark Office (USPTO) Office Action (Official Letter) About Applicant's Trademark Application

U.S. Application Serial No. 97120779

Mark: TAC HOLSTER

Correspondence Address:

ELIZABETH OLINER
OLINER LAW
345 GROVE STREET, 2ND FLOOR
SAN FRANCISCO CA 94102 UNITED STATES

Applicant: A.C.S. industries LTD

Reference/Docket No. N/A

Correspondence Email Address: liz@olinerlaw.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 23, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issues below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SUMMARY OF ISSUES:

- Section 2(d) Refusal - Likelihood of Confusion
- Section 2(e)(1) Refusal - Merely Descriptive

SECTION 2(d) REFUSAL - LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration Nos. 4260658 and 3829096. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

Applicant's mark is TAC HOLSTER in standard character form for "Ammunition; Explosives; Firearms; Fireworks; Ammunition bags; Ammunition for firearms; Holsters; Projectiles; Combination holster and ammunition magazine pouch; Pistol holsters" in Class 13.

Registrants' marks are:

TAC (Registration No. 4260658) in standard character form for "Gun powder" in Class 13.

TAC (Registration No. 3829096) in standard character form for "Firearms" in Class 13.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the "du Pont factors"). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of

record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. See *In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

COMPARISON OF THE MARKS

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Inn at St. John’s, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff’d per curiam*, 777 F. App’x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

RELATEDNESS OF THE GOODS

The goods and/or services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. See *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

Relatedness to Registration No. 4260658

The attached Internet evidence, consisting of third-party enterprises offering gunpowder and ammunition, establishes that the relevant goods are sold or provided through the same trade channels and used by the same classes of consumers in the same fields of use. Thus, applicant’s and registrant’s goods are considered related for likelihood of confusion purposes. See, e.g., *In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

<https://fiocchi.com/en/catalog/ammo/components/powder.html>

<https://www.powdervalleyinc.com/>

<https://www.defenderammunition.com/>

Relatedness to Registration No. 3829096

Both the application and registration recite "firearms" and thus are partially identical with respect to these goods. Additionally, the attached Internet evidence, consisting of third-party enterprises offering firearms and ammunition, establishes that the same entity commonly manufactures the relevant goods and markets the goods under the same mark and the relevant goods are sold or provided through the same trade channels and used by the same classes of consumers in the same fields of use. Thus, applicant's and registrant's goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

Thus, upon encountering applicant's mark TAC HOLSTER in commerce, consumers are likely to be confused as to the source of applicant's and the cited registrants' goods. Therefore, with the contemporaneous use of highly similar marks, consumers are likely to conclude that the goods are related and originate from the same source. As such, registration on the Principal Register must be refused under Section 2(d) of the Trademark Act.

Applicant should note the following additional ground for refusal.

SECTION 2(e)(1) REFUSAL - MERELY DESCRIPTIVE

Registration is refused because the applied-for mark merely describes a characteristic of applicant's goods. Trademark Act Section 2(e)(1), 15 U.S.C. §1052(e)(1); *see* TMEP §§1209.01(b), 1209.03 *et seq.*

Applicant's mark is TAC HOLSTER in standard character form for "Ammunition; Explosives; Firearms; Fireworks; Ammunition bags; Ammunition for firearms; Holsters; Projectiles; Combination holster and ammunition magazine pouch; Pistol holsters" in Class 13.

An abbreviation, initialism, or acronym is merely descriptive when it is generally understood as "substantially synonymous" with the descriptive words it represents. *See In re Thomas Nelson, Inc.*, 97 USPQ2d 1712, 1715 (TTAB 2011) (citing *Modern Optics, Inc. v. Univis Lens Co.*, 234 F.2d 504, 506, 110 USPQ 293, 295 (C.C.P.A. 1956)) (holding NKJV substantially synonymous with merely descriptive term "New King James Version" and thus merely descriptive of bibles); *In re BetaBatt Inc.*, 89 USPQ2d 1152, 1155 (TTAB 2008) (holding DEC substantially synonymous with merely descriptive term "direct energy conversion" and thus merely descriptive of a type of batteries and battery related services); TMEP §1209.03(h).

A mark consisting of an abbreviation, initialism, or acronym will be considered substantially synonymous with descriptive wording if:

- (1) the applied-for mark is an abbreviation, initialism, or acronym for specific wording;
- (2) the specific wording is merely descriptive of applicant's goods and/or services; and
- (3) a relevant consumer viewing the abbreviation, initialism, or acronym in connection with applicant's goods and/or services will recognize it as the equivalent of the merely descriptive wording it represents.

TMEP §1209.03(h); *see In re Thomas Nelson, Inc.*, 97 USPQ2d at 1715-16 (citing *In re Harco Corp.*, 220 USPQ 1075, 1076 (TTAB 1984)).

In the present case, the attached evidence from abbreviationfinder.org shows that the term "TAC" in applicant's mark is an abbreviation for the wording "tactical." Further, the attached evidence from ahdictionary.com shows that this wording is merely descriptive of a characteristic of applicant's firearms, holsters, and ammunition because "tactical" means "relating to, using, or involving tactics," and "tactics" means "military actions or maneuvers used against an enemy." This term describes a characteristic of the goods by allowing a user to employ the goods for action or maneuvers against a threat or enemy. The term "HOLSTER" is also defined to mean "a case of leather or similar material into which a pistol fits snugly and which attaches to a belt, strap, or saddle so that it may be carried or transported." This term describes a function of the recited goods, which includes "holsters."

Lastly, a relevant consumer viewing "TAC" in applicant's mark in connection with the identified goods would recognize it as the equivalent of the descriptive wording it represents because third-party webpage evidence showing holsters display "TAC" frequently in connection with descriptions of the goods being "tactical," and because "TAC" contains the first three words of "tactical" consumers would recognize the term as being equivalent to "tactical" and descriptive of a characteristic, purpose, or use of the goods. Furthermore, the composite "TAC HOLSTER" is descriptive of applicant's holsters, which are for military action or use or use against threats or enemies.

For these reasons, the marks is merely descriptive in relation to the applied-for goods and therefore registration on the Principal Register is refused under Section 2(e)(1) of the Trademark Act.

To put (a gun, for example) in a holster.

Some compound words (like *bus rapid transit*, *dog whistle*, or *identity theft*) don't appear on the drop-down list when you type them in the search bar. For best results with compound words, place a quotation mark before the compound word in the search window.

Accuracy and performance.

I use only Ammo manufactured by the OEM of the firearm to ensure accurate performance without the possibility of jamming the slide. Dependable all the time.

Good round

I bought these as a self defense round and after shooting some I know I've made a very good choice.

Tell us why you would recommend SIG SAUER to a friend:

The legend P226 is by far one of my favorite guns that I have ever shot. The 147 grain bullets are a cut standard round to run through it good combination.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 23, 2022 for
U.S. Trademark Application Serial No. 97120779

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) [**Read the Office action**](#). This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status of your application periodically**](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
