United States Patent and Trademark Office (USPTO) Office Action (Official Letter) About Applicant's Trademark Application

U.S. Application Serial No. 97118631

Mark: ZTYGY

Correspondence Address:

ADEDAMOLA ITORO FAKUNLE
12234 SHADOW CREEK PKWY BLDG 5 UNIT 110
PEARLAND TX 77584 UNITED STATES

Applicant: Sihui City Maoheng Decoration Engineering Co., Ltd.

Reference/Docket No. N/A

Correspondence Email Address: dfakunle@damolalegal.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office

action.

Issue date: August 26, 2022

Introduction

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

Summary of Issues

- Section 2(d) - PARTIAL Likelihood of Confusion Refusal

Section 2(d) - PARTIAL Likelihood of Confusion Refusal

Note: This refusal only applies to some of applicant's goods, namely, "Bicycles; Air pumps for bicycles; Bicycle motors; Bicycle pedals; Bicycle saddle covers; Bicycle stands; Bicycle tires; Electric bicycles; Frames for bicycles; Motorized bicycles."

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration No. 5432761. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

Applicant has applied to register the mark "ZTYGY" in standard characters for “Bicycles; Air pumps for bicycles; Bicycle motors; Bicycle pedals; Bicycle saddle covers; Bicycle stands; Bicycle tires; Electric bicycles; Frames for bicycles; Mobility scooters; Motorized bicycles; Self-balancing scooters; Vehicle parts, namely, shock absorbers” in International Class 12.

Registrant's mark is "ZTYGY" in standard characters for "Animal-activated pet feeders that include dispensers for releasing pet toy feeder balls with pet food and pet treats therein; Automated pet appliances, namely, litter boxes; Brushes for pets; Cages for household pets; Cages for pets; Cosmetic brushes; Drinking bottles for sports; Drinking flasks; Electric pet brushes; Feeding vessels for pets; Fly catchers; Fly swatters; Grooming tools for pets, namely, combs and brushes; Hand-operated devices for scratching pets; Household storage containers for pet food; Incense burners; Insect traps; Litter boxes for pets; Mouse traps; Non-mechanized pet waterers in the nature of portable water and fluid dispensers for pets; Pet brushes; Pet feeding dishes; Pet feeding and drinking bowls; Pet grooming device comprising a built in brush head and an attachment that connects to vacuums; Pet grooming device comprising a built in brush head and an attachment that connects to a water source; Pet grooming device comprising a sprayer nozzle and an attachment that connects to a water source and to a reservoir for a conditioning agent; Pet litter box liners; Pet litter boxes; Pet treat jars; Pet waste management kits comprising scoops for pet waste disposal, plastic bags and liners, and portable dispensers for plastic bags and liners sold as a unit; Plug-in diffusers for mosquito repellents; Racks and stands for elevating pet feeding bowls and dishes; Rat traps; Scoops for the disposal of pet waste; Toothbrushes for pets" in International Class 21.

Similarity of the Marks

In a likelihood of confusion determination, the marks in their entireties are compared for similarities in appearance, sound, connotation, and commercial impression. *In re i.am.symbolic, llc*, 866 F.3d 1315, 1323, 123 USPQ2d 1744, 1748 (Fed. Cir. 2017); *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973); TMEP §1207.01(b)-(b)(v).

In the present case, applicant's mark is "ZTYGY" and registrant's mark is "ZTYGY". These marks are identical in appearance, sound, and meaning, "and have the potential to be used . . . in exactly the same manner." *In re i.am.symbolic, llc*, 116 USPQ2d 1406, 1411 (TTAB 2015), *aff'd*, 866 F.3d 1315, 123 USPQ2d 1744 (Fed. Cir. 2017). Additionally, because they are identical, these marks are likely to engender the same connotation and overall commercial impression when considered in connection with applicant's and registrant's respective goods and/or services. *Id.*

Therefore, the marks are confusingly similar.

Relatedness of the Goods and/or Services

The goods and/or services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. *See Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Hercko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

The compared goods and/or services need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be "related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668

F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

Here, applicant's goods and/or services, "Bicycles; Air pumps for bicycles; Bicycle motors; Bicycle pedals; Bicycle saddle covers; Bicycle stands; Bicycle tires; Electric bicycles; Frames for bicycles; Motorized bicycles," are closely related to registrant's goods and/or services, "Drinking bottles for sports; Drinking flasks."

The attached Internet evidence, consisting of Trek, All City Cycles, and Allied Cycle Works establishes that the same entity commonly manufactures, produces, or provides the relevant goods and/or services and markets the goods and/or services under the same mark. Specifically, these entities all make bicycles and parts and accessories for bicycles, including, water bottles. Thus, applicant's and registrant's goods and/or services are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

Accordingly, the goods and/or services are considered related for purposes of the likelihood of confusion analysis.

Conclusion

Because the marks are identical and the goods and/or services are related, there is a PARTIAL likelihood of confusion as to the source of applicant's goods and/or services, and registration is refused pursuant to Section 2(d) of the Trademark Act.

Note: This refusal only applies to some of applicant's goods, namely, "Bicycles; Air pumps for bicycles; Bicycle motors; Bicycle pedals; Bicycle saddle covers; Bicycle stands; Bicycle tires; Electric bicycles; Frames for bicycles; Motorized bicycles."

Response Options to Refusals

Although applicant's mark has been refused registration, applicant may respond to the refusal(s) by submitting evidence and arguments in support of registration.

Advisory regarding Partial Abandonment if Applicant Does not Respond

If applicant does not respond to this Office action within the six-month period for response, the following goods and/or services in International Class(es) 12 will be deleted from the application: Bicycles; Air pumps for bicycles; Bicycle motors; Bicycle pedals; Bicycle saddle covers; Bicycle stands; Bicycle tires; Electric bicycles; Frames for bicycles; Motorized bicycles. The application will then proceed with the following goods and/or services in International Class(es) 12 only: Mobility scooters; Self-balancing scooters; Vehicle parts, namely, shock absorbers. *See* 37 C.F.R. §2.65(a)-(a)(1); TMEP §718.02(a).

Response Guidelines

For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action. For a refusal, applicant may provide written arguments and evidence against the refusal, and may have other response options if specified above. For a requirement, applicant should set forth

the changes or statements. Please see “[Responding to Office Actions](#)” and the informational [video “Response to Office Action”](#) for more information and tips on responding.

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

How to respond. [**Click to file a response to this nonfinal Office action.**](#)

RESPONSE GUIDANCE

- **Missing the response deadline to this letter will cause the application to [abandon](#).** The response must be received by the USPTO before midnight **Eastern Time** of the last day of the response period. TEAS maintenance or [unforeseen circumstances](#) could affect an applicant’s ability to timely respond.
- **[Responses signed by an unauthorized party](#)** are not accepted and can **cause the application to [abandon](#)**. If applicant does not have an attorney, the response must be signed by the individual applicant, all joint applicants, or someone with [legal authority to bind a juristic applicant](#). If applicant has an attorney, the response must be signed by the attorney.
- If needed, [find contact information for the supervisor](#) of the office or unit listed in the signature block.

Why you'll love our electric city bikes

Expand your world

Commute by bike, replace your car, or take on bigger weekend adventures now that you have extra power and range. A single battery charge can take you anywhere from 30-100 miles!

Easily carry all your stuff

Carrying bags or groceries is easier (and less sweaty) with motor assist. E-city bikes are equipped with rear racks, fenders, and integrated lights so you have everything you need to haul

Conquer hills with ease

No more avoiding the scenic hilly route! And just try to hide your grin as you easily pass by runners and other riders on your way to the top.

Have a blast going fast

Trek e-bikes can go fast, but they're always under your control. You turn up the speed (and the thrill) whenever you're ready for it.

it all anywhere you want to go.

Why choose Trek? We're your e-bike experts.

Wherever you are— we're there, too

We have a worldwide network of certified e-bike retailers and service centers, so you'll always be able to find a qualified mechanic who understands electric bikes.

We'll take care of you

We're proud to have the best warranty program in the industry. Every Trek e-bike is backed by a lifetime frame warranty and a two-year battery warranty.

Best-in-class electronics

We only use pedal-assist e-bike drive systems that meet our incredibly high standards of quality, reliability, serviceability, and ease of use.

Full suspension mountain bikes

[Home](#) / Full suspension mountain bikes

Full suspension mountain bikes keep you in control and comfortable over rugged terrain. Trek's suspension solutions have been proven and refined over the years. Active Braking Pivot (ABP) and Mino Link make Trek full suspension models a class above the competition.

Cross country mountain bikes

From cutting-edge carbon race bikes to versatile models made for loads of fun on light trails, our cross country bikes are fast, lightweight, and efficient.

Supercaliber

Game-changing IsoStrut suspension tech makes this World Cup carbon race bike fast, light, and smooth.

[Learn more](#) ↗

[See all models](#) ↗

Top Fuel

Top Fuel's a full suspension XC ripper that's fast on flow and loves getting down on techy trails.

[Learn more](#) ↗

[See all models](#) ↗

Trail mountain bikes

Trek trail bikes are versatile, light, and exceedingly capable. They climb just as well as they descend, making them ideal for everything from enduro racing to ripping laps after work.

Slash

A long-travel all-mountain bike built for racing rugged enduro lines and having a rippin' good time in the rough.

[Learn more](#) 

[See all models](#) 

Remedy

Snappy 27.5" wheels make this the rig for popping off jumps, railing corners, and throwing the bike around.

[Learn more](#) 

[See all models](#) 

Fuel EX

The ride-it-all MTB. It's fast, capable, and fun everywhere—no wonder it's our most popular trail bike!

[Learn more](#) 

[See all models](#) 

Electric mountain bikes

Our e-MTBs let you explore more of the mountain and rip more laps than ever before.

The natural-feeling, trail-tuned boost powers you up climbs and lets you be your own shuttle.

Powerfly

Powerfly is a versatile and powerful e-MTB that helps you explore more of your off-road world.

FIND A RETAILER

STREET CRED

A meticulously designed, beautifully constructed track racer destined to take the modern fixed-gear rider beyond the velodrome.

FUN, FAST, FLASHY

Built to be the track bike we'd always dreamed of owning, this competition-ready steel frame soaks up bumps and sprints like a champ. Boasting a single set of bottle bosses and bumped-up tire clearance, it's drilled for brakes and fully street legal.

PERFORMANCE

612 SELECT TUBING

We've carefully chosen every piece of tubing on every frame size to provide the best ride possible. [Learn more about 612 Select Tubing](#)

DRILLED FOR BRAKES

Drilled for front and rear brakes when quick and safe stopping is needed off the track.

TIRE CLEARANCE

Run 25c tires on the track or swap 'em out for 32c tires when you're ready to hit the street.

SIGNATURE DETAILS

Our mission is to bring beauty back to production bicycles. This means investing in custom touches that elevate the whole. We devote time and resources to signature details that turn heads and signify high-quality craftsmanship. These elements tell a cohesive visual story and form a distinct silhouette so that even if your unique bike were stripped down to bare metal, it would still be instantly identifiable as an All-City bicycle. [Learn more](#)

LUGGED FORK CROWN

Thoughtful custom touches add class and style — perhaps where you least expect it.

SIGNATURE SEAT COLLAR

Train your eyes on that timeless and tasteful brazed-on seat collar, elegantly designed around the All-City logo.

CUSTOM DROPOUTS

Signature stainless steel Hennepin Bridge track dropouts add grace and a dash of pride for AC's home turf.

REINFORCED BOTTLE BOSSES

Beautiful stars reinforce the bottle bosses and our obsessive attention to detail.

LIQUID PAINT AND E.D. COAT

Our topnotch wet paint finish sparkles with depth and luster, while an E.D. coating protects against rust. [Learn more about our paint](#)

ACCOLADES

"Good for all things fixed gear with no limitations, my Big Block has been my trusty work bike, a velodrome racing bike, and a winter fixed gear. Three for one."

- Nikki from Minneapolis

"Most versatile bike I own. If the zombie apocalypse hit tomorrow, I'd grab this bike and get to work defending the world."

- Log from Seattle

Named One of 13 Awesome Fixies for Racing or Riding Around Town by Bicycling.com, May 2019

★★★★★ 5 Superb frame craftsmanship and beautiful paint job

Was hard work getting a 55cm Big Block frame here in the UK but has proven worth every second of effort. The frame itself is a piece of art and has clearly been made and painted with great care and attention to detail. This is my first fixed wheel bike and my first end to end build (with functional components from Velo Orange, Nitto, SunXCD and Shimano) and I cannot stop grinning while riding it. 40T front/18 rear as it'll be spending much of its time being ridden slowly on our canal towpaths!

★★★★★ 5 **Nice solid steel frameset**

I'm a messenger in Chicago/downtown area & the bigblock makes up for a great city bike super comfy geometry I use it as one of my daily's since it's my only work bike...recently opted on the all black colorway since I've owned the pink colorway in the past but ended up selling (biggest regret) I just had to hop on another one

Simply awesome

My go to fixie, still my favourite fixed frame for the street, great on steep velodromes, agile and confident handling, enough that sketchy gravel is no problem. Love it.

Bottom Line Yes, I would recommend to a friend

By Julian
From Melbourne, Australia

Awesome Bike

I'm 5'9.5" with a 32.5 inseam and long arms. The 52 size was the right fit. It's a really nice riding bike. The shop I bought it from in Tampa, FL threw in fairly nice pedals as a bonus. I might change out the grips for something more tacky, but other than that, it's perfect out of the box. It's way more money than the Kilo TT, but worth it for someone who rides all the time. You can really feel the weight savings and appreciate the beauty of it.

Sweet paint job

By Liam, Aka. Admiral Fixie
From St. Petersburg, FL

Near perfect!

It's a great fixie. I've had mine for about 6 months now and I've put over 1000 miles on it. It's been great for commuting and riding around town. The build quality is excellent and the handling is great. The only downside is the price, but it's definitely worth it if you're looking for a reliable fixie.

Bottom Line Yes, I would recommend to a friend

From Manhattan, NYC

Bottom Line Yes, I would recommend to a friend

Was this review helpful to you?  3  0 [Flag this review](#)

5 Smooth, Beautiful, and Solid

Purchased this to replace an aluminum frame and wow the difference is night and day. Way more sure footed on the rough roads in the neighborhood. I peddle with more confidence and the geometry is aggressive while being more comfortable than my older aluminum track frame. Everything is quieter too. Just hear the tires on the road! Feels bombproof I'm a nutshell.

Asked by Sasha 1 year ago

Q I am looking for a front rack that works with the Big Block, do you know of any?

+ Add your answer

Verified Reply - Matt

The Big Block is a track bike by design, therefore it will not have any provisions for racks or fenders.

1

0

Asked by David 2 years ago

Q I am 5'9" with a 32 inseam. Do you recommend the 52 or the 49?

+ Add your answer

Verified Reply - Evan

I would go with the 52cm at your height!

2

0

Asked by Mac 2 years ago

Q Anyone know the top tube diameter on a 46cm Big Block? I'd like to get cable clamps (didn't come with them?) for the brake cable. Also, awesome bike. So nice!

+ Add your answer

Verified Reply - Evan

The diameter of the 46cm Big Block's top tube is 28.6mm i.e. 1-1/8", cable clamps are not included. Glad to hear you're liking the bike thus far!

0

0

Asked by Tyler 2 years ago

Q When is the next color going to drop? Waiting for the Midnight Frost Violet to pass.

+ Add your answer

Verified Reply - Evan

Model year 2021 Big Blocks will be dropping in March!

12

0

Asked by Jake Bell 2 years ago

Q Does the frame set come with a headset or does one need to be purchased separate?

+ Add your answer

Verified Reply - Evan

The Big Block frameset does not include a headset.

BIKE. NO COMPROMISE.

The ECHO is the evolution and direct replacement for our beloved ALLROAD platform. It's the perfect bike for those seeking the quiver killer for fast road riding to gravel. The ECHO takes the versatility of the ALLROAD and expands the tire clearance up to 40mm and allows a truly optimized road geometry thanks to its flip-chip system.

 HAVE A QUESTION? [REQUEST CALLBACK](#)

FAQS

DO YOU HAVE A HEIGHT-BASED SIZE CHART? +

WHAT TYPE OF HEADSET DOES THE ECHO USE? +

WHAT IS THE MAX TIRE CLEARANCE FOR THE ECHO +

CAN I BUY IT WITH A 1X GROUPSET? +

ARE THE TIRES SETUP TUBELESS? +

CAN I HAVE A CUSTOM PAINT COLOR? +

CAN I BUY ONE WITHOUT THE INTEGRATED STEM? -

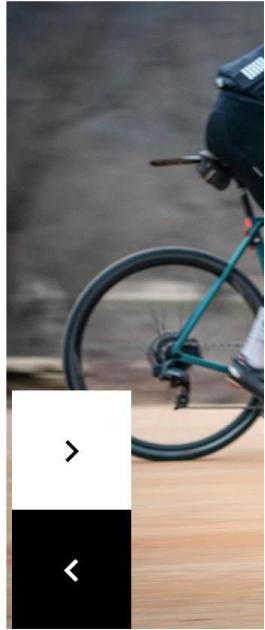

Of course, just let us know at the time of order as we will have to mold in the custom semi-internal routing.

FEATURES

ECHO STEM

The ECHO Stem is a fully integrated system designed in tandem with the fork to completely conceal the cables while still using a standard headset, and allowing the rider to easily swap stem lengths. 100% built in house, and painted to match each frame.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued

on August 26, 2022 for

U.S. Trademark Application Serial No. 97118631

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

(1) [**Read the Office action**](#). This email is NOT the Office action.

(2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.

(3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status**](#) of your application periodically in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
