**United States Patent and Trademark Office (USPTO)
Office Action (Official Letter) About Applicant's Trademark Application**

U.S. Application Serial No. 97120714

Mark: BESTCHOICELIGHT

Correspondence Address:

JINGFENG SONG
SCINOVA IP AND REGULATORY CONSULTING LLC
840 S NORTHWEST HWY, SUITE 204
BARRINGTON IL 60010 UNITED STATES

Applicant: Guangzhou Haiber E-commerce Co.,ltd

Reference/Docket No. N/A

Correspondence Email Address: scinovallcsg@gmail.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 22, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issues below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SUMMARY OF ISSUES:

- Prior-pending Application
- Section 2(d) Refusal for Likelihood of Confusion

PRIOR-PENDING APPLICATION

The filing date of pending U.S. Application Serial No. 97120427 precedes applicant's filing date. See attached referenced application. If the mark in the referenced application registers, applicant's mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion between the two marks. *See* 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 *et seq.* Therefore, upon receipt of applicant's response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced application.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant's mark and the mark in the referenced application. Applicant's election not to submit arguments at this time in no way limits applicant's right to address this issue later if a refusal under Section 2(d) issues.

SECTION 2(d) REFUSAL FOR LIKELIHOOD OF CONFUSION

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration Nos. 1997604, 6152828, 6653545, and 4346291. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registrations.

Applicant's applied-for mark is BESTCHOICELIGHT in standard characters for "Chandeliers; Air purifying apparatus; Automotive lighting headlights for vehicles; Ceiling lights; Cooking stoves; Desk lamps; Flood lights; Floor lamps; LED lamps; Lighting devices for showcases; Lighting fixtures; Lighting tubes; Lights for use in growing plants; Solar powered lamps; Wall lamps" in International Class 11.

The mark in U.S. Registration No. 1997604 is BEST CHOICE in typeset for, in relevant part, "Electric light bulbs" in International Class 11.

The mark in U.S. Registration No. 6152828 is BEST CHOICE PRODUCTS in standard characters for, in relevant part, "Air Fryers; Air fryer cooking ovens; electric coffee makers; electric pressure cookers; Sous vides machines; electric toasters; electric crepe makers; Electric kettles; electric deep fryers; Ice machines; portable fire pits" in International Class 11, and "Furniture; Office furniture; Outdoor furniture; Furniture for house, office and garden; Office desks; Reclining chairs; Ergonomic chairs for use in seated massages; Ottomans; Tables; Occasional tables; Folding tables; Display tables; Dining tables; Furniture made from wood or substitutes for wood; Furniture made from wood or substitutes for wood, including coffee tables made of wood; Sofas; Futons; Accent pillows; Benches; Outdoor benches; Lounge chairs; Reclining chairs; wicker outdoor furniture; wicker outdoor furniture, namely, sofas, tables and chairs; cushions for outdoor furniture; wicker furniture, namely, tables and chairs; Baker's racks; Kitchen baker's racks made of metal; Patio furniture; Porch swings; Hammock stands;

swing chairs" in International Class 20.

The mark in U.S. Registration No. 6653545 is BESTCHOICEPRODUCTS in standard characters for, in relevant part, "Log racks in the nature of storage racks for firewood; Bathroom vanity mirrors; Armoires; Work benches; Potting benches; Umbrella stands; Bed frames; Furniture; Fireplace screens" in International Class 20.

The mark in U.S. Registration No. 4346291 is BEST CHOICE PRODUCTS in standard characters for "Online retail store services featuring a wide variety of consumer goods" in International Class 35.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the "du Pont factors"). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, "not all of the DuPont factors are relevant or of similar weight in every case." *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) ("The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks."); TMEP §1207.01.

Similarity of the Marks

Applicant's applied-for mark is BESTCHOICELIGHT. The mark in U.S. Registration No. 1997604 is BEST CHOICE. The mark in U.S. Registration No. 6152828 is BEST CHOICE PRODUCTS. The mark in U.S. Registration No. 6653545 is BESTCHOICEPRODUCTS. The mark in U.S. Registration No. 4346291 is BEST CHOICE PRODUCTS. Here, the marks share similar wording BESTCHOICE-and/or BEST CHOICE.

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). "Similarity in any one of these elements may be sufficient to find the marks confusingly similar." *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff'd per curiam*, 777 F. App'x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

In the present case, the marks share similar wording BESTCHOICE- and/or BEST CHOICE. Marks may be confusingly similar in appearance where similar terms or phrases or similar parts of terms or

phrases appear in the compared marks and create a similar overall commercial impression. *See Crocker Nat'l Bank v. Canadian Imperial Bank of Commerce*, 228 USPQ 689, 690-91 (TTAB 1986), *aff'd sub nom. Canadian Imperial Bank of Commerce v. Wells Fargo Bank, Nat'l Ass'n*, 811 F.2d 1490, 1495, 1 USPQ2d 1813, 1817 (Fed. Cir. 1987) (holding COMMCAH and COMMUNICASH confusingly similar); *In re Corning Glass Works*, 229 USPQ 65, 66 (TTAB 1985) (holding CONFIRM and CONFIRMCELLS confusingly similar); *In re Pellerin Milnor Corp.*, 221 USPQ 558, 560 (TTAB 1983) (holding MILTRON and MILLTRONICS confusingly similar); TMEP §1207.01(b)(ii)-(iii).

The additional wording in the applicant's mark, -LIGHT, does not obviate the similarity because it is generic for the lighting goods, and thus consumers will look to the other wording in the mark to determine the source BESTCHOICE-. Also, regarding U.S. Registration Nos. 6152828, 6653545, and 4346291, the additional wording in the registrant's marks, PRODUCTS or -PRODUCTS, does not obviate the similarity because it is generic for the goods, and thus consumers will look to the other wording in the mark to determine the source BEST CHOICE or BESTCHOICE-. Although marks are compared in their entireties, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Nat'l Data Corp.*, 753 F.2d 1056, 1058, 224 USPQ 749, 751 (Fed. Cir. 1985); TMEP §1207.01(b)(viii), (c)(ii). Disclaimed matter that is descriptive of or generic for a party's goods and/or services is typically less significant or less dominant when comparing marks. *In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii).

Finally, where the goods and/or services of an applicant and registrant are "similar in kind and/or closely related," the degree of similarity between the marks required to support a finding of likelihood of confusion is not as great as in the case of diverse goods and/or services. *In re J.M. Originals Inc.*, 6 USPQ2d 1393, 1394 (TTAB 1987); *see Shen Mfg. Co. v. Ritz Hotel Ltd.*, 393 F.3d 1238, 1242, 73 USPQ2d 1350, 1354 (Fed. Cir. 2004); TMEP §1207.01(b).

Therefore, the marks are confusingly similar.

Relatedness of the Goods and/or Services

In re U.S. Registration No. 1997604

Applicant's goods are for "Chandeliers; Air purifying apparatus; Automotive lighting headlights for vehicles; Ceiling lights; Cooking stoves; Desk lamps; Flood lights; Floor lamps; LED lamps; Lighting devices for showcases; Lighting fixtures; Lighting tubes; Lights for use in growing plants; Solar powered lamps; Wall lamps" in International Class 11.

The goods in U.S. Registration No. 1997604 are for, in relevant part, "Electric light bulbs" in International Class 11.

Here, applicant's and registrant's goods are related. For instance, applicant's and registrant's lighting goods are related.

The compared goods need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be "related in some manner and/or if the circumstances surrounding

their marketing are such that they could give rise to the mistaken belief that [the goods] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

For example, the attached Internet evidence consists of website screenshots from GE, Philips, and Samsung, which provides lighting devices for showcases, lighting fixtures, and/or lighting tubes, as well as electric light bulbs. This evidence establishes that the same entity commonly manufactures, produces, or provides the relevant goods and markets the goods under the same mark. Thus, applicant's and registrant's goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

In re U.S. Registration No. 6152828

Applicant's goods are for "Chandeliers; Air purifying apparatus; Automotive lighting headlights for vehicles; Ceiling lights; Cooking stoves; Desk lamps; Flood lights; Floor lamps; LED lamps; Lighting devices for showcases; Lighting fixtures; Lighting tubes; Lights for use in growing plants; Solar powered lamps; Wall lamps" in International Class 11.

The goods in U.S. Registration No. 6152828 are for, in relevant part, "Air Fryers; Air fryer cooking ovens; electric coffee makers; electric pressure cookers; Sous vides machines; electric toasters; electric crepe makers; Electric kettles; electric deep fryers; Ice machines; portable fire pits" in International Class 11, and "Furniture; Office furniture; Outdoor furniture; Furniture for house, office and garden; Office desks; Reclining chairs; Ergonomic chairs for use in seated massages; Ottomans; Tables; Occasional tables; Folding tables; Display tables; Dining tables; Furniture made from wood or substitutes for wood; Furniture made from wood or substitutes for wood, including coffee tables made of wood; Sofas; Futons; Accent pillows; Benches; Outdoor benches; Lounge chairs; Reclining chairs; wicker outdoor furniture; wicker outdoor furniture, namely, sofas, tables and chairs; cushions for outdoor furniture; wicker furniture, namely, tables and chairs; Baker's racks; Kitchen baker's racks made of metal; Patio furniture; Porch swings; Hammock stands; swing chairs" in International Class 20.

Here, applicant's and registrant's goods are related. For instance, applicant's cooking and lighting goods and registrant's cooking and furniture goods are related.

For example, the attached Internet evidence consists of website screenshots from GE, KitchenAid, and Wolf, which provides cooking stoves and electric coffee makers. Additionally, the attached Internet evidence consists of website screenshots from Restoration Hardware, West Elm, and Anthropologie, which provides floor lamps, wall lamps, and furniture. This evidence establishes that the same entity commonly manufactures, produces, or provides the relevant goods and markets the goods under the same mark. Thus, applicant's and registrant's goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

In re U.S. Registration No. 6653545

Applicant's goods are for "Chandeliers; Air purifying apparatus; Automotive lighting headlights for vehicles; Ceiling lights; Cooking stoves; Desk lamps; Flood lights; Floor lamps; LED lamps; Lighting

devices for showcases; Lighting fixtures; Lighting tubes; Lights for use in growing plants; Solar powered lamps; Wall lamps" in International Class 11.

The goods in U.S. Registration No. 6653545 are for, in relevant part, "Log racks in the nature of storage racks for firewood; Bathroom vanity mirrors; Armoires; Work benches; Potting benches; Umbrella stands; Bed frames; Furniture; Fireplace screens" in International Class 20.

Here, applicant's and registrant's goods are related. For instance, applicant's lighting goods and registrant's furniture goods are related.

For example, the attached Internet evidence consists of website screenshots from Restoration Hardware, West Elm, and Anthropologie, which provides floor lamps, wall lamps, and furniture. This evidence establishes that the same entity commonly manufactures, produces, or provides the relevant goods and markets the goods under the same mark. Thus, applicant's and registrant's goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

In re U.S. Registration No. 4346291

Applicant's goods are for "Chandeliers; Air purifying apparatus; Automotive lighting headlights for vehicles; Ceiling lights; Cooking stoves; Desk lamps; Flood lights; Floor lamps; LED lamps; Lighting devices for showcases; Lighting fixtures; Lighting tubes; Lights for use in growing plants; Solar powered lamps; Wall lamps" in International Class 11.

The services in U.S. Registration No. 4346291 are for "Online retail store services featuring a wide variety of consumer goods" in International Class 35.

Here, applicant's lighting goods and registrant's retail store services are related.

For example, the attached Internet evidence consists of website screenshots from Anthropologie, Philips, and Urban Outfitters, which provides applicant's lighting goods as well as online retail store services featuring a wide variety of consumer goods. This evidence establishes that the same entity commonly manufactures, produces, or provides the relevant goods and services and markets the goods and services under the same mark, or the relevant goods and services are sold or provided through the same trade channels and used by the same classes of consumers in the same fields of use. Thus, applicant's goods and registrant's services are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

Finally, the overriding concern is not only to prevent buyer confusion as to the source of the goods and/or services, but to protect the registrant from adverse commercial impact due to use of a similar mark by a newcomer. *See In re Shell Oil Co.*, 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1690 (Fed. Cir. 1993). Therefore, any doubt regarding a likelihood of confusion determination is resolved in favor of the registrant. TMEP §1207.01(d)(i); *see Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1265, 62 USPQ2d 1001, 1003 (Fed. Cir. 2002); *In re Hyper Shoppes (Ohio), Inc.*, 837 F.2d 463, 464-65, 6 USPQ2d 1025, 1026 (Fed. Cir. 1988).

In summary, the applicant's mark and registrants' marks create the same commercial impression and

the respective goods and/or services are highly related. Therefore, consumers are likely to be confused and mistakenly believe that these goods and/or services originate from a common source. Accordingly, registration must be refused under Section 2(d) of the Trademark Act.

Although applicant's mark has been refused registration, applicant may respond to the refusal by submitting evidence and arguments in support of registration.

RESPONSE GUIDELINES

Please call or email the assigned trademark examining attorney with questions about this Office action.

How to respond. [**Click to file a response to this nonfinal Office action.**](#)

5/13/21 (Williamsburg, VA) 

Another excellent bulb; it was a perfect fit, and soft but just enough light.

9/27/20 (Hinesburg, VT) 

Stocked up on a few of these appliance bulbs. LightBulbs.com had a very good price and, as always, excellent packaging to avoid breakage during transit.

5/03/20 (Fremont, CA) 

fast delivery, bulbs worked fine

10/11/19 (Shavertown, PA) 

Item is working nicely. Provides plenty of light inside my wall oven.

12/24/12 (Mount Laurel, NJ) 

Needed bulb for a small lamp and was perfect ...delivery was swift... everything was excellent

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your Bluetooth-controlled setup to make your smart lighting system even smarter. With the Hue Bridge, you can add up to 50 lights — including your existing Bluetooth-enabled lights — and smart accessories throughout your entire home, as well as unlock upgraded features such as away-from-home control.

Set up hands-free voice control

Control

Philips Hue works with Amazon Alexa and Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Control multiple lights in a room or just a single lamp with simple voice commands.

Set the right mood with warm-to-cool white light

Choose from over 50,000 shades of warm-to-cool white light to create the perfect ambiance in your home for each activity and time of day. Use bright, white light each morning to start the day energized and alert, or match your evening wind-down routine with a dim golden glow.

Meet the award-winning range of smart LED bulbs

Discover the widest range of shapes, sizes, and styles. Offering instant, out-of-the-box dimming and a rich quality of light, these smart bulbs let you light your home your way.

Compare the Philips Hue color ranges

Use soft dimmable white for functional spaces or warm-to-cool light to enhance those everyday moments. Need more? Get the ultimate in lighting with millions of colors of rich, powerful light.

Soft white

The White range provides a soft warm white light with instant wireless dimming.

Warm-to-cool white

The White ambience range offers 50,000 shades of warm white light and cool daylight as well as instant wireless dimming.

Millions of colors

The White and color ambience range offers both warm-to-cool white and millions of colors of light — and yes, it instantly dims, too!

Smart bulbs for better living

Decorate your home with light

Get the ultimate in interior design: instant dimming and rich, colorful light that transforms your home in seconds. Dim down low to create an inviting atmosphere or use splashes of color to enhance the experience.

Bring the family together

The right light for every moment

Bluetooth or Bridge

Two ways to set up smart lights

Start with Bluetooth

The easy start to smart

Start and expand with Hue Bridge

Unlock the full

light

Screw in a light bulb. Plug in a lamp. Open an app and connect. When you use Philips Hue with Bluetooth, you get instant control over 10 lights in a single room. It couldn't get any simpler.

experience

Start with a Hue Bridge — or add to your existing Bluetooth setup — to get the full suite of features. Add up to 50 bulbs or lights, expand your setup to multiple rooms (even outside!), set routines, and control your lights from anywhere in the world.

[Learn more](#)

Manage your setup with the app

Control your way

Use a Hue app, your voice, or smart accessories to control your setup.

Manage your setup with the app

Turn lights on and off, dim and brighten the room, set scenes, and more — all in the Hue app or the Hue Bluetooth app.

Use smart accessories

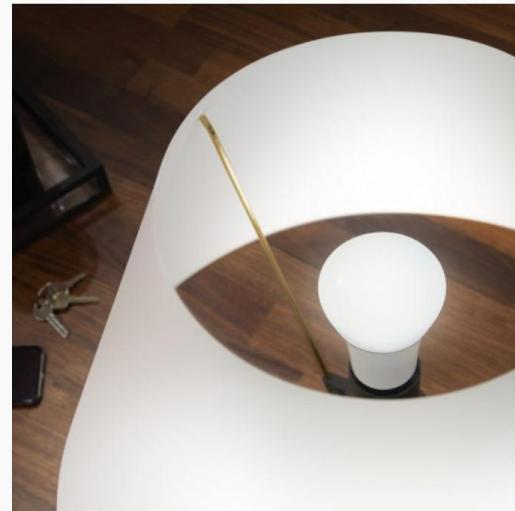

Philips Hue bulbs work seamlessly with smart accessories such as the Hue dimmer switch or the Hue smart button.

Go hands free with voice

Simple voice commands allow you to control your bulbs with Amazon Alexa, Google Assistant, or Siri.

Suitable for any home

All of our smart LED bulbs feature standard base sizes and types, meaning they fit into almost any light fixture.

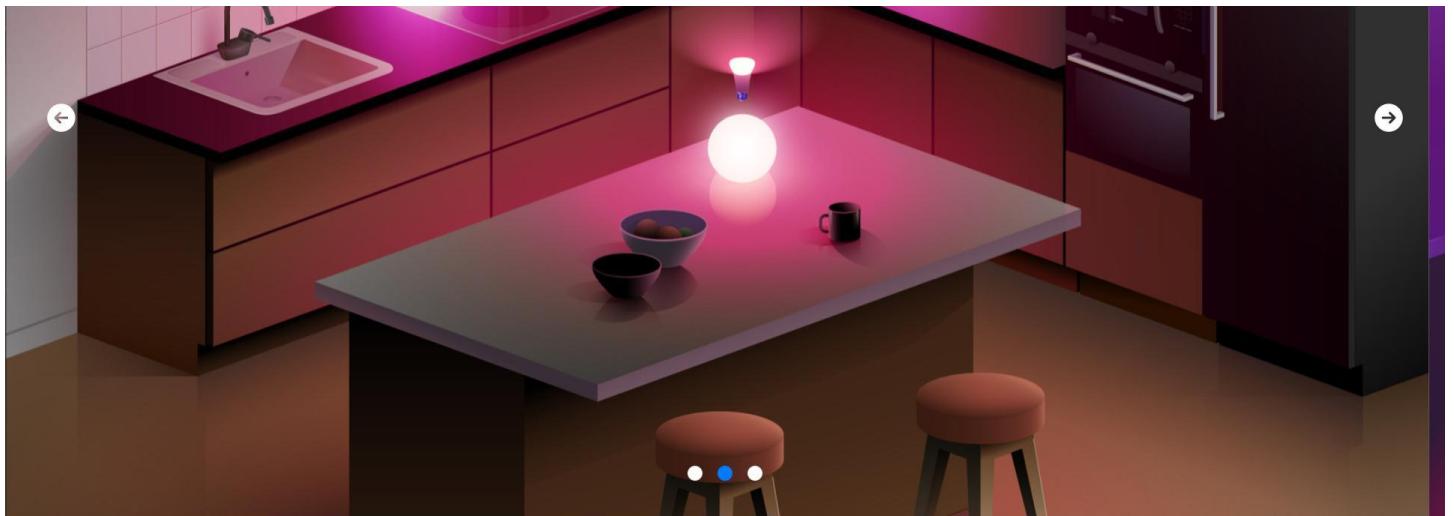

Works out of the box

It's as simple as screwing in a light bulb — literally. Once in your fixture, our smart LED bulbs can dim, brighten, and set the mood instantly.

★★★★★ **Smaller lamp than factory**

Reviewed in the United States on June 9, 2010

Verified Purchase

I was a bit concerned when I compared the lamp that came out of the TV with this one and the new one was about 30% smaller. I went ahead and installed it anyway and it fit and is as bright as the original. I couldn't beat the price either.

Laura

★★★★★ **didn't fit and refund never received**

Reviewed in the United States on April 26, 2013

Verified Purchase

Bought it based on the recommendation that it could be used as a replacement part for my TV. It could not be. I returned the part and still have not received the refund. It has been over 30 days. I received an email from the company stating that they sometimes lose things.....they asked for more specific shipping info which I provided, they still have not sent my refund. DO NOT ORDER FROM THIS COMPANY.

 **Like having a new TV**

Reviewed in the United States on March 23, 2011

Verified Purchase

This product was easy to install. Once it was installed, and the TV turned back on, it was like we had a brand new TV. We had noticed the picture getting a little dark, but I figured it was just the way it was as the TV aged. Luckily my husband remembered the lamp could be replaced, and checked the manual. Thank God! For a little over \$100 including shipping, we have a brand new TV. Thanks for being there when we needed you.

Report abuse

 Samantha

 **50-50**

Reviewed in the United States on July 16, 2010

Verified Purchase

The new lamp did not totally solve the problem. Maybe our tv needs to be replaced. Hard to rate this item because I am not sure if the problem persists because of the replacement lamp or the tv itself.

Product Description

Samsung SL-LT19112AUS - 18 Watt Non-Dimmable LED - 40° T8 Linear LED Lamp - 160 Degree Beam Angle - 4000K Neutral Warm White - 2100 Lumens - 32 Watt Equal - G13 Bi Pin Base - 120-277 Volt - 50,000 Hour Life - Use in Dry Location Only - Not for use in sealed enclosed luminaires - Does Not Operate on a Ballast - Must be Direct Wired - Shunted Tombstone Sockets Required (not included) - 1 Per Pack Introducing remarkable, innovative lighting with unrivaled performance that gives you your money's worth - and then some. The Samsung L-Tube Series provides an uncompromised upgrade from fluorescent technology, with the maximum efficiency and minimal power consumption you need for lighting commercial spaces - from high-rise offices to parking garages to warehouses to department stores. The all-new lightweight design with an integrated driver uses only the highest-quality components for reliable, unmatched performance over an ultra-long life while providing immediate savings. Plus, you'll gain the satisfaction that comes from using eco-friendly lamps that support both the environment and your bottom line.

About this item

- Smarter Lighting: Brighten up any room in your connected home with energy efficient LED SmartThings Smart Bulbs that you can monitor and control from the free SmartThings app
- Save Time & Money: Power on and off or dim lights directly from your smartphone or tablet; Requires a SmartThings Hub, SmartThings WiFi or compatible device
- Voice Control: SmartThings Smart Light Bulbs are compatible with Bixby, Google Assistant, and Amazon Alexa for convenient on and off control
- No Dimmer Needed: There's no need to install a dimmer as SmartThings Bulbs allow you to instantly lower the lighting and dim to your preference
- Adjustable & Programmable: Adjust and set your lighting to fit your schedule, powering it on and off based on when you are at home, at work, or on vacation
- Long Lasting: Offers up to a 25,000-hour lifetime (on standard settings) per bulb; Comes in Warm White and its medium standard base fits in most light sockets

Set Schedule and Scene

Works with SmartThings
Hub and App

Product Description

Brighten up your room automatically with ease, comfort, and total control. The SmartThings Smart Bulb can be managed from your smartphone or tablet through the SmartThings app. Turn on your entryway lamp as you're heading home, dim the lights for a romantic dinner, or schedule lights to turn off when it's time for bed. It's the smarter way to light your connected house while you also save money on energy costs. The SmartThings Smart Light Bulbs require use with a SmartThings Hub, SmartThings WiFi or compatible device. Voice control is compatible with Amazon Alexa, Google Assistant, and Bixby. Additional details and specifications include: Lifetime of 25,000 hours; dimensions are 2.36" x 2.36" x 4.21"; protocol is ZigBee 3.0 (1.2 HA support, Repeater), 806 lumens, and electric power of 9 watts.

Customer questions & answers

Have a question? Search for answers

Question: Do i need the smartthings hub or can I just use alexa?

Answer: You can use a Alexa Echo "If" it has a ZigBee hub built in such as the Echo Plus and Show 2.0... but without a separate, dedicated hub, you will NOT be able to admin the product in SmartThings which means you can't perform a firmware upgrade on the device. For this reason, I choose to purchase a SmartThings hub (yo... see more
By Jeremy on April 6, 2020

▼ See more answers (1)

Question: What is the color temperature of these bulbs?

Answer: I take that back, under the details it says that they are 2700k, which tends toward warm white.
By togan on December 10, 2020

▼ See more answers (1)

Question: Features are great but can you control the lamp at the switch normally? For example, could a houseguest turn on the lamp to read without the app?

Answer: I have the hub with smart plugs. The reason is that a guest can easily press the on/off button on the switch to turn the lamp off or on.
By Bob on May 24, 2020

Gar Nelson

★★★★★ Finally, lights that don't get lost!

Reviewed in the United States on August 31, 2019

[Verified Purchase](#)

I mostly use full-color wifi bulbs from a different manufacturer. However, I am using the Samsung SmartThings buttons in the hallway to control the lights at night since the hallway switch is remote from the bedroom door. With the other manufacturers lights going through the SmartThings hub to turn on and off based on Samsung button presses, the lights were always getting lost, and the action would frequently need to be reprogrammed. When I saw that the SmartThings bulbs were available, I immediately bought two to test out. They work great! With a SmartThings button controlling a SmartThings bulb(s) via a SmartThings Hub, it all works, and it all stays connected. The light output isn't as bright as that other manufacturer's lights, but these lights don't cost anywhere near as much as those other lights, and honestly, they are bright enough. All in all, I'm very happy with the lights and expect to be buying more of them in the future.

I've tried lots of other smart devices so the concept of a hub made sense to me - keep things on the slow / buggy wifi and make a proprietary Samsung intranet off Bluetooth.

I've never been happier. Some of the commercial smart bulbs are \$50 and use a lot of idle power... this makes no sense. These are \$10 at time of writing and work fantastic.

Benefits

- NOTE: I use Ethernet for the hub since wifi sucks.
- setup by turning on the bulb, and simply have smart things scan for a new items.
- turns any socket into a dimmable bulb
- light quality is amazing par value for LED, much better than CFL and incandescent. Designed for home for sure, maybe 2500-3500K
- integrates very easily with Google home and Alexa, I'm using all 3....

Isaac

★★★★★ Works great with my SmartThings!

Reviewed in the United States on March 1, 2020

Verified Purchase

Most of my house is wired with Zwave Outlets and Dimmers. However for the basement have the old school rope pulley light bulbs. Most of the other WiFi light bulbs don't have good integration or required a separate app.

These units so far work great and they mesh of each other to increase signal.

Tip: When setting them up plug them to a nearby lamp next to your Smarthings. Once you have them all set-up move them where you want. It will save you a lot of time and will pair faster to your system.

Turd Ferguson

★★★★★ This is a great bulb! I recommend!

Reviewed in the United States on August 29, 2019

Verified Purchase

I really like this smart bulb, I bought 2. I do not understand why people are getting so mad, if they read the description it tells you, you need smarthings. I have had smarthings for over 3 years now and I love it. This is just another great thing to add to my smart home. Its a fantastic price. It integrated with my hub with no issues. Yes, it is true, you need a smarthings hub for this to work, its not the end of the world like some people think. I recommend this light bulb!

★★★★★ Good for everything except being a lightbulb.
Reviewed in the United States on June 6, 2021
Verified Purchase
The bulb has started randomly flickering no matter the setting I have been using it since October 2020. The smart things integration is easy and everything except the lighting aspect works well. I cannot recommend this product because it fails as a reliable light bulb.

Basic but excellent product. It even functions well as a Zigbee repeater, which is very unusual, and if enough of them are scattered about, no Zigbee repeaters will be required.

I've had a lot of trouble in the past connecting the other brands of connected bulbs to the Smartthings hub. Not so with these Smartthings-dedicated bulbs. Connecting them to my network took all of 20 seconds! If you already have a Smartthings hub, these are absolutely recommended.

I used the smartthings wifi plug as a on and off switch, but decided to upgrade to zigbee compatible light bulb. This switch allowed me to not only reduce the wifi usage but also replace my old light bulb. So far, I love the connection and Alexa integration.

ABOUT THIS PRODUCT

ABOUT THIS PRODUCT

No Preheat Air Fry

Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating, a basket or a special tray

[Play Video](#)

Integrated griddle

This integrated non-stick griddle leads the industry in size and quality, so you can cook a lot of food at once

Precise Simmer Burner

This burner setting provides low, even heat so delicate dishes don't burn

[Play Video](#)

Edge-to-edge cooktop

Continuous, edge-to-edge cooktop give you a large cooking space and can handle any cookware

Power boil burner

This 18,000-BTU power boil element produces intense heat to boil water fast

[Play Video](#)

Convection

This gas convection oven cooks and browns more evenly, using a rear fan to circulate hot air

Self-clean with steam clean

This self-cleaning oven uses optional steam cleaning for light soils to clean the oven cavity with less heat and odor

[Play Video](#)

Center oval burner

This center oval burner gives you a fifth burner and the perfect place to use griddles or odd-size cookware

Heavy duty, dishwasher-safe grates

These cooktop grates can be cleaned one of two ways – either in the dishwasher, or on the bottom of a self-clean oven

Optional roller rack

An optional roller rack which makes removing heavy or odd-size cookware easy and safe

Enhanced Shabbos Mode

The Shabbos Keeper connects to your range to automatically enable Shabbos compatible modes each week and before every holiday (Shabbos Keeper sold separately, visit www.zmantechnologies.com for details)

Large capacity oven

Cook an entire meal at once with a 5.0 cubic foot oven which provides enough room for multiple dishes

Removable storage drawer

A full-width drawer provides space for kitchen accessory and cookware storage for added convenience in the kitchen

Plenty of heat

Oven heats to 500 plus to put the spring in my sourdough. Air fryer combines hot air with radiant heat from the broiler - better than a standalone air fryer. Watch out at high temps, it really cooks fast once it gets going! Variety of burner sizes works great, from 8" egg pan on the smallest burner to 12" cast iron heated to searing temp on the largest burner. Spatters are easy to clean.

largest burner. Spatters are easy to clean.

GE range

We went to a locally owned appliance store, and left with a GE range. The salesperson was helpful. He worked with us to meet our needs. The range arrived and so far we love it. I have to say my husband cooks more than I do, so he thinks it's a great choice for our needs. I've used it twice and I like it as well.

Recommends this product ✓ Yes

Is it ok if water spills over the spot carved out for the steam clean cycle and into the open slots in the bottom of the oven?

1
answer

AdrianatGEA · 4 days ago

Hello there!

Yes, you can resume normal operation of this range if water has spilled over into the open slots at the bottom of the oven.

We appreciate you taking the time to connect with us for your question. We hope this helps! - Adrian@GEA

Helpful?

TFT59 · 10 days ago

How long is the electrical cord, i.e., does the outlet need to be "low" behind the range, or can the electrical cord reach an outlet above counter / range height?

1
answer

AdrianatGEA · 6 days ago

Hello!

It is not possible to determine the type of facilities each consumer has available or what the local electrical codes require (ex. length of power cord and 3-wire vs 4-wire). You can however view the shaded area that is intended for the gas and electrical supply on page 2 of the Installation Instructions at the link below.

https://products.geappliances.com/MarketingObjectRetrieval/Dispatcher?RequestType=PDF&Name=31-2000744.pdf&_ga=2.176114146.1382957240.1660573307-1396744048.1649441039

Thank you for choosing GE Appliances for your home. We hope this helps! - Adrian@GEA

How do you set the clock for the time of day? The manual found on-line is the worst manual I have seen for providing useful information to the consumer.

Lisa GEA · 19 days ago

Ohh Noo, I am so sorry our manual is not clear, definitely not something we like to hear. Allow me to try to assist you with setting your clock.

Press and Hold the Zero on the pad for 3 seconds, then use number pad to set time. Once the time is correct you hit start to set time.

Hope this is helpful! Please reach out if you need further assistance, we are here to help! ~ Lisa@GEA

This oven states that there is an optional roller rack available. I cannot find it. Can you provide a link or an item number so that I can order it?

1
answer

JonathonatGEA · 20 days ago

Hello,

Thank you so much for taking the time to get in touch with us. We hope you've been doing well lately.

We're more than happy to provide the link to the roller rack, it definitely makes removing the rack and putting dishes in easier. You can purchase it from our online parts store. Here is the link:
<https://www.geappliancelparts.com/store/parts/spec/WB48X21543?SpecType=SpecType>

Thank you so much for your interest, stay safe out there!

Tee from the Chi · a month ago

Can you please tell me how I can view the timer when the oven is on? I start the oven and set the timer but it goes back to the temp and when I hit "timer" it clears the timer.

1
answer

Lisa GEA · a month ago

Thank for reaching out to us today! I have researched your timer settings in the manual I have them here for you to try.

Timer: To work as a countdown timer. Press the Timer pad and use the number pads to program to set time using hours and minutes, press Start pad. The oven will continue to operate when the timer countdown is complete. To turn the timer off, press the Timer pad.

I will also attach the manual here in case you would like to look up other features as well.

https://products.geappliances.com/MarketingObjectRetrieval/Dispatcher?RequestType=PDF&Name=49-2000782-3.pdf&_ga=2.55679275.1059456751.1658755791-1337341467.165719133

Hope this information helps you to be able to program your countdown timer. Please let us know if you need further assistance. Thank you for being a part of the GE family, we appreciate your business.

Amanda861 · a month ago

Is the drawer underneath the oven for storage or is it a good warmer or broiler?

1
answer

TierraatGEA · a month ago

Hello!

This is a good question! Hope you're enjoying your day and we appreciate you reaching out!

It is a storage drawer. The storage drawer on a range provides a convenient place to store baking and broiling pans. It is tested to hold up to 25 lbs, and is easy to remove and keep clean.

We're always here when you need us! Please reach out with any other questions you may have. Thank you! -Tierra@GEA

Lu2lu2 · a month ago

How do I find out which conversion kit to buy to change this from natural gas to propane? I've looked thru your site and can't find it. Any assistance would be appreciated. Thanks!

1
answer

DevinatGEA · a month ago

Hello there-

We appreciate you taking the time to reach out to us regarding model JGB735EPES. We are happy to provide guidance!

To answer your question- you can purchase the LP Conversion Kit on our Parts Store website. The part number you would need is WB28X39132. However, this would need to be performed by a local gas installer to ensure it is properly done for safety reasons.

Below, we have provided the direct link to purchase the LP Conversion kit for your convenience:
<https://www.geappliancesparts.com/store/part/spec/WB28X39132?SpecType=SpecType>

We hope this helps! Thank you for trusting GE Appliances for your home!

ABOUT THIS PRODUCT

ABOUT THIS PRODUCT

Adjustable Brew Strength

Choose between Regular or Bold brew options to customize the brew for your taste preference

Reusable & Dishwasher Safe Coffee Filter

GoldTone™ reusable filters are made of durable, dishwasher safe plastic that is easy to clean and lasts long. Also works with standard #4 coffee filters

24-hour Programmable Auto Brew

Wake up to hot, freshly brewed coffee thanks to a 24-hour Auto Brew feature on this programmable drip coffee maker

[• Play Video](#)

1500 Watts

With 1500 watts of power, this coffee maker brews at the optimal temperature in a short amount of time

Wide Shower Head

The shower head disperses water evenly over the packed coffee, extracting maximum flavor

Non-Stick Carafe

Keep coffee warm long after you make it with a non-stick hot plate

Pause Brew

Pour and enjoy a cup of coffee before brewing cycle has finished with no dripping or mess

Cord Storage

Cord conveniently folds into the backside of the unit allowing an ideal length for counter positioning, while keeping counters clean from excess cord length

2-Hour Auto Shutoff

For added safety and peace of mind with every use

Hello,

Thank you for your question! We appreciate you considering for this GE Appliances coffeemaker for your kitchen needs.

We do not certify any of our small appliances to be BPA free.

We hope this information is helpful and would be happy to answer any other questions you might have.

Have a great day!

My present coffee machine (different manufacturer) still makes excellent coffee - year 6. Sure wish we could test drive other machines before purchasing. Just a thought. I'm in the market for a new one.

1
answer

WillatGEA · 5 months ago

Hi there. We appreciate your interest in our coffee makers. There is nothing like a good cup of joe so we can definitely understand the love you have for your current machine. Currently, there is no test drive program but we are confident that you will love this model just as much if not more. Especially the Auto Brew feature that allows you to set the time when it will start brewing on its own. We are always here to answer any questions or concerns you may have. You can reach out to us online by going to <https://www.geappliances.com/ge/service-and-support/contact-others.htm>. Hope to hear from you soon. Have a fantastic day!

A person asked about turning the warming plate back on after the 2 hour shut off (your response was no, it cannot be turned back on) and someone else asked how long the warming plate stayed warm (your answer was until machine turned off). Please explain.

1
answer

WillatGEA · 5 months ago

Hello. Thank you for contacting us. We apologize for any misinformation on our part. The warming plate is tied to the coffee maker. As long as the coffee maker is on, the warming plate will stay warm. Once the coffee maker is turned off, there is no way to keep the warming plate on. If you have any other concerns or questions, please take the time to reach out to us on the website at <https://www.geappliances.com/ge/service-and-support/contact-others.htm>. Have a terrific day!

Where is this product made?

1
answer

AdrianatGEA · 5 months ago

Greetings!

This appliance is designed by some of the 900 engineers based in the U.S. at our headquarters in Louisville, Ky. and sourced globally from a variety of partners. The country of origin can be found on the physical rating plate of this appliance.

We appreciate your interest in GE Appliances, and we hope this information helps! - Adrian@GEA

Juk2310 · 6 months ago

Yesterday coffee maker displayed " cleaning" I run two full cycle but it still hasn't disappeared. What show I do.

1
answer

AdrianatGEA · 6 months ago

Hello there!

[Home](#) > [FAQs](#)

When the appliance has worked for 80 cycles cumulatively, the display screen will show "cleaning" to remind the user that the appliance needs to be cleaned. Hold and press the Brew/Cancel button for 3 seconds in any status, the white indicator turns on, and the cleaning program is started, the heating elements works until the water in the water tank is boiled away, then the appliance will enter into the standby mode. If you are still receiving the "cleaning" message on your display after performing these steps, we recommend resetting your coffee maker by disconnecting power from the unit for 2 - 3 minutes and reconnecting power. If this reset does not revert your unit back to normal operating function, you will need to take advantage of your limited warranty on page 9 of the Use and Care Manual at the link below.

https://products.geappliances.com/MarketingObjectRetrieval/Dispatcher?RequestType=PDF&Name=49-9000004-2.pdf&_ga=2.185610409.1212134232.1645464277-505477965.1637610076

Thank you for checking with us. We hope this helps! - Adrian@GEA

Mary213 · 6 months ago

How long does the warming plate stay warm? Do you have to turn it off?

1
answer

AdrianatGEA · 6 months ago

Greetings!

The warming plate stays on until the coffee maker is turned off. Do not leave the empty carafe on the warming plate, as this can result in damage to your carafe. You will need to turn the appliance off.

We appreciate you choosing GE Appliances for your home, and we hope this information helps! - Adrian@GEA

Helpful? [Yes · 1](#) [No · 0](#) [Report](#)

How long does it take to brew a pot? (My current coffee maker takes 15 minutes- Ugh)

1
answer

EboneyatGEA · 8 months ago

Hi there! Thank you for interest in GE Appliances. We'd be more than happy to help you today!

We know how important having that fresh brew in the morning is. It usually takes 6-10 minutes to brew a full carafe of coffee, depending on air

temperature, water temperature and elevation.

We hope this information was helpful. Thank you again for your interest in GE Appliances! - Eboney@GEA

Cafecita · 8 months ago

Is there a way to turn the coffeemaker back on to reheat coffee after the 2-hour auto-shutoff? If not, there should be!

1
answer

TieatGEA · 8 months ago

Hi there -

Thanks for reaching out to us. We're always glad to answer questions about this drip coffee maker!

While it's a great suggestion, there's no way to return the coffee maker to the keep-warm mode after it shuts off.

We're sorry, as we know this isn't the answer you were expecting, but we hope this information helps. -Tie@GEA

Helpful? [Yes · 3](#) [No · 0](#) [Report](#)

Cher61 · 9 months ago

The clock keeps shutting off and I have to press a button for it to display again. Is there some way to get the clock to remain on?

1
answer

AdrianatGEA · 9 months ago

Greetings! Thank you for choosing GE Appliances for your home. We are more than happy to provide guidance.

This model coffeemaker has a 2 hour auto-shutoff feature which causes the display to go to sleep. The clock will not remain on due to this feature. We deeply apologize about any inconvenience this causes.

We appreciate you checking with us, and we hope this information helps. Please feel free to reach out to us with any additional questions you may have. - Adrian@GEA

Helpful? [Yes · 4](#) [No · 0](#) [Report](#)

Johnreasom · 9 months ago

I see the maker shuts off after sitting idle after 2 hours. That is a short time. Is there any way to bypass or extend that time?

1
answer

TieatGEA · 9 months ago

Hello,

Thanks for contacting us! This is a good question, and we'd be glad to assist you today.

There is no way to bypass the automatic shut off or extend the time beyond 2 hours.

We appreciate you reaching out to us about this. Please feel free to let us know if you have additional questions. -Tie@GEA

Gorgeous gas range

4 days ago

I bought this a month ago to complete a very modern kitchen look and it's stunning! The oven works very well and easy to use. It looks sleek and very modern. I love the hints of red on the knobs and the size of the oven. Very happy with my new oven!

 Yes I recommend this product.Originally posted on [30-Inch 5-Burner Gas Convection Range](#)

We just recently purchased this on-line. What a great decision we made. The features and look of this range are spectacular! The window is amazing! The burners are perfectly placed and sized for proper use in cooking. The griddle is a nice touch that could be used in any of the 3 burner locations. The panel screen is easy to see and use. The convection oven has yet to be used, but in time it will be. I see many wonderful amazing meals being made on my new KitchenAid Convection Range! Thank you KitchenAid for producing such a fine quality made appliance!

New Toy!

9 days ago

I am a baker by trade and finally decided to get myself a new range. My old oven still worked fine but I have always wanted a convection oven for my baking business I do on the side. I have a few other Kitchen Aid appliances and wanted to get more because I am happy with their performance.

 Yes I recommend this product.

★★★★★

Easy use for all.

25 days ago

I bought this a month and half ago. It's nice that one pot of concentrate, last a week Monday-Friday.

★★★★★

Quality!

a month ago

My son bought this for me after he heard me talking about making my own cold brew. I was telling him what a mess it made. I opened the box for my kitchenaid cold brew system and it was love at 1st sight. I cannot explain how impressed I am. Directions are simple and easy to follow. Looking forward to making may cold brews for years to come.

Yes I recommend this product.

Cold brew why did I wait so long!

a month ago

I bought the Kitchenaid cold brew after on-and-off trials of making a cold brew coffee that a friend used to make using a Tupperware container. Actually, it is hot coffee that she made that I always tried to mimic and always failed as whatever container I tried never held enough of either water or coffee—and there were no measurements to mimic her system. Why hot coffee made from cold brew coffee rather than an electric coffeemaker? Because there is no acidic taste. It's the smoothest cup of coffee you can drink!!! And, not only are there specific measurements for making the cold brew coffee, there are also specific measurements for making a hot cup of smooth-tasting coffee from the cold brew! Thank you, Kitchenaid for adding the pour spout that makes everything easier. It beats the random scoop that my old friend used to dip into her Tupperware container!

Yes I recommend this product.

So far, so good!

7 months ago

Husband like to have an iced coffee when he stops home on his work lunch break. I used to make the cold brew in a pitcher but I would have to strain it all into another pitcher when done brewing. This KitchenAid brewer is much easier since I can just pull the grounds out from the middle - no straining! We have been making it with less grounds and adding filtered water overall once the grounds are out, as well. It's something you can experiment with to your liking. No issues yet!

Yes I recommend this product.

An essential kitchen aid

8 months ago

This is a can't miss KitchenAid product for the coffee lover. The design is simple yet classic and performs exceptionally well. I encourage everyone who wants fine brewed coffee at home to buy this product. It will rival your nearest coffee shop.

Yes I recommend this product.

Why Wolf?

PRECISE DUAL-STACKED SEALED BURNERS

Maximum heat is delivered by the upper tier burner for more rapid boils and hotter sears.

The low flame on the lower tier burner eliminates the need for a double boiler completely, and keeps even delicate sauces warm without fear of scorching or separating.

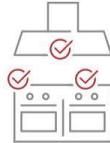

CONVECTION COOKING IS MORE CONSISTENT HEATING

Convection fan circulates gas heat within the large capacity oven to eliminate "cold spots" and ensure more consistent, more delicious results – even when using multiple racks at once.

WORRY-FREE WARRANTY

Wolf offers an industry-leading full two-year warranty on appliances, along with a limited five-year warranty: [Learn More](#).

RIGOROUS TESTING

Built with premium-grade materials, Wolf products are designed to last a minimum of 20 years. Major components are subjected to extreme stress tests prior to going into the final design, and every major function is tested before shipping.

Envision the possibilities

[VIEW DESIGN GALLERY](#)

Pro tips

Considerations before you finalize your decision:

- Personalize your range with choice of iconic red, black, or brushed stainless control knobs
 - Determine if you'd like to add a bake stone for better-than-delivery (and faster) pizzas
 - Purchase accessory bezels and grates like Wok grate, S grates, brass or chrome bezels to personalize the look
 - Add attractive, practical stainless steel risers that act like a backsplash to prevent food splatters and create a thermal barrier for combustible surfaces
-

Superior-tasting coffee. Unparalleled consistency.

The Wolf Gourmet programmable coffee maker brews a superior-tasting cup using the optimal temperature, time, and extraction method. An integrated grounds scale lets you know exactly how much coffee to add for your preferred strength, so you can recreate your favorite cup of coffee again and again.

Superior-Tasting Coffee

You might not see all of the internal upgrades we made to the Wolf Gourmet coffee maker – like the shower head that was designed to meet strict extraction standards or the fine-tuned heating element – but you'll taste the difference. Five boldness options allow you to tailor your batch exactly how you like it.

Accu-Brew™ Technology

The Accu-Brew™ setting lets you know exactly how much ground coffee you need to achieve your preferred boldness, so you will achieve a consistent taste you can recreate over and over again whether you are brewing four cups or ten. An integrated scale weighs the grounds as you add them to the brew basket, while the easy-to-read LCD display lets you know when to stop.

Thermal Carafe

The double-walled, stainless steel carafe keeps coffee hot and fresh long after it is brewed.

Front Load Brew Basket

A smooth slide door allows easy access to the brew basket from the front.

FEATURES

- 10 cup thermal carafe
- Adjustable brew strength
- Cleaning cycle
- Integrated grounds scale
- LCD panel with intuitive icons
- Manual and Accu-Brew™ modes
- Removable water filter
- Removable water reservoir
- Stainless steel construction
- Five-year limited warranty

INCLUDES

- Coffee Maker
- Thermal Carafe with Lid
- Starter Pack of Cone Filters (6)
- Starter Pack of Water Filters (3)
- Use & Care Guide

SPECIFICATIONS

- Width: 9 1/16"
- Height: 14 3/8"
- Depth: 10 53/64"
- Weight: 13.56 Pounds
- 120V~ 60 Hz 1500W

GUIDES

- Use and Care Guide

A smoothglide drawer allows easy access to the brew basket from the front of the unit, no shifting from under the cabinets required.

Removable Water Reservoir

Detaches from the side of the coffee system for easy filling. An integrated water filter reduces chlorine for improved taste.

LCD Display Panel

Keeps you informed every step of the way, indicating the amount of ground coffee you have added to the brew basket, how many hours ago your coffee was brewed, and when the automatic cleaning cycle is required.

VOUVRAY FLOOR LAMP

From
\$7595 Regular
\$5696 Member

Solid brass is cast in a hand-formed mold to achieve the complex, sensuous texture that is the focal point of designer Jonathan Browning's sculptural Vouvray collection. The minimalist geometric form is a perfect vehicle for the tactile surface, which evokes the work of modern master Alberto Giacometti. The glow is moody and atmospheric.

Why West Elm?

**good design**

We design 95% of our products in-house for original style & quality you won't find anywhere else.

**good for people**

Our Fair Trade Certified™ and Handcrafted collections do even more to support the communities who make them.

**good for the planet**

We prioritize responsible sourcing. That means more recycled, upcycled & FSC®-certified—and less waste.

**good for you**

From organic fibers to low-VOC finishes, we're making it easy to create a healthy home for you & your family.

**free design services**

We'll pull it all together for you. Enjoy free design help, even from the comfort of your couch!

Why you'll love it

- The sculptural arms & wide, welcoming seat.
- Covered in your choice of beautiful leather.
- Its timeless design makes it one of our bestsellers.
- Contract Grade for unmatched durability.

Shown in Saddle Leather, Nut

Iconic design

Named for the way the leather peeks through its wood frame, this is a classic.

Sustainably sourced

Wooden frame is FSC®-certified, helping to support forests and ecosystems globally.

Good for people, good for the planet

Here's how this product makes a difference at home and in the world:

Handcrafted

Helps sustain skilled artisans and their communities worldwide.

Sustainably Sourced

Made using recycled or consciously grown materials.

Details

- Solid ash wood arms and legs; engineered wood seat and back.
- Available in your choice of genuine top-grain leather or animal-friendly vegan leather.
- All wood is kiln dried for extra durability.
- Legs covered in a Pecan-stained finish (Nero and Vegan Leather) or Espresso-stained finish (Saddle).
- Webbed cushion support with foam filling.
- Seat firmness: Medium. On a scale from 1 to 5 (5 being firmest), it's a 4.
- This contract-grade item is manufactured to meet the demands of commercial use in addition to residential. [See more](#).
- Made in Romania.

See How It Rates

Dimensions

Overall:	26'w x 31.6'd x 29'h.	Seat width:	22.5".
Seat depth:	20.25".	Seat height:	19".
Diagonal depth:	29.5".	Packaged weight:	39.6 lbs.

brought into your home, placed in the room of your choice and all packaging will be removed.

it in direct sunlight or near a heat source. Rub out minor scratches lightly with a finger. For oil-based spots and spills, wipe up any excess with a clean, dry cloth. Do not apply water. Rather, leave the spot alone: In most cases the spot should dissipate into the leather after a period of time. For permanent stains or thorough cleanings, we recommend contacting a leather specialist. For periodic cleaning and maintenance, we recommend Mohawk Leather Repair Kits (available for purchase in store and online). Vegan leather: Dust periodically with a clean dust cloth. For spots or smudges, lightly moisten a cloth with water and wipe clean.

Sort by Most Common ▾

Q: I bought this in saddle leather. The online description says 'Covered in top-grain aniline

Q: Where is this chair made?

leather" but the shipping box (I haven't opened it yet) says "poly leather" which I assume is bonded leather a totally different product. Which is it?

asked by Linda T

A: Our Saddle leather is real, top-grain leather. It is not bonded or synthetic. I believe what the "poly" on the SKU labeling is referencing is the polyester cushioning, which we often include in the description to differentiate it from any down blend options. I certainly understand your confusion here though! Thanks for checking.

answered by a west elm associate on Nov 9, 2018

Recharge at night
to run all day

The power of light to help you fall asleep faster, wake up
refreshed and perform all day

Winding down from the day can be tough, and if a good night's sleep is out of reach it can create a domino effect. Having trouble waking up is hard and it can be a struggle to keep your energy up all day. Our range of lights can help you break the cycle and start a positive routine of good days in your morning and evenings.

good sleeping, waking and living.

[See all Sleep & Wake-up Lights](#)

Wind down for a good night's sleep

Calming your body and mind can be the first step to drifting off into a restful sleep. Our Sleep & Wake-up Lights are designed to help you relax so you can sleep easy.

- Light-guided wind-down **encourages you to breathe** along with light as its pace slows and light dims
- Multiple light settings allow you to **read in bed** with just the amount of light you choose
- Sunset mode gradually dims the light with natural shades of light simulating the **sun going down**
- A midnight light brightens only enough to let you **see your way in the dark**, without jarring you awake at full brightness

Wake up **naturally**, happy and refreshed

There's nothing like waking up from a good night's sleep rested and ready to tackle the day. Our Sleep & Wake-up Light follow the body's natural rhythms and responses to waking.

- Increasing light **simulates a sunrise** and stimulates your body to wake up naturally
- The light **gradually increases and changes** from soft dawn reds through warm orange to bright yellow light 30 minutes before your set alarm time
- Your **sound choice** of sleep music, nature sounds or your FM radio station get you fully awake
- A simple tap **sets the light to snooze** if you need a few more minutes

Energy all day to perform

Even if you are fully rested there are times of the day where energy can dip and constant fatigue can set in. With energy light exposure you can give your energy a boost and get back to your busy life.

- The intense blue light reproduces the **natural power of daylight** for the same effect as a sunny day
- Exposure can increase morning alertness, reduce sleepiness after waking up and help you **feel more energetic**
- Just **20-30 minutes** of exposure each day can have an effect, after using the light for a week or two

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 22, 2022 for
U.S. Trademark Application Serial No. 97120714

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) [**Read the Office action.**](#) This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status of your application periodically**](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
