United States Patent and Trademark Office (USPTO) Office Action (Official Letter) About Applicant's Trademark Application

U.S. Application Serial No. 97119034

Mark: CERA

Correspondence Address:

STEVEN M. ESPENSHADE
PIRKEY BARBER PLLC
1801 EAST 6TH STREET
SUITE 300
AUSTIN TX 78702 UNITED STATES

Applicant: Cera Care Limited

Reference/Docket No. STOB467US

Correspondence Email Address: tmcentral@pirkeybarber.com

NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 25, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SEARCH OF USPTO DATABASE OF MARKS

The trademark examining attorney searched the USPTO database of registered and pending marks and found no conflicting marks that would bar registration under Trademark Act Section 2(d). 15 U.S.C. §1052(d); TMEP §704.02.

SUMMARY OF ISSUES:

- Section 2(d) Refusal-Likelihood of Confusion
- Prior-Pending Application
- Identification of Goods and Services
- Particular Services Exceed Scope of Foreign Registration- Section 1 and 44 Dual Basis - International Class 44

Section 2(d) Refusal-Likelihood of Confusion

Registration of the applied-for mark is refused because of a likelihood of confusion with the marks in U.S. Registration No. 3384798, 5051182, and 6255834. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registrations.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods and/or services of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533

(Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01.

The overriding concern is not only to prevent buyer confusion as to the source of the goods and/or services, but to protect the registrant from adverse commercial impact due to use of a similar mark by a newcomer. *See In re Shell Oil Co.*, 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1690 (Fed. Cir. 1993). Therefore, any doubt regarding a likelihood of confusion determination is resolved in favor of the registrant. TMEP §1207.01(d)(i); *see Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1265, 62 USPQ2d 1001, 1003 (Fed. Cir. 2002); *In re Hyper Shoppes (Ohio), Inc.*, 837 F.2d 463, 464-65, 6 USPQ2d 1025, 1026 (Fed. Cir. 1988).

In the present case, the applicant's mark is CERA, in standard characters, for "Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medical preparations; medical preparations for care workers; pharmaceutical preparations for medical purposes; medical dressings; medical plasters; incontinence garments; incontinence pads; medicated and sanitising soaps and detergents; disinfectants; antiseptics; pharmaceutical preparations for medical purposes for care workers; pharmaceutical preparations for care workers" in International Class 005 and "Medical services; veterinary services; hygienic and beauty care for human beings or animals; agriculture, aquaculture, horticulture and forestry services; medical care; medical assistance; medical nursing; medical care services; medical nursing services; medical house call services; arranging of medical treatment; arranging medical prescription services; arranging medical prescription services for home-visit nursing care; health care; health-care services; managed health care services; nursing home services; nursing care services; home-visit nursing care; providing information relating to nursing care services; respite care services in the nature of nursing aid services; home nursing aid services; advice relating to the personal welfare of elderly people (health); advice relating to the medical needs of elderly people; provision of domiciliary care services; provision of carer services and nursing services; palliative care; dementia care; post discharge care; respite care (provision of); gardening; care of pet animals; providing online information about the aforesaid services; information, consultancy and advisory services related to the aforesaid" in International Class 044.

The registered marks are:

CERA VACX (Registration No. 3384798) in standard characters, used in connection with "food supplement containing rice syrup solids, sodium bicarbonate, and trisodium citrate" in International Class 005.

CERA PRODUCTS (Registration No. 6255834) in standard characters, used in connection with "food supplement containing rice syrup solids, trisodium citrate dihydrate, sodium chloride, potassium

chloride" in International Class 005.

CERA-Q (Registration No. 5051182) in standard characters, used in connection with "dietary supplements" in International Class 005.

Registration No. 3384798 and 6255835 are owned by the same entity.

In this case, the following factors are the most relevant: similarity of the marks, similarity of the goods and services, and similarity of trade channels of the goods and services. *See In re Opus One, Inc.*, 60 USPQ2d 1812 (TTAB 2001); *In re Dakin's Miniatures Inc.*, 59 USPQ2d 1593 (TTAB 1999); *In re Azteca Rest. Enters., Inc.*, 50 USPQ2d 1209 (TTAB 1999); TMEP §§1207.01 *et seq.*

Similarity of the Marks

Marks are compared in their entirieties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). "Similarity in any one of these elements may be sufficient to find the marks confusingly similar." *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff'd per curiam*, 777 F. App'x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

The applicant's mark is similar to the registered marks because they all contain the identical dominant first term CERA, making the marks similar in sound, appearance, and commercial impression. Consumers are generally more inclined to focus on the first word, prefix, or syllable in any trademark or service mark. *See Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1372, 73 USPQ2d 1689, 1692 (Fed. Cir. 2005) (finding similarity between VEUVE ROYALE and two VEUVE CLICQUOT marks in part because "VEUVE . . . remains a 'prominent feature' as the first word in the mark and the first word to appear on the label"); *Century 21 Real Estate Corp. v. Century Life of Am.*, 970 F.2d 874, 876, 23 USPQ2d 1698, 1700 (Fed Cir. 1992) (finding similarity between CENTURY 21 and CENTURY LIFE OF AMERICA in part because "consumers must first notice th[e] identical lead word"); *see also In re Detroit Athletic Co.*, 903 F.3d 1297, 1303, 128 USPQ2d 1047, 1049 (Fed. Cir. 2018) (finding "the identity of the marks' two initial words is particularly significant because consumers typically notice those words first").

Although the registered marks all contain additional terms in addition to the dominant first term CERA and the applied-for mark does not contain additional wording, consumers encountering the marks in relation to the goods and services would reasonably believe that the goods and services emanate from the same common source because they contain the identical first term CERA. The applicant merely deletes the terms "VACX", "PRODUCTS", and "-Q" from the applied-for mark. Moreoveer, the term PRODUCTS in Registration No. 6255834 is descriptive of the registrant's goods. Although marks are compared in their entirieties, one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012); *In re Nat'l Data Corp.*, 753 F.2d 1056, 1058, 224 USPQ 749, 751 (Fed. Cir. 1985); TMEP §1207.01(b)(viii), (c)(ii). Disclaimed matter that is descriptive of or generic for a party's goods and/or services is typically less significant or less dominant when comparing marks. *In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii).

Although applicant's mark does not contain the entirety of the registered marks, applicant's mark is likely to appear to prospective purchasers as a shortened form of the registrants' marks. *See In re Mighty Leaf Tea*, 601 F.3d 1342, 1348, 94 USPQ2d 1257, 1260 (Fed. Cir. 2010) (quoting *United States Shoe Corp.*, 229 USPQ 707, 709 (TTAB 1985)). Thus, merely omitting some of the wording from a registered mark may not overcome a likelihood of confusion. *See In re Mighty Leaf Tea*, 601 F.3d 1342, 94 USPQ2d 1257; *In re Optica Int'l*, 196 USPQ 775, 778 (TTAB 1977); TMEP §1207.01(b)(ii)-(iii). In this case, applicant's mark does not create a distinct commercial impression from the registered marks because it contains the identical term CERA in the registered marks and does not add any wording that would distinguish it from the registered marks.

For the reasons discussed above, the applicant's mark is confusingly similar to the registered marks.

Relatedness of the Goods/Services

The goods and/or services are compared to determine whether they are similar, commercially related, or travel in the same trade channels. *See Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Hercko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

The compared goods and/or services need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be "related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

The applicant's goods are "Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medical preparations; medical preparations for care workers; pharmaceutical preparations for medical purposes; medical dressings; medical plasters; incontinence garments; incontinence pads; medicated and sanitising soaps and detergents; disinfectants; antiseptics; pharmaceutical preparations for medical purposes for care workers; pharmaceutical preparations for care workers" in International Class 005.

The goods in Registration No. 3384798 are "food supplement containing rice syrup solids, sodium bicarbonate, and trisodium citrate" in International Class 005.

The goods in Registration No. 6255834 are "food supplement containing rice syrup solids, trisodium citrate dihydrate, sodium chloride, potassium chloride" in International Class 005.

The goods in Registration No. 5051182 are "dietary supplements" in International Class 005.

Determining likelihood of confusion is based on the description of the goods stated in the application and registration at issue, not on extrinsic evidence of actual use. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1307, 128 USPQ2d 1047, 1052 (Fed. Cir. 2018) (citing *In re i.am.symbolic, llc*, 866 F.3d

1315, 1325, 123 USPQ2d 1744, 1749 (Fed. Cir. 2017)).

In this case, the application uses broad wording to describe "dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals", which presumably encompasses all goods of the type described, including registrant's more narrow "food supplement containing rice syrup solids, sodium bicarbonate, and trisodium citrate" (Registration No. 3384798); "food supplement containing rice syrup solids, trisodium citrate dihydrate, sodium chloride, potassium chloride" (Registration No. 62558340). In addition, the "dietary supplements" in Registration No. 5051182 encompass the applicant's more narrow ""dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals". See, e.g., *In re Solid State Design Inc.*, 125 USPQ2d 1409, 1412-15 (TTAB 2018); *Sw. Mgmt., Inc. v. Ocinomled, Ltd.*, 115 USPQ2d 1007, 1025 (TTAB 2015). Thus, applicant's and registrant's goods are legally identical. See, e.g., *In re i.am.symbolic, llc*, 127 USPQ2d 1627, 1629 (TTAB 2018) (citing *Tuxedo Monopoly, Inc. v. Gen. Mills Fun Grp., Inc.*, 648 F.2d 1335, 1336, 209 USPQ 986, 988 (C.C.P.A. 1981); *Inter IKEA Sys. B.V. v. Akea, LLC*, 110 USPQ2d 1734, 1745 (TTAB 2014); *Baseball Am. Inc. v. Powerplay Sports Ltd.*, 71 USPQ2d 1844, 1847 n.9 (TTAB 2004)).

Additionally, the goods of the parties have no restrictions as to nature, type, channels of trade, or classes of purchasers and are "presumed to travel in the same channels of trade to the same class of purchasers." *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Thus, applicant's and registrant's goods are related.

In addition, the attached Internet evidence, consisting of third-party websites, establishes that the same entity commonly manufactures, produces, and provides the relevant goods and services and markets the goods and services under the same mark. Applicant's and registrants' goods and services are likely to be encountered together in the marketplace by consumers and consumers would mistakenly believe that the goods and services originate from a common source. Thus, the goods and services are considered related for likelihood of confusion purposes. See, e.g., *In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

As discussed above, the applicant's mark is similar to the registered marks, and the goods and services are related. Accordingly, there would be a likelihood of confusion as to the source of the goods and services. Registration of the mark is therefore refused under Trademark Act Section 2(d).

Although applicant's mark has been refused registration, applicant may respond to the refusals by submitting evidence and arguments in support of registration. However, if applicant responds to the refusal, applicant must also respond to the requirements set forth below.

Prior-Pending Application

The filing date of pending U.S. Application Serial No. 79304410 precedes applicant's filing date. See attached referenced application. If the mark in the referenced application registers, applicant's mark may be refused registration under Trademark Act Section 2(d) because of a likelihood of confusion between the two marks. See 15 U.S.C. §1052(d); 37 C.F.R. §2.83; TMEP §§1208 et seq. Therefore, upon receipt of applicant's response to this Office action, action on this application may be suspended pending final disposition of the earlier-filed referenced application.

In response to this Office action, applicant may present arguments in support of registration by addressing the issue of the potential conflict between applicant's mark and the mark in the referenced application. Applicant's election not to submit arguments at this time in no way limits applicant's right to address this issue later if a refusal under Section 2(d) issues.

While no response is required for the above issue at this time, the applicant must respond to the following:

Identification of Goods and Services

The wording "Pharmaceuticals, medical and veterinary preparations", "dietetic food and substances adapted for medical or veterinary use, food for babies", "plasters, materials for dressings", "medical preparations", "medical preparations for care workers", "pharmaceutical preparations for medical purposes", "pharmaceuticals preparations for medical purposes for care workers", and "pharmaceutical preparations for care workers" in the identification of goods is indefinite and must be clarified because it does not specify the nature of the goods. *See 37 C.F.R. §2.32(a)(6); TMEP §1402.01.*

In addition, applicant is advised to delete or modify the duplicate entry in the identification of goods in International Class 005 for "disinfectants." *See generally TMEP §§1402.01, 1402.01(a).* If applicant does not respond to this issue, be advised that the USPTO will remove duplicate entries from the identification prior to registration.

The wording "agriculture, aquaculture, horticulture and forestry services", "arranging of medical treatment", arranging medical prescription services", arranging medical prescription services for home-visit nursing care", "advice relating to the personal welfare of elderly people (health)", "advice relating to the medical needs of elderly people", "provision of domiciliary care services", "provision of carer services and nursing services", "dementia care", "post discharge care", "respite care (provision of)", and "care of pet animals" in the identification of services is indefinite and must be clarified because it does not specify the nature of the services. *See 37 C.F.R. §2.32(a)(6); TMEP §1402.01.*

In addition, the identification of goods and/or services contains parentheses. Generally, an applicant should *not* use parentheses and brackets, including curly brackets, in identifications in order to avoid confusion with the USPTO's practice of using parentheses and brackets in registrations to indicate (1) goods and/or services that have been deleted from registrations, (2) goods and/or services not claimed in an affidavit of incontestability, or (3) guidance to users of the USPTO's *U.S. Acceptable Identification of Goods and Services Manual* to draft an acceptable identification. *See TMEP §§1402.04, 1402.12.* The only exception for including parenthetical information in identifications is if it serves to explain or translate the matter immediately preceding the parenthetical phrase in such a way that it does not affect the clarity or scope of the identification, e.g., "fried tofu pieces (abura-age)." *See TMEP §1402.12.*

Therefore, applicant must remove the parentheses from the identification and incorporate any parenthetical or bracketed information into the description of the goods and/or services.

Applicant may amend the identification to the following, if accurate:

International Class 005

Pharmaceuticals preparations, namely, {indicate specific pharmaceutical preparations, e.g. allergy

medications, hemostatic preparations, hair growth stimulatnts, etc.}, medical preparations namely, {indicate specific medical preparations, e.g. foot, hand, and skin creams for diabetics, etc.}, and veterinary preparations, namely {indicate specific veterinary, e.g. antioxidants}; sanitary preparations for medical purposes; dietetic food and substances, namely, dietetic beverages and food adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for and dressings for medical purposes; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medical preparations for the treatment of {indicate disease or condition being treated}; medical preparations for care workers, namely sanitary preparations for medical purposes; pharmaceutical preparations for medical purposes, namely, {indicate specific pharmaceutical preparations}; medical dressings; medical plasters; incontinence garments; incontinence pads; medicated and sanitising soaps and detergents; disinfectants; antiseptics; pharmaceutical preparations for medical purposes for care workers, namely, {indicate specific pharmaceutical preparations}; pharmaceutical preparations for care workers, namely, {indicate specific pharmaceutical preparations}

International Class 44

Medical services; veterinary services; hygienic and beauty care for human beings or animals; agriculture, aquaculture, horticulture and forestry services, namely, {indicate specific services, e.g., pest control services, agriculture and horticulture services}; medical care; medical assistance; medical nursing; medical care services; medical nursing services; medical house call services; arranging of medical treatment, namely, {indicate condition or disease, e.g. speech disorders, breast cancer, infertility, etc.}; arranging medical prescription services, namely interactive medical monitoring and alert service for reminding clients of medicinal dosage, allergic sensitivity, and prescription refills for medical treatment purposes; arranging medical prescription services for home-visit nursing care, namely interactive medical monitoring and alert service for reminding clients of medicinal dosage, allergic sensitivity, and prescription refills for medical treatment purposes; health care; health-care services; managed health care services; nursing home services; **home** nursing care services; home-visit nursing care; providing information relating to nursing care services; respite care services in the nature of nursing aid services; home nursing aid services; **providing health** advice relating to the personal welfare of elderly people (health); providing health advice relating to the medical needs of elderly people; provision of domiciliary care services, namely, in home health care services provided to elderly people; provision of **home health** care services and nursing services; palliative care; **home health care services**, namely, dementia care; post discharge care, namely, outpatient care services respite care, in the nature of {specify, e.g **home nursing aid services**} (provision of); gardening; care of pet animals, namely {specify services, e.g. **dog bathing, non-medicated pet grooming and in-home medical care**}; providing online information about the aforesaid services; information, consultancy and advisory services related to the aforesaid

Scope Advisory

Applicant's goods and/or services may be clarified or limited, but may not be expanded beyond those originally itemized in the U.S. application or as acceptably amended. See 37 C.F.R. §2.71(a); TMEP §1402.06. Applicant may clarify or limit the identification by inserting qualifying language or deleting items to result in a more specific identification; however, applicant may not substitute different goods and/or services or add goods and/or services not found in or encompassed by those in the original U.S. application or as acceptably amended. See TMEP §1402.06(a)-(b). The scope of the goods and/or services sets the outer limit for any changes to the identification and is generally determined by the

ordinary meaning of the wording in the identification. TMEP §§1402.06(b), 1402.07(a)-(b). Any acceptable changes to the goods and/or services will further limit scope, and once goods and/or services are deleted, they are not permitted to be reinserted. TMEP §1402.07(e). Additionally, for U.S. applications filed under Trademark Act Section 44(e), the scope of the identification for purposes of permissible amendments may not exceed the scope of the goods and/or services identified in the foreign registration. 37 C.F.R. §2.32(a)(6); *Marmark, Ltd. v. Nutrexpaa, S.A.*, 12 USPQ2d 1843, 1845 (TTAB 1989) (citing *In re Löwenbräu München*, 175 USPQ 178, 181 (TTAB 1972)); TMEP §§1012, 1402.01(b).

For assistance with identifying and classifying goods and services in trademark applications, please see the USPTO's online searchable *U.S. Acceptable Identification of Goods and Services Manual*. See TMEP §1402.04.

Particular Services Exceed Scope of Foreign Registration- Section 1 and 44 Dual Basis - International Class 44

Particular wording in the U.S. application's identification of services has been found to exceed the scope of services in the foreign registration upon which the U.S. application relies for a Section 44(e) filing basis. See 37 C.F.R. §2.32(a)(6); TMEP §§1402.06 *et seq.*, 1402.07. For a U.S. application based on Trademark Act Section 44(e), an applicant is required to list only goods and/or services that are within the scope of the goods and/or services in the foreign registration. 37 C.F.R. §2.32(a)(6); TMEP §§1012, 1402.01(b). Therefore, this wording is not considered part of the identification of goods and/or services in the U.S. application for the Section 44(e) filing basis, and only the remaining wording in the identification is operative for purposes of future amendment for that basis. See TMEP §1402.01(b); *cf.* TMEP §1402.07(d).

In this case, the U.S. application identifies the particular services as follows: "medical services", "veterinary services", "hygienic and beauty care for human beings or animals; agriculture, aquaculture, horticulture and forestry services; medical care; medical assistance; medical nursing; medical care services; medical nursing services; medical house call services; arranging of medical treatment; arranging medical prescription services; arranging medical prescription services for home-visit nursing care; health care; health-care services; managed health care services", "nursing care services", and "providing information relating to nursing care services".

However, the foreign registration identifies the following services: "home health care services; home nursing aid services; home health care services, home nursing aid services; advice relating to the personal welfare of elderly people; advice relating to the medical needs of elderly people; provision of domiciliary care services; provision of carer services and nursing services; palliative care; dementia care; post discharge care; respite care; gardening; care of pet animals; providing online information about the aforesaid; information, consultancy and advisory services related to the aforesaid".

These goods and/or services in the U.S. application exceed the scope of services in the foreign registration because the U.S. application includes broad wording to identify the services and the services in the foreign registration are limited in nature. Thus, the services in the U.S. application are not acceptable for the Section 44(e) filing basis.

Applicant may respond to this issue by satisfying one of the following:

- (1) Limiting the identification of services in the U.S. application to correspond to the services in the foreign registration and not exceeding the scope of the initial or

- acceptably amended identification in the U.S. application, and/or deleting from the U.S. application all goods and/or services beyond the scope of the foreign registration; or
- (2) Deleting the Section 44 basis for the services beyond the scope of the foreign registration and relying solely on the Section 1 basis for those goods and/or services.

See 15 U.S.C. §§1051(a)-(b), 1126; 37 C.F.R. §§2.32(a)(6), 2.34(b), 2.35(b); Marmark Ltd. v. Nutrexpaa S.A., 12 USPQ2d 1843, 1845 (TTAB 1989); TMEP §§806.02, 806.04, 1402.01(b).

Additionally, applicant may respond by arguing that these services are within the scope of the foreign registration and should remain in the U.S. application.

Response guidelines. For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action. For a refusal, applicant may provide written arguments and evidence against the refusal, and may have other response options if specified above. For a requirement, applicant should set forth the changes or statements. Please see “[Responding to Office Actions](#)” and the informational [video “Response to Office Action”](#) for more information and tips on responding.

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal(s) and/or requirement(s) in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.

How to respond. [Click to file a response to this nonfinal Office action.](#)

RESPONSE GUIDANCE

- **Missing the response deadline to this letter will cause the application to abandon.** The response must be received by the USPTO before midnight **Eastern Time** of the last day of the response period. TEAS maintenance or [unforeseen circumstances](#) could affect an applicant’s ability to timely respond.
- **Responses signed by an unauthorized party** are not accepted and can **cause the application to abandon.** If applicant does not have an attorney, the response must be signed by the individual applicant, all joint applicants, or someone with [legal authority to bind a juristic applicant](#). If

applicant has an attorney, the response must be signed by the attorney.

- If needed, find [contact information for the supervisor](#) of the office or unit listed in the signature block.

***FOR ORDER PICKUP:** Simply place your order online and we'll have it waiting for you at the store in as soon as one hour. Colleagues will begin packing orders 30 mins after store opening. 24 hour stores will begin packing orders at 8am. Any order placed by 8:00pm will be ready the same day. If a store closes prior to 8:00 pm, orders placed 90 minutes before store closure will be available same day. Holidays may impact store pickup availability hours. CVS® reserves the right to limit the quantity of items ordered for pickup, as well as the days of the year and daily hours this service is offered. When your order is ready, you'll receive a "Ready for pickup" email (separate from your order confirmation email) with additional instructions. To pick up your order, go in the store's checkout counter and ask a colleague for assistance. After picking up your order, we'll send a "Your order was picked up" confirmation email.

***FOR 20% OFF \$60+ PURCHASES:** Offer available online only. Expires August 27, 2022 at 11:59 PM ET. To receive the 20% discount enter Coupon Code SAVEMD at checkout. Purchase threshold must be met before taxes and shipping charges and after all other discounts. Offer valid for one use per order. The 20% discount cannot be combined with another product sale running at the same time. The 20% discount also excludes prescriptions and gift cards and is not valid on orders placed on CVS.com/Photo or CVS Pharmacy Optical. The 20% discount also excludes Voltaren brand product and all At-Home COVID-19 Tests. Savings are not transferable. No cash back. Tax charged on pre-coupon price where required. Tax and shipping charges are not applicable towards your order total. CVS Pharmacy reserves the right to make changes to or terminate this offer at any time.

***FOR BOGO AND EXTRABUCKS REWARDS OFFERS:** **Buy 1, get 1 free; Buy 2, get 1 free; Buy 1, get 1 50% off; Buy 1, get 1 40% off; Instant savings; Buy more, save more; and ExtraBucks® Rewards expire August 27, 2022 at 11:59 PM ET. Buy 1, get 1 free; Buy 2, get 1 50% off; Buy 1, get 1 40% off; Instant savings; Buy more, save more offers valid within each brand only. You must put both items in your basket; savings will be applied at checkout. ExtraBucks Rewards offer limit of 1 per household with card.

***FOR COVID-19 HOME TEST SELECT INSURANCE CLAIM:** Applies to fully-insured and self-insured group and individual coverage, including FEHB plans until the end of the public health emergency. This also applies to Medicare and Medicaid plan coverage. Covers up to eight (8) rapid antigen single-test kits or four (4) rapid antigen two-test kits per month. COVID-19 home test kit returns will not be accepted. At-home COVID-19 tests are excluded from all coupon discounts and promotions, including CarePass® and ExtraBucks Rewards.

***FOR INSTACART DELIVERY:** Delivery subject to availability. Not available in all ZIP codes. Additional terms apply. Alcohol, prescriptions and Photo excluded; fees, taxes and/or tips may still apply. See Instacart® Terms of Service for more details. Instacart and the Instacart carrot logo are trademarks of Maplebear Inc., Doing Business As Instacart.

***FOR FREE RX DELIVERY OFFER:** Free 1 to 2 day Rx delivery applies to orders until further notice. Delivery is available for eligible prescription drug orders with qualifying prescription benefit programs and insurance plans. Order limits may vary by delivery option and pharmacy location. 1 to 2 day delivery is available on orders placed Monday through Friday. Not all prescriptions and medications are eligible for delivery. Delivery may be suspended or terminated at CVS' discretion. CVS Health, CVS Pharmacy, Target and CVS Caremark locations are not eligible for delivery. Delivery fees apply and may vary by delivery option and location. Delivery of nonprescription items is available with prescription delivery at participating locations. Nonprescription items are not available for delivery from CVS Pharmacy at Target locations. Selection of nonprescription items available may vary for online and in-store orders. Nonprescription items are charged at online prices, which may vary from store prices. Coupons, ExtraBucks Rewards® or in-store promotions with delivery may not be used with delivery orders. Online promotions cannot be used nor ExtraBucks Rewards earned with orders called into stores. Advance payment by credit, debit or FSA/HSA card required. In most cases, FSA/HSA cards may not be used for delivery fees. Other restrictions apply. [Get details](#).

Telehealth FAQs

What is telehealth?

It's not always easy to access a health care provider when you need it. Some situations make it hard to get to a clinic in person. For example, you may not have access to transportation, or you may live in a rural area where getting to a clinic involves a lengthy commute.

But you don't have to let your location be a concern when you need to seek care. Whether at work, home or traveling, MinuteClinic providers can see you in any state where telehealth options are available. We can offer that level of convenience thanks to telehealth. Telehealth gives people a way to get health care without having to be inside a clinic. This makes it easy for you to focus on your health even when you can't leave your home.

How does telehealth work?

Telehealth uses communication and video technology to make it easier for people to access health care outside of a clinic. A provider using video conferencing to diagnose and treat an illness is one example of telehealth. Providers can also use it for research, education and to evaluate (test and examine) various health concerns.

What can a MinuteClinic provider do for me through telehealth?

With MinuteClinic telehealth services, a health care provider will review your medical history and symptoms and if medically appropriate, they will write a prescription and send it to the pharmacy of your choice. Our providers can determine the best treatment option for your condition, but in some cases, that

What should I know about MinuteClinic E-Clinic and Video Visits?

Our E-Clinic and Video Visit options are always available. They offer patients access to affordable and convenient non-emergency care.

You can use these two services to have a MinuteClinic provider assess your symptoms, as well as diagnose and treat your illness, skin condition or injuries as needed. E-Clinic and Video Visits are an easy way to connect to a health care provider over video on your phone or computer. E-Clinic Visits are available from 9 AM to 5 PM, and you can access Video Visits 24/7.

The prices for an E-Clinic Visit vary depending on your insurance coverage and services needed. You can make an E-Clinic appointment to help take care of non-urgent medical issues. But you can also get help with monitoring and managing certain chronic conditions, such as diabetes and high cholesterol. E-Clinic Visits are available in many, but not all states. You can access our [E-Clinic details page](#) for a list of states where E-Clinic services are currently available.

On the other hand, all Video Visit services cost \$59 per visit. You can make a Video Visit to receive treatment and diagnosis for non-urgent injuries and illnesses. Video Visits are also available in most states as well as the District of Columbia. It's important to note that both E-Clinic and Video Visits are not available for all our services, especially for certain types of exams or vaccinations.

may not be a prescription.

*With most insurance. No co-pay unless required by your plan. **With any immunization. Restrictions apply. Visit [pharmacy](#) for details. +Offer not valid for beneficiaries of state and federal healthcare programs, residents of AR, OR, IA, IL, IN, NJ, or NY, or if otherwise prohibited by law. Additional restrictions apply. Visit [pharmacy](#) for details.

Pharmacy

Taking care of your family's health is your top priority and our dedicated pharmacy team is here to make sure you get the best care available. Your pharmacist takes the time to carefully assess your medication history when filling your prescriptions and is there to explain what the medication is, how it works and how it should be taken. Safety and trust are important to you and they're important to us too!

+Fill your new or transferred prescriptions to receive \$25 discount on groceries and a Prescription Stamp Card. You may choose to receive discount as physical gift cards or digital coupons loaded to your Safeway for U™ account (up to \$75 total value). Gift cards may be redeemed for your in-store purchases or online orders for any purchase amount. Digital offers will be automatically applied to your next transaction of \$25 or more using your Safeway for U™ account. Complete the Prescription Stamp Card with stamps showing (5) prescriptions filled at our pharmacy and receive \$50 discount on groceries. Offer cannot be used for prescription co-payments. Offer not valid for beneficiaries of state and federal healthcare programs, such as Medicare, Medicaid, or Tricare, or if otherwise prohibited by law. We do not accept Prescription Stamp Cards that, in our determination, appear to be distorted, copied, or blurry, or are altered in any way. We do not accept digital images of Prescription Stamp Cards displayed on handheld devices. LIMIT ONE (1) offer per customer per transaction. Offer valid at our participating pharmacy locations, excluding AR, OR, IA, IL, IN, NJ, or NY. Offer not valid for prescriptions previously filled by, or transferred from, another Albertsons, ACME, Albertsons Market, Amigos, Andronico's, Carrs-Safeway, Hagen, Jewel-Osco, Lucky, Market Street, Pavilions, Randalls, Safeway, Safeway Community Markets, Shaw's, Star Market, Tom Thumb, United Supermarkets, Pak-n-Save, or Vons location. We reserve the right to modify or cancel offers/orders and/or to correct typographical, pictorial, and other ad or pricing errors. Gift cards may not be returned for cash back. No cash will be given. Online orders require minimum purchase. Visit <https://www.albertsonscorporation.com/about-us/our-policies/terms-of-use.html> for details on online ordering. Void where prohibited by law.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 25, 2022 for
U.S. Trademark Application Serial No. 97119034

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) [**Read the Office action.**](#) This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status of your application periodically**](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
