NONFINAL OFFICE ACTION

The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned. Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

Issue date: August 23, 2022

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

Summary of Issues

- Section 2(d) Refusal – Likelihood of Confusion

Section 2(d) Refusal – Likelihood of Confusion

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration No. 5060180. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the goods of the parties. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors need be considered; however, “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Hercko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods and differences in the marks.”); TMEP §1207.01.

Applicant’s applied-for mark is WICKED SISTERS in standard characters for “Blush; Eyeliner; Foundation; Lipstick; Mascara; Perfume; Eyebrow pencils; Eyeshadow palettes; False eyelashes; Lip liner; Loose face powder; Pomades for eyebrows for cosmetic purposes; Pressed face powder; Facial concealer; Non-medicated serums for use on face” in International Class 3.

Registrant’s mark is WICKED SISTA in standard characters for “Cosmetic, make-up and toiletry bags and cases, sold empty; purses including change purses; wash bags for carrying toiletries; holdalls; traveling bags” in International Class 18.

Similarity of the Marks

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin*

Maison Fondee En 1772, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Inn at St. John’s, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff’d per curiam*, 777 F. App’x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

The applied-for WICKED SISTERS and registered WICKED SISTA marks are confusingly similar because the marks share the wording WICKED as the dominant, lead term. Consumers are generally more inclined to focus on the first word, prefix, or syllable in any trademark or service mark. See *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1372, 73 USPQ2d 1689, 1692 (Fed. Cir. 2005) (finding similarity between VEUVE ROYALE and two VEUVE CLICQUOT marks in part because “VEUVE . . . remains a ‘prominent feature’ as the first word in the mark and the first word to appear on the label”); *Century 21 Real Estate Corp. v. Century Life of Am.*, 970 F.2d 874, 876, 23 USPQ2d 1698, 1700 (Fed Cir. 1992) (finding similarity between CENTURY 21 and CENTURY LIFE OF AMERICA in part because “consumers must first notice th[e] identical lead word”); *see also In re Detroit Athletic Co.*, 903 F.3d 1297, 1303, 128 USPQ2d 1047, 1049 (Fed. Cir. 2018) (finding “the identity of the marks’ two initial words is particularly significant because consumers typically notice those words first”).

In addition, the marks are identical in impression because the additional wording SISTERS and SISTA in the compared marks reference a female sibling. See attached evidence from the Merriam-Webster Dictionary and The Online Slang Dictionary.

Based on the foregoing, the applicant’s applied-for and registrant’s marks are sufficiently similar to find a likelihood of confusion.

Relatedness of the Goods

The goods are compared to determine whether they are similar, commercially related, or travel in the same trade channels. See *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Herbko Int’l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi).

The compared goods need not be identical or even competitive to find a likelihood of confusion. See *On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be “related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods] emanate from the same source.” *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i).

The attached Internet evidence, consisting of website excerpts from Kyle, Rare Beauty, Charlotte Tilbury, Sephora, Kate Spade, and Dior establishes that the same entity commonly manufactures, produces, or provides the relevant goods and markets the goods under the same mark. See, e.g., *In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009). Specifically, the attached evidence demonstrates the following:

- Kylie provides blush, eyeliner, lipstick, eyebrow pencils, false eyelashes, lip liner, face powder, serums for use on face (applicant's goods), and cosmetic and make-up bags (registrant's goods).
- Rare Beauty provides blush, foundation, lipstick, mascara, eyebrow pencils, eye shadow palettes, lip liner, face powder, concealer (applicant's goods), and cosmetic and make-up bags (registrant's goods).
- Charlotte Tilbury provides blush, eyeliner, foundation, lipstick, mascara, eyebrow pencils, eye shadow palettes, lip liner, face powder, concealer, serums for use on face (applicant's goods), and cosmetic and make-up bags (registrant's goods).
- Sephora provides blush, eyeliner, foundation, lipstick, mascara, eyebrow pencils, eye shadow palettes, false eyelashes, lip liner, face powder, concealer, face serums (applicant's goods), and cosmetic and make-up bags (registrant's goods).
- Kate Spade provides perfume (applicant's goods) and cosmetic and make-up bags (registrant's goods).
- Dior provides perfume, face serum (applicant's goods), and cosmetic and make-up bags (registrant's goods).

Based on the analysis above, applicant's and registrant's goods are related.

Because applicant's and registrant's marks are similar and the goods are related, there is a likelihood of confusion and applicant's applied-for mark must be refused under Section 2(d) of the Lanham Act.

Although applicant's mark has been refused registration, applicant may respond to the refusal by submitting evidence and arguments in support of registration.

Assistance

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the refusal in this Office action. *See TMEP §§705.02, 709.06.*

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.*

Fits way more than I expected! I keep all my daily makeup in here (eyeshadows, eyelash curlers, concealer, bronzer etc.) plus a smaller eyeshadow palette and it all fits great. Perfect for travel and weekend trips.

A little goes a long way. The product isn't sticky nor is it runny. It has a velvet like texture. The pigmentation is amazing. It blends well. A MUST! The formula is so pigmented but very easy to blend. You only need a little of this product and I love mixing shades. I would say if you want to try something from Raw Beauty, this would be my #1.				
I am not normally a person to reach for blush, but this became part of my daily makeup routine! I got my blush in the shade Joy! It has a nice peachy undertone that is very blendable! I can not stress enough that this blush is unlike any other blush I have ever owned. It is very pigmented and creamy, it also looks completely natural while still looking cute.

The Lash Types

Did you know that finding the perfect mascara all comes down to your lash type, which is different for everyone?

Fine/Sparse
Fine lashes tend to look sparse, and may have small gaps in them.

Straight/Downward
Straight lashes grow straight or downwards without a natural curve.

Full/Thick
Full/Thick lashes completely cover your lash line without clumping.

Curly
Curly lashes grow upward and sometimes in different directions.

LIKE A NATURAL BLUSH FROM WITHIN

Sheri G. verified buyer
08/06/22

Skin Type: Dry
Shade Group: Light Medium
Age Range: 55+

I bought this blush as I love Rare Beauty products and had to try the cute compact with a mound of cream blush. Well, I might as well get rid of all other blushes I own (powder and cream) as this is the only one I wear now - since it's arrived on my doorstep. It melts into your skin and leaves the perfect amount of blush on my cheeks. A complete holy grail of blushes.

Tips

Our foundations and concealers are a 1:1 match but depending on your needs, either choose your perfect match or pick a shade that's one shade lighter that complements your undertone.

To brighten the undereye:

Sweep the doe-foot applicator under the eye and blend

out with a concealer brush, sponge or fingertips.

To conceal and correct dark circles:

Choose your natural shade of concealer to diffuse the look of discoloration.

Next, apply a concealer one to two shades lighter to brighten. This will create radiance without looking shallow or dull.

To conceal a blemish:

Choose your natural shade of concealer and apply over blemish. Let the concealer sit on the skin for 0:30 seconds then diffuse the edges.

Details

Weightless, smooth-glide formula dries to a natural, skin-like finish in 48 shades.

Pure pigments are packed in a super fluid, serum-like base, making it easier than ever to blend and build your coverage just how you like it —a little really goes a long way.

Evens out skin tone and smooths the look of pores. No clogging or caking.

Lasts all day without drying you out or changing color on you.

Convenient, mess-free doe-foot applicator lets you apply 1 dot at a time—all you need to cover your entire face!

What's in it?

Made with our Botanical Blend of lotus, gardenia, and white water lily, this formula helps soothe, calm, and nourish skin.

WHY SELENA LOVES IT

“It just *melts* onto your skin, so you forget you’re wearing anything.”

SELENA GOMEZ

Tips

Because of its innovative, serum-like formula, pressing Liquid Touch Weightless Foundation into your skin with fingertips is encouraged, but feel free to use the Liquid Touch Foundation Brush or a damp sponge—whichever works for you!

Start with the smallest amount needed. We recommend starting with just 1 dot of foundation for the entire face. Use fingertips to blend in circular or

tapping motions to press formula into the skin; the warmth of your fingertips will allow the pigments to melt into your skin for the best results.

If you're using a brush or sponge, blend or stipple the foundation until it looks and feels like skin.

For more coverage, add another dot and build as desired.

Q: Are the removable cubes TSA approved? Or will I still have to remove my liquids and put them in that dumb ziplock that holds nothing?
Asked 16 d ago by CourtneyJ087

A: Hi there! As long as your products are under or up to the size you are allowed to fly with you can use the

removable cubes. I travel with makeup and skincare often and I don't even remove them I put the whole case in my carry on.

Great bag until it's not. The zipper broke after 6 months and there is ZERO that Sephora is willing to do about it. They have no policy beyond the return period for defective products. Very disappointing - would not recommend.

BEST MAKEUP BAG EVER!

The ultimate package!! As a makeup artist this is the best bag I've ever purchased!!! It holds all the makeup essentials plus more if you need to! I highly recommend this especially if you're like me and pack so much extra and you know you won't need it all anyways!!

Favourite Sephora purchase EVER.

Yes, I'm serious. This is my favourite Sephora purchase EVER. Keeps all of my brushes and go-to products organized and the compartments are a perfect size. Extra room allows you to store additional items like palettes underneath. Can't recommend enough!

Small but MIGHTY

I have gone through a literal million different makeup bags and this is by far THE BEST one! It holds A LOT of makeup. The cubes at first threw me because they look small but because they are so deep, they hold a lot of products. The small pouch on top is where I put all my pencils, tools, face shavers, sharpeners, etc....

Hands down the perfect makeup case

This is the perfect makeup case, in my opinion. It's very thoughtfully designed and sturdy. I love the compartments and the brush holder loops. I was able to fit all of my daily makeup items and yet there is still plenty of room in one of the compartments for more. I was long overdue for a new makeup case and I'm so glad I found this one!

What it is:
A powder blush with matte, shimmer or glitter finish.

What it does:
An array of intense and long-lasting colors you can mix and match to your heart's content: excited by a first date with a salty coral pink, euphoric after receiving some unexpected news with a matte pop orange or madly in love with a hot pink... There are endless ways to get rosy cheeks.

What it is: A retractable waterproof pencil with an ultra-fine tip that creates hair-like strokes for precise definition and long-lasting, natural-looking brows.

What Else You Need to Know: This brow pencil is great for filling in sparse areas, creating shape, and mimicking the look of actual hair. It is available in a range of natural-looking colors, and the long-wearing formula stays put and won't smudge. A spoolie

brush is also included so you can blend the product throughout your brows.

Q: I need a dark dark ashy brown for my brows... most even when they say ash or too warm. I need a color match for the nyx snatch and lift. Would that be the dark gray brown? Thanks
Asked 10 d ago by calej1111

A: I use "soft charcoal" because it is not warm and works for my silver/brown hair and naturally pale brows.

Q: Does this eyeliner pencil last?

Asked 24 d ago

A: It does! I find it lasts longer when layered over an eye shadow primer. It's waterproof but not oil proof. So the

eye shadow primer will help to control oil.

Q: I wear Estee Lauder Double Wear 1H1 (Ivory Nude), what shade would match me?

Asked 8 d ago

A: We looked in shadefinder for you and don't see a match! If you have another shade you can enter, you can use the shadefinder tool. Alternatively, you can check out the Beauty Insider Community's Complexion Club group > <https://community.sephora.com/t5/Complexion-Club/bd-p/complexion-forum-board> to discuss with other Sephora shoppers.

Q: has anyone noticed a change in the fringe lashes? I used to buy them all the time & they were my fav a while ago but now they look very curly and too long. They don't feel the same as it just me?

Asked 4 Jul 2022 by [brujuxoxo](#)

A: ah! They must have I wore some for a wedding and loved them. But I tried them again a few days ago and I looked wild. Definitely not as natural as the fat time I wore them.

The quality and space of this bag is excellent!

I am loving this medium size beauty bag! It works for overnight trips as well as usual daily use. With the many pockets, items stay where you want them. The handle is the icing on the cake for me!

DESCRIPTION

Miss Dior Eau de Parfum reinvents itself with a new scent.

In 1947, Miss Dior was born out of a wild impetus where the pressing desire to re-enchant women's lives and open up their eyes to the sparkling colors of love again was felt. Following a bleak period, this scent was synonymous with renewed happiness, poetry, and

Invites us to marvel at love and all the beauty in the world.

Echoing its inspiring character, the new Miss Dior fragrance is like an olfactory "millefiori". Centifolia Rose, with its honeyed and peppery notes, reigns over a delectably creamy velvet heart. It is embroidered with fresh Lily-of-the-Valley notes, an apricot-tinted Peony accord, and powdery Iris notes. Miss Dior is thus built around an elegant, striking bouquet—like a "millefiori" that seems to carry countless flowers in endless colors. At the base, slight notes of tender wood envelop the composition.

The new Miss Dior Eau de Parfum now boasts a vibrant, pointillist couture, polished fabric bow, with a truly unique assortment of florals. As such, a few centimeters of pure luxury is tied around the bottle's neck. Beneath the bottle, the emblematic Miss Dior houndstooth motif is engraved in the glass.

FLOWERS TO AWAKEN THE SENSES
Flowers, flowers! And even more flowers. In their thousands. Miss Dior has always
been an olfactory wonder with flowers at its heart.

"All our senses are awakened by the sensuality of the floral bouquet of the new
Miss Dior Eau de Parfum. It celebrates velvety and sensual Roses heightened by
a fresh Lily-of-the-Valley and a biting Peony, wrapped in a powdery Iris."

MISS DIOR

This perfume is expensive, but the packaging is really cute. It is a little sweet and light sense for me, other than that everything is fine.

• 1 week ago

MY WIFE LOVES IT!

The durability is amazing. It stays on the body all day, even the next morning I catch Miss. Strict and deep aroma, with crazy saturation (just one spray gives an incredibly long sillage), quite heavy and dense.

DESCRIPTION

Dior Prestige Light-in-white L'Émulsion Lumière is the skincare for face that works to revitalize the skin, revealing its youth and radiance. The next generation of this face emulsion is composed of 90%* natural-origin ingredients.

Dior Prestige Light-in-white L'Émulsion Lumière combines the brightening power of white rose extract with the illuminating power of luminescent floral extracts. For the first time, this formula is enriched with the High Repair QD Complex.** This soothing and revitalizing skincare also concentrates powerful anti-aging properties.

Upon application, the unique**** texture of L'Émulsion Lumière transforms into an evanescent veil on the skin, which benefits from the emulsion's illuminating power. Thanks to an exceptional formulation technology involving 8 steps and 4 temperature variations, the emulsion boasts the penetrating power of a serum and the comfort of a cream.

The skin is hydrated for 24 hours.**** It is luminous and revitalized.

* Amount calculated based on the ISO 16128-1 and ISO 16128-2 standard. Water percentage included. The remaining 10% contribute to the formula's performance, sensory appeal and stability.

** Quality Dimension. Complex composed of Centella asiatica and niacinamide QD.

*** At Dior.

I just want to know the word origin because I'm curious if its real meaning is connected to something (like the word "friend" that is connected to "love/like").

Sisters are female, brothers are male, siblings are brothers and sisters. For example, in my family we are three brothers and one sister, that is four siblings.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on August 23, 2022 for
U.S. Trademark Application Serial No. 97120682

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

- (1) [**Read the Office action.**](#) This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- [**Check the status of your application periodically**](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [**Update your correspondence email address**](#) to ensure you receive important USPTO notices about your application.
- [**Beware of trademark-related scams**](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
