## United States Patent and Trademark Office (USPTO) Office Action (Official Letter) About Applicant's Trademark Application

**U.S. Application Serial No.** 97118763

**Mark:** CHEF'S UNIQUE

**Correspondence Address:**  
MICHAEL STEINMETZ  
GARSON, SEGAL, STEINMETZ, FLADGATE LLP

164 W 25TH ST FL 11R  
NEW YORK NY 10001 UNITED STATES

**Applicant:** PGP IMPORTS INC

**Reference/Docket No.** ChfUniq\_01\_U

**Correspondence Email Address:** ms@gs2law.com

## **NONFINAL OFFICE ACTION**

**The USPTO must receive applicant's response to this letter within six months of the issue date below or the application will be abandoned.** Respond using the Trademark Electronic Application System (TEAS). A link to the appropriate TEAS response form appears at the end of this Office action.

**Issue date:** August 25, 2022

**Summary of Issues:** The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

- Section 2(d) Refusal – Likelihood of Confusion
- Disclaimer Required – "CHEF'S"

### **I. SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION**

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration Nos. 1968704. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the attached registration.

#### *The Marks*

The applied-for mark is CHEF'S UNIQUE, in standard characters, for "Bowls; Dinnerware; Plates; Basting brushes; Cheese boards; Hand-operated grinders; Household utensils, namely, turners; Household utensils, namely, kitchen tongs; Household utensils, namely, spatulas; Ice cream scoops; Kitchen ladles; Napkin holders; Oven mitts; Slotted spoons; Spice racks; Trays for household purposes; Whisks; Hand-operated pepper grinders; Hand-operated spice grinders" in International Class 21.

UNIQUE, in standard characters, for in relevant part "plastic beverage stirrers, plastic cups, plastic candle holders, paper plates, paper cups, candy cups" in International Class 21.

#### *Likelihood of Confusion Analysis*

Trademark Act Section 2(d) bars registration of an applied-for mark that is so similar to a registered

mark that it is likely consumers would be confused, mistaken, or deceived as to the commercial source of the parties' goods and/or services. *See* 15 U.S.C. §1052(d). Likelihood of confusion is determined on a case-by-case basis by applying the factors set forth in *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973) (called the “*du Pont* factors”). *In re i.am.symbolic, llc*, 866 F.3d 1315, 1322, 123 USPQ2d 1744, 1747 (Fed. Cir. 2017). Any evidence of record related to those factors is considered, however “not all of the *DuPont* factors are relevant or of similar weight in every case.” *In re Guild Mortg. Co.*, 912 F.3d 1376, 1379, 129 USPQ2d 1160, 1162 (Fed. Cir. 2019) (quoting *In re Dixie Rests., Inc.*, 105 F.3d 1405, 1406, 41 USPQ2d 1531, 1533 (Fed. Cir. 1997)).

Although not all *du Pont* factors may be relevant, there are generally two key considerations in any likelihood of confusion analysis: (1) the similarities between the compared marks and (2) the relatedness of the compared goods and/or services. *See In re i.am.symbolic, llc*, 866 F.3d at 1322, 123 USPQ2d at 1747 (quoting *Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002)); *Federated Foods, Inc. v. Fort Howard Paper Co.*, 544 F.2d 1098, 1103, 192 USPQ 24, 29 (C.C.P.A. 1976) (“The fundamental inquiry mandated by [Section] 2(d) goes to the cumulative effect of differences in the essential characteristics of the goods [or services] and differences in the marks.”); TMEP §1207.01. Each of these factors is addressed in the sections below.

### *Similarity of the Marks*

The applied-for mark CHEF'S UNIQUE is confusingly similar to the registered mark UNIQUE, which weighs in favor of a likelihood of confusion.

Marks are compared in their entireties for similarities in appearance, sound, connotation, and commercial impression. *Stone Lion Capital Partners, LP v. Lion Capital LLP*, 746 F.3d 1317, 1321, 110 USPQ2d 1157, 1160 (Fed. Cir. 2014) (quoting *Palm Bay Imps., Inc. v. Veuve Clicquot Ponsardin Maison Fondee En 1772*, 396 F.3d 1369, 1371, 73 USPQ2d 1689, 1691 (Fed. Cir. 2005)); TMEP §1207.01(b)-(b)(v). “Similarity in any one of these elements may be sufficient to find the marks confusingly similar.” *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018) (citing *In re Davia*, 110 USPQ2d 1810, 1812 (TTAB 2014)), *aff'd per curiam*, 777 F. App'x 516, 2019 BL 343921 (Fed. Cir. 2019); TMEP §1207.01(b).

When comparing marks, “[t]he proper test is not a side-by-side comparison of the marks, but instead whether the marks are sufficiently similar in terms of their commercial impression such that [consumers] who encounter the marks would be likely to assume a connection between the parties.” *Cai v. Diamond Hong, Inc.*, 901 F.3d 1367, 1373, 127 USPQ2d 1797, 1801 (Fed. Cir. 2018) (quoting *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1368, 101 USPQ2d 1713, 1721 (Fed. Cir. 2012)); TMEP §1207.01(b). The proper focus is on the recollection of the average purchaser, who retains a general rather than specific impression of trademarks. *In re Ox Paperboard, LLC*, 2020 USPQ2d 10878, at \*4 (TTAB 2020) (citing *In re Bay State Brewing Co.*, 117 USPQ2d 1958, 1960 (TTAB 2016)); *In re Inn at St. John's, LLC*, 126 USPQ2d 1742, 1746 (TTAB 2018); TMEP §1207.01(b); *see In re St. Helena Hosp.*, 774 F.3d 747, 750-51, 113 USPQ2d 1082, 1085 (Fed. Cir. 2014).

The applied-for mark CHEF'S UNIQUE is similar to the registered mark UNIQUE because they both contain or comprise the identical term UNIQUE. The applied-for mark differs from the registered mark in that it adds the term CHEF'S, however adding a term to a registered mark generally does not obviate the similarity between the compared marks, or overcome a likelihood of confusion under Section 2(d).

*See Coca-Cola Bottling Co. v. Jos. E. Seagram & Sons, Inc.*, 526 F.2d 556, 557, 188 USPQ 105, 106 (C.C.P.A. 1975) (holding BENGAL and BENGAL LANCER and design confusingly similar); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1269 (TTAB 2009) (holding TITAN and VANTAGE TITAN confusingly similar); *In re El Torito Rests., Inc.*, 9 USPQ2d 2002, 2004 (TTAB 1988) (holding MACHO and MACHO COMBOS confusingly similar); TMEP §1207.01(b)(iii). In the present case, the marks are identical in part. The marks in this case are identical in-part.

The addition of CHEF'S to the applied-for mark also fails to significantly distinguish it from the registered mark in this case, because the shared term UNIQUE is the dominant portion of the applied-for mark. The shared term UNIQUE is the dominant portion of the applied-for mark, because the term CHEF'S merely describes applicant's goods. MarksAlthough marks are compared in their entireties, however one feature of a mark may be more significant or dominant in creating a commercial impression. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1305, 128 USPQ2d 1047, 1050 (Fed. Cir. 2018) (citing *In re Dixie Rests.*, 105 F.3d 1405, 1407, 41 USPQ2d 1531, 1533-34 (Fed. Cir. 1997)); TMEP §1207.01(b)(viii), (c)(ii). Matter that is descriptive of or generic for a party's goods and/or services is typically less significant or less dominant in relation to other wording in a mark. *See Anheuser-Busch, LLC v. Innopak Sys. Pty Ltd.*, 115 USPQ2d 1816, 1824-25 (TTAB 2015) (citing *In re Chatam Int'l Inc.*, 380 F.3d 1340, 1342-43, 71 USPQ2d 1944, 1946 (Fed. Cir. 2004)). The attached evidence from the American Heritage dictionary shows that a "chef" is "a cook, especially the chief cook of a large kitchen staff." Applicant's goods in this case include various kitchen items, e.g. "Bowls; Dinnerware; Plates; Basting brushes; Cheese boards; Hand-operated grinders; Household utensils, namely, turners; Household utensils, namely, kitchen tongs; Household utensils, namely, spatulas; Ice cream scoops; Kitchen ladles; Napkin holders; Oven mitts; Slotted spoons; Spice racks; Trays for household purposes; Whisks; Hand-operated pepper grinders; Hand-operated spice grinders", which presumably encompass all goods of those kinds, including such goods used by, or intended for use by, a chef. The term "CHEF'S" in the applied-for mark therefore merely describes an intended user of applicant's goods, and is less significant to the mark's overall commercial impression than the shared term UNIQUE.

The marks CHEF'S UNIQUE and UNIQUE are similar, and consumers who encounter the marks used in connection with similar or related goods and/or services are likely to be confused as to the source of those goods.

#### *Relatedness of the Goods*

Applicant's goods are related to registrant's goods, which weighs in favor of a likelihood of confusion.

Goods are compared to determine whether they are similar, commercially related, or travel in the same trade channels. *See Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-71, 101 USPQ2d 1713, 1722-23 (Fed. Cir. 2012); *Hercko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1165, 64 USPQ2d 1375, 1381 (Fed. Cir. 2002); TMEP §§1207.01, 1207.01(a)(vi). Likelihood of confusion is based on the description of the goods stated in the application and registration at issue, not on extrinsic evidence of actual use. *See In re Detroit Athletic Co.*, 903 F.3d 1297, 1307, 128 USPQ2d 1047, 1052 (Fed. Cir. 2018) (citing *In re i.am.symbolic, llc*, 866 F.3d 1315, 1325, 123 USPQ2d 1744, 1749 (Fed. Cir. 2017)).

Applicant's goods are related to registrant's goods because they partially overlap. The application in this case uses broad wording to describe "dinnerware" and "plates", which presumably encompasses all goods of those types, including registrant's narrower "plastic cups", "paper plates", and "paper cups."

*See, e.g., In re Solid State Design Inc.*, 125 USPQ2d 1409, 1412-15 (TTAB 2018); *Sw. Mgmt., Inc. v. Ocinomled, Ltd.*, 115 USPQ2d 1007, 1025 (TTAB 2015). Applicant's and registrant's overlapping goods are thus legally identical. *See, e.g., In re i.am.symbolic, llc*, 127 USPQ2d 1627, 1629 (TTAB 2018) (citing *Tuxedo Monopoly, Inc. v. Gen. Mills Fun Grp., Inc.*, 648 F.2d 1335, 1336, 209 USPQ 986, 988 (C.C.P.A. 1981); *Inter IKEA Sys. B.V. v. Akea, LLC*, 110 USPQ2d 1734, 1745 (TTAB 2014); *Baseball Am. Inc. v. Powerplay Sports Ltd.*, 71 USPQ2d 1844, 1847 n.9 (TTAB 2004)). The parties' goods have, moreover, no restrictions as to nature, type, channels of trade, or classes of purchasers and are "presumed to travel in the same channels of trade to the same class of purchasers." *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Applicant's and registrant's overlapping goods are thus related.

Applicant's goods are also related to registrant's goods because of the way that they are commonly marketed and sold / provided to the consuming public. Goods need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be "related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i). The attached evidence from Ikea.com, CrateAndBarrel.com, and PotteryBarn.com shows that plastics plates and cups are commonly marketed and sold from the same sources, under the same brands or marks, as home goods like bowls, trays, grinders, and oven mitts. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009). Ikea, for example, markets and sells all of the aforementioned goods, all under the Ikea brand name. Applicant's goods are thus related to registrant's goods. *Id.*

Applicant's goods are, in light of the foregoing, related to registrant's goods for likelihood of confusion purposes.

### *Conclusion*

The marks CHEF'S UNIQUE and UNIQUE are confusingly similar, when those marks are considered in their entireties, despite an additional descriptive term in the applied-for mark. Applicant's goods are also related to the goods identified in the registration. Registration for the applied-for mark is therefore refused under Section 2(d) of the Trademark Act because of a likelihood of confusion with the mark in U.S. Registration No. 1968704.

## II. DISCLAIMER REQUIRED - "CHEF'S"

Applicant must disclaim the term "CHEF'S" because it merely describes an ingredient, quality, characteristic, function, feature, purpose, use, or intended user of applicant's goods. *See* 15 U.S.C. §1052(e)(1); *DuoProSS Meditech Corp. v. Inviro Med. Devices, Ltd.*, 695 F.3d 1247, 1251, 103 USPQ2d 1753, 1755 (Fed. Cir. 2012); TMEP §§1213, 1213.03(a).

The attached evidence from the American Heritage dictionary shows that a "chef" is "a cook, especially the chief cook of a large kitchen staff." Applicant's goods in this case include various kitchen items,

e.g. "Bowls; Dinnerware; Plates; Basting brushes; Cheese boards; Hand-operated grinders; Household utensils, namely, turners; Household utensils, namely, kitchen tongs; Household utensils, namely, spatulas; Ice cream scoops; Kitchen ladles; Napkin holders; Oven mitts; Slotted spoons; Spice racks; Trays for household purposes; Whisks; Hand-operated pepper grinders; Hand-operated spice grinders", which presumably encompass all goods of those kinds, including such goods used by, or intended for use by, a chef. The term "CHEF'S" in the applied-for mark therefore merely describes an intended user of applicant's goods.

Applicant may respond to this issue by submitting a disclaimer in the following format:

**No claim is made to the exclusive right to use "CHEF'S" apart from the mark as shown.**

For an overview of disclaimers and instructions on how to provide one using the Trademark Electronic Application System (TEAS), see the [Disclaimer webpage](#).

## HOW TO USE THE DICTIONARY

To look up an entry in *The American Heritage Dictionary of the English Language*, type the word in the search window above. For best results, after typing in the word, click on the "Search" button instead of using the "enter" key.

Some compound words (like *bus rapid transit*, *dog whistle*, or *identity theft*) don't appear on the drop-down list when you type them into the search bar. For best results with compound words, place a quotation mark before the compound word in the search window.

[GUIDE TO THE DICTIONARY](#)

## THE USAGE PANEL

The Usage Panel is a group of nearly 200 prominent scholars, creative writers, journalists, diplomats, and others in occupations requiring mastery of language. Annual surveys have gauged the acceptability of particular usages and grammatical constructions.

[THE PANELISTS](#)

## chef

(shéf) (shéf)

n. A cook, especially the chief cook of a large kitchen staff.

[French, short for *chef de cuisine*, *chef de cuisine*; see [CHEF DE CUISINE](#).]

Bright and cheerful colors so everyone gets to pick their favorite. The plastic won't break and it's harmless – no additives. A sustainable alternative to disposable tableware because it can be reused.

Story

### Our take on plastic

Plastic is a key material for IKEA and remains so going forward. It is strong, durable, lightweight and versatile. It is a main component in a large amount of our products and has a wide variety of applications from surface materials such as paint and foil, to screws and shelf pegs. There is a lot of valid concern regarding how plastic impacts the environment and as a result we are committed to reducing our impact. Through research and transition from virgin fossil based material, we are working hard to change all plastics in our home furnishing products to plastic made from recycled and/or renewable raw materials.

#### Only recycled or renewable plastics

Plastic is most commonly derived from oil and gas, which are non-renewable fossil sources. These sources do not renew themselves and will eventually be depleted. Our goal is that by 2030, all plastic used in our products will be made from recycled and/or renewable sources. Renewable plastic is made from materials such as vegetable oil, corn, wheat grain and sugar cane. Recycled plastic allows us to give a second life to non-durable products such as PET bottles that would otherwise end up in landfill. Using recyclable sources also lessens our dependence on oil as a raw material and reduces greenhouse gases from oil production and refining.

#### Material

##### What is stainless steel?

Stainless steel is found in everything from building structures and cars to sinks and knives. It's easy to see why it has so many uses. Stainless steel is hard and durable and has good resistance to corrosion – namely rust. It generally contains iron and chromium, and for IKEA products we use stainless steel (that's nickel-free). Like many other metals, it can be recycled again and again to become new, functioning items – without losing its valuable properties.

DETAILS

Feel free to set an artisan-inspired table on the patio or at a busy family gathering with this melamine version of our popular Marin stone collection. With the same artful blue and white geometric patterns by tiles, the set of four outdoor salad plates looks the eye by perfectly mimicking the organic shape and arrangement of the tiles in their glaze-coated ceramic counterparts. Mix and match with other blue dishes in our exclusive melamine dinnerware and serveware collections for creative outdoor and indoor dining.

Marin Blue Tile Melamine Salad Plates, Set of 4, 8.5 dia. x 1.25" h

**DETAILS** 

Keep your cool with our exclusive oven mitt with silicone grip. Woven of pure cotton with a polyester fill, the earthy orange mitt protects your hand as you cook or bake. A repeating pattern of our signature stripes is printed on the back. Perfect for cast iron handles, cast iron pans and just from-the-oven baking dishes. For a cohesive look, pair the oven mitt with our other kitchen textiles in sienna.

Silicone Grip Sienna Oven Mitt. 12" W x 5.5" H.

- 100% cotton
- 100% polyester fill
- Silicone grip
- Hanging loop
- Safe to 450° F
- Machine wash cold, tumble dry; low iron as needed
- Do not bleach; do not dry clean
- Made in India

SHIPPING &amp; RETURNS

Graceful contours and a silky-smooth glaze give our clean-lined Mason Dinnerware Collection artisanal appeal. Shaped from stoneware, these bowls are coated in a subtle reactive glaze and kiln-fired to perfection.

#### PRODUCT DETAILS

- Crafted of stoneware.
- Features a matte glazed finish.
- Each piece is unique; variations in coloring and speckling are to be expected.
- Sold as set of 4 or individually for in-store pick up.
- Phthalate, BPA, lead and latex free.
- Imported.
- Dishwasher and microwave safe.
- While dishes are microwave safe, they may become hot. Handle carefully.
- Oven safe at 220°.

#### DIMENSIONS

OVERALL:	6" diam, 2.5" h	CAPACITY:	12 oz

Borrowing their striped design from vintage grain sacks used on farms and homesteads in France, this 3-piece set adds a rustic, homey touch to your space. Woven of pure organic cotton with variegated yarn-dyed fibers, they complement any kitchen and dinnerware.

- Made from 100% yarn-dyed organic cotton.

**Design Question?**   
Start a Free Design Chat

- Certified to the Global Organic Textile Standard (GOTS) by CU 847084. Meets strict social and environmental standards.
- Very absorbent mercerized cotton that holds its vibrancy over time.
- We're a proud member of the Better Cotton Initiative (BCI). The Better Cotton Initiative trains farmers to care for the environment and respect workers' rights and wellbeing. BCI cotton is not physically traceable to final products.
- Set includes 1 Apron, 1 Mitt and 1 Potholder.
- Machine wash.
- Imported.

#### Story

#### Our take on plastic

Plastic is a key material for IKEA, and remains so going forward. It is strong, durable, lightweight and versatile. It is a main component in a large amount of our products and has a wide variety of applications from furniture to packaging. While plastic is a useful material, there is a lot of valid concern regarding how plastic impacts the environment and at IKEA we take this very seriously. As part of our larger circular journey and transition from virgin fossil based material, we are working hard to change the plastic we have used in our products to plastic made from recycled and/or renewable raw materials.

#### Only recycled or renewable plastics

Plastic is most commonly derived from oil and gas, which are non-renewable fossil sources. These sources do not renew themselves and will eventually be depleted. Our ambition is that by 2030, all plastic used in our products will be based on renewable or recycled materials. Renewable plastic is made from materials such as vegetable oil, corn, wheat grain and sugar cane. Recycled plastic allows us to give a second life to non-

Biodegradable products such as PET bottles that would otherwise end up in landfill. Using recyclable sources also lessens our dependency on oil as a raw material. Currently more than 40% of our plastic products are based

## **United States Patent and Trademark Office (USPTO)**

### **USPTO OFFICIAL NOTICE**

Office Action (Official Letter) has issued

on August 25, 2022 for

**U.S. Trademark Application Serial No. 97118763**

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action in order to avoid your application abandoning. Follow the steps below.

(1) [\*\*Read the Office action.\*\*](#) This email is NOT the Office action.

(2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS). Your response must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response period. Otherwise, your application will be [abandoned](#). See the Office action itself regarding how to respond.

(3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

## **GENERAL GUIDANCE**

- [\*\*Check the status of your application periodically\*\*](#) in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- [\*\*Update your correspondence email address\*\*](#) to ensure you receive important USPTO notices about your application.
- [\*\*Beware of trademark-related scams\*\*](#). Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. And all official USPTO correspondence will only be emailed from the domain “@uspto.gov.” Verify the correspondence originated from us by using your Serial Number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
